Spring 1998

Dear Friend:

For many years, local citizens and organizations have worked hard to build strong and healthy communities, and the U.S. Department of Housing and Urban Development (HUD) has often been an important partner in those efforts. Under the direction of President Clinton, HUD has streamlined operations and redesigned programs to make our assistance more effective and to make it easier for people to work with the agency. HUD's reinvention is well underway, and we continue to make substantial reforms so that HUD will truly be one department with one mission – empowering people to create viable communities for all Americans.

The key elements of viable and sustainable American communities are good, safe homes; economic vitality; and supportive living environments for people of all income levels. The Intermediaries Technical Assistance Grants (ITAG) and Outreach and Training Grants (OTAG) associated with the Mark-to-Market (M2M) program help make strong communities possible by funding activities that maximize the ability of tenants in properties impacted by the legislation to participate in M2M negotiations and affect decisions about the future of their housing.

We know that both the ITAG and OTAG programs can have an even greater impact on a community when they work in tandem with other HUD programs. As part of HUD's continuing management reforms, we have streamlined our competitive grant funding process for Fiscal Year 1998 to make it easier for citizens to do just that. Instead of 40 separate, hard-to-track Notices of Funding Availability (NOFAs), we are using three consolidated "SuperNOFAs" to provide information on the array of HUD's competitive programs. Because we use a standardized format, the application and selection process is simplified. Our SuperNOFAs will give those interested in the health and vitality of our communities greater opportunities to create and implement successful, comprehensive local plans. When designing your proposed ITAG and OTAG strategies, we urge you to use the new SuperNOFA process as an opportunity to create truly holistic, coordinated strategies by combining your M2M activities with other efforts designed to effectively address your community's housing and development needs.

Good luck! We look forward to working with you in addressing the needs and interests of our nation's communities and of the people who live and work within them.

Sincerely,

A handwritten signature in black ink that reads "Andrew Cuomo".

Andrew Cuomo

## SECTION I

### **FACTORS FOR AWARD AND SELECTION PROCESS**

#### APPLICATION REVIEW:

Two types of reviews will be conducted: a threshold review to determine applicant eligibility; and a technical review to rate the application. Applications will be rated on a 100 point system (this section of the SuperNOFA does not include EZ/EC bonus points). After completing a technical review based on the factors, the Department will rank the applications according to score. Grants will be funded in rank order, reserving the option to establish a minimum score of 60 points to fund.

(A) Threshold Criteria For Funding Consideration. Under the threshold review, the applicant will be rejected from the competition if the applicant is not in compliance with the requirements of the **General Section** of the SuperNOFA and if the applicant does not qualify as an Eligible Applicant as defined in Section I(E) of the Outreach and Training Grant (OTAG) Program section of the SuperNOFA.

(B) Factors For Award Used To Evaluate and Rate Applications. The factors for rating/ranking applicants, and maximum points for each factor, are provided below:

#### **FACTORS FOR AWARD:**

##### **Rating Factor 1: Capacity of the Applicant and Relevant Organizational Experience (25 Points)**

The applicant shall demonstrate it has the organizational resources necessary to successfully implement the proposed activities in a timely manner. The rating of the applicant's organization and staff will include any subcontractors or consultants. HUD will consider the extent to which the proposal demonstrates:

1. The knowledge and direct experience of the proposed project director and staff. The applicant will be judged in terms of recent, relevant and successful experience in undertaking eligible program activities.
2. The applicant has sufficient personnel, or access to qualified experts, enabling delivery of the proposed activities in the proposed service area.
3. Readiness and ability of the applicant to immediately begin program.

4. The applicant's experience in previously managing a OTG program, or a program similar in scope or nature directly relevant to the work activities proposed. This includes carrying out grant management responsibilities. If the applicant has managed large, complex, interdisciplinary programs, the applicant should include information supporting this claim in their response.
5. If the applicant received funding in previous years, the applicant's past experience will be evaluated relative to their demonstrated measurable progress in implementing their most recent grant. In addition, grantee must demonstrate how it can successfully undertake additional activities effectively under M2M program.
6. Capability to conduct community-, city, county-, multi-county, or state-wide outreach and training program. This program involves the identification and organizing of residents and conducting workshops for tenants of eligible M2M properties, relative to tenant involvement in the program. Training is to be conducted in a reasonable time period, within budget, and in an effective manner. This can be demonstrated through previous experience and success in outreach, training, recruitment, counseling, and development of tenant nonprofit organizations. References should be included in the application from groups that received training, including contact information of same.
7. Ability to cover large geographic areas. The larger the geographic area proposed, the larger number of points will be awarded.
8. **Applicants should carefully read the requirements of this factor. In order to receive rating points, actual documentation must be submitted that specifically addresses this factor's requirements.** Grantees fiscal capability in meeting the reporting and audit requirements of 24 CFR part 84. The proven ability of the applicant's key staff to handle, manage, and adequately account for financial resources. Use of acceptable financial control procedures, demonstrated through past performance of applicant with Federal, State or local funds. Examples of current financial record keeping must be submitted. In addition, part of the evidence in meeting this criteria can be a recent audit review of the organization or a satisfactory, HUD Field Office Management Review. If a recent Management or audit review showed less than a Satisfactory Rating, applicant must show how deficiencies and the problem have been corrected.

Implicit to this criterion is the capacity of the grantee to carry out the program, subject to conflict of interest and non-duplication of "other resource" requirements. If the applicant organization, or any staff person associated with the OTG organization intends to seek other technical assistance funding, as a consultant or any other means, (i.e. Intermediary Technical Assistance Grant program), it must demonstrate that it can maintain the financial systems required to avoid even the appearance of a conflict of interest or non-duplication of funding.

**Rating Factor 2: Need/Extent of the Problem (25 Points)**

This factor addresses the extent to which there is a need for funding M2M program activities, and an indication of the importance of meeting the need. In responding to this factor, HUD has determined that need will be evaluated based on the number of M2M-eligible projects in the geographic area which an applicant proposes to provide services. The applicant should include a map that identifies the boundaries of their target area. If they plan to cover the entire state, but intend to direct more of their attention to certain areas, this should be indicated on the map. The applicant shall provide the list of properties (See Clearinghouse information below: The applicant can place an asterisk next to property name on the list provided) that will be within their geographic area. Points will be awarded based on the following:

Number of M2M Projects	Points Awarded
100 and over	25
60-99	20
40-59	15
30-39	10
20-29	5
19 or fewer	2

A list of M2M eligible properties by property name, city and state can be found at the end of this application kit. This list may be updated periodically.

**Rating Factor 3: Soundness of Approach (30 Points)**

This factor addresses the quality and cost-effectiveness of the applicant's proposed work plan.

1. In developing a work plan, consider all Eligible Activities listed in Section I(F) of the OTAG Program section of the SuperNOFA. The work plan should address, at a minimum:

- a. Type of activities the applicant will perform;

- b. Intended methodology for initial contact with tenants and plan for follow-up contact;
- c. Subjects to be covered in any proposed training;
- d. Proposed methodology for encouraging tenant leadership;
- e. Proposed methodology for completion of all other activities proposed under the work plan;
- f. Plan for creation/distribution of any printed material;
- g. Intended audience for each proposed activity; and
- h. For applicants covering a large geographic area, the proposed method of resident contact outside the applicant's immediate area.

2. There must be a clear relationship between the proposed activities, the needs of geographic area and the purpose of the program funding. The factor will be evaluated based on extent to which the proposed activities will:

- a. Help solve or address the greatest level of identified need listed in your response to Rating Factor 2.
- b. Impact the proposed beneficiaries, including the tangible benefits and measurable accomplishments of projects in by the area covered.
- c. Provide program benefits to the entire proposed geographic region, including urban and rural areas.
- d. Use technically competent methodologies.
- e. Be cost effective, using reasonable cost estimates consistent with rates established for level of required expertise in proposed geographic area.
- f. Yield innovative strategies or "best practices" that can be replicated and disseminated to other organizations, including nonprofit organizations, State and local governments.
- g. Further and support the policy priorities of HUD, including providing opportunities for self-sufficiency, and providing educational and job training opportunities through such initiatives as Neighborhood Networks, Campus of Learners and linking to AmeriCorps activities.

#### **Rating Factor 4: Leveraging Resources (10 points)**

This factor addresses the ability of the applicant to secure community assets, resources and/or financing to achieve program purposes. In evaluating this factor HUD will consider:

1. The extent to which the applicant has leveraged resources, such as funding and/or in-kind services from governmental entities, private organizations, resident management organizations, educational institutions, or other entities in order to achieve the purposes of the award the applicant is requesting.

2. The extent to which the applicant has partnered with other entities to make more effective use of available public or private resources. Evidence of commitment should include organization names, their proposed level of effort, resources, and responsibilities of these participants. Applicants must provide indications of participation by including in the application letters of firm commitments, memoranda of understanding or agreements, or letters indicating participation and levels of effort and responsibility to receive rating points for this factor. Letters of commitment, memoranda of understanding, or agreements to participate must be signed by an official of the organization legally able to make commitments for the organization.

### **Rating Factor 5: Comprehensiveness and Coordination (10 Points).**

This factor addresses the extent to which the applicant's program reflects a coordinated, community-based process of identifying needs and building a system to address the needs by using available HUD funding resources and other resources available to the community. In evaluating this factor, HUD will consider the extent to which the applicant demonstrates it has:

1. Coordinated its proposed activities with those of other groups or organizations in order to best complement, support and coordinate all known activities and, the specific steps it will take to share information on solutions and outcomes with others. Any written agreements, memoranda of understanding in place, or that will be in place after award should be described.

2. Taken or will take specific steps to become active in the community's Consolidated Planning process (including the Analysis of Impediments to Fair Housing Choice) established to identify and address a need/problem that is related to the activities the applicant proposes.

3. Taken or will take specific steps to develop linkages to coordinate comprehensive solutions through meetings, information networks, planning processes or other mechanisms with:

a. Other HUD funded projects/activities outside the scope of those

- covered by the Consolidated Plan; and
- b. Other HUD, Federal, State or locally funded activities, including those proposed or on-going in the community(s) served.

### **SELECTION PROCESS.**

HUD will review each Outreach and Training Grant application and assign up to 100 points, in accordance with the criteria described in this Section. After rating, the M2M staff will rank the applications according to score and will fund them in rank order. Funds will be awarded based upon the highest scores, which represent the best overall assessment of the potential of the proposed work activities for achieving the principal objectives of this competition: to promote the ability of residents to participate meaningfully in the M2M program.

If two or more applications have the same number of points, a resident-controlled (51 percent or more of Board participation by HUD tenants) nonprofit organization will receive priority rating over a nonprofit organization that is not resident-controlled. **Public entity applicants will only be considered for geographic areas where there is no acceptable application from a nonprofit organization.**

HUD reserves the right to make selections out of rank order to provide for geographic distribution of funded OTAGs. The approach HUD will use, if it decides to implement this option, will be to award to the highest ranked applicant in a geographic area, and to fund the next highest ranked applicants in other geographic areas before duplicating funding for any one geographic area.

After all applications have been rated and ranked and selections have been made, HUD may require that all winners participate in negotiations to determine the specific terms of the Statement of Work and the grant budget. In cases where HUD cannot successfully conclude negotiations, or a selected applicant fails to provide HUD with requested information, awards will not be made. In such instances, HUD may elect to offer an award to the next highest ranking applicant.

After award but before grant execution, winners will be required to provide a certification from an Independent Public Accountant or the cognizant government auditor, stating that the financial management system employed by the applicant meets prescribed standards for fund control and accountability required by OMB Circular A-133, Uniform Administrative Requirements for Grant Agreements With Institutions of Higher Education, Hospitals, and other Non-Profit Organizations, Revised OMB Circular A-110, or 24 CFR part 85 for States and local governments, or the Federal Acquisition Regulations (for all other applicants). This information should contain the name and telephone number of the Independent Auditor, cognizant Federal auditor, or other audit agency, as applicable.

Public reporting burden for this collection of information is estimated to average 2.5 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. This agency may not conduct or sponsor, and a person is not required to respond to, a collection information unless that collection displays a valid OMB control number.

**Privacy Act Statement.** Except for Social Security Numbers (SSNs) and Employer Identification Numbers (EINs), the Department of Housing and Urban Development (HUD) is authorized to collect all the information required by this form under section 102 of the Department of Housing and Urban Development Reform Act of 1989, 42 U.S.C. 3531. Disclosure of SSNs and EINs is optional. The SSN or EIN is used as a unique identifier. The information you provide will enable HUD to carry out its responsibilities under Sections 102(b), (c), and (d) of the Department of Housing and Urban Development Reform Act of 1989, Pub. L. 101-235, approved December 15, 1989. These provisions will help ensure greater accountability and integrity in the provision of certain types of assistance administered by HUD. They will also help ensure that HUD assistance for a specific housing project under Section 102(d) is not more than is necessary to make the project feasible after taking account of other government assistance. HUD will make available to the public all applicant disclosure reports for five years in the case of applications for competitive assistance, and for generally three years in the case of other applications. Update reports will be made available along with the disclosure reports, but in no case for a period generally less than three years. All reports, both initial reports and update reports, will be made available in accordance with the Freedom of Information Act (5 U.S.C. §552) and HUD's implementing regulations at 24 CFR Part 15. HUD will use the information in evaluating individual assistance applications and in performing internal administrative analyses to assist in the management of specific HUD programs. The information will also be used in making the determination under Section 102(d) whether HUD assistance for a specific housing project is more than is necessary to make the project feasible after taking account of other government assistance. You must provide all the required information. Failure to provide any required information may delay the processing of your application, and may result in sanctions and penalties, including imposition of the administrative and civil money penalties specified under 24 CFR §12.34.

**Note:** This form only covers assistance made available by the Department. States and units of general local government that carry out responsibilities under Sections 102(b) and (c) of the Reform Act must develop their own procedures for complying with the Act.

## Instructions (See Note 1 on last page.)

**I. Overview.** Subpart C of 24 CFR Part 12 provides for (1) initial reports from applicants for HUD assistance and (2) update reports from recipients of HUD assistance. An overview of these requirements follows.

**A. Applicant disclosure (initial) reports: General.** All applicants for assistance from HUD for a specific project or activity must make a number of disclosures, if the applicant meets a dollar threshold for the receipt of covered assistance during the fiscal year in which the application is submitted. The applicant must also make the disclosures if it requests assistance from HUD for a specific housing project that involves assistance from other governmental sources. Applicants subject to Subpart C must make the following disclosures:

- Assistance from other government sources in connection with the project,
- The financial interests of persons in the project,
- The sources of funds to be made available for the project, and
- The uses to which the funds are to be put.

**B. Update reports: General.** All recipients of covered assistance must submit update reports to the Department to reflect substantial changes to the initial applicant disclosure reports.

**C. Applicant disclosure reports: Specific guidance.** The applicant must complete all parts of this disclosure form if **either** of the following **two** circumstances in paragraph 1. or 2., below, applies:

1.a. Nature of Assistance. The applicant submits an application for assistance for a specific project or activity (See Note 2) in which:

HUD makes assistance available to a recipient for a specific project or activity; or

HUD makes assistance available to an entity (other than a State or a unit of general local government), such as a public housing agency (PHA), for a specific project or activity, where the application is required by statute or regulation to be submitted to HUD for any purpose; **and**

b. Dollar Threshold. The applicant has received, or can reasonably expect to receive, an aggregate amount of all forms of assistance (See Note 3) from HUD, States, and units of general local government, in excess of \$200,000 during the Federal fiscal year (October 1 through September 30) in which the application is submitted. (See Note 4)

2. The applicant submits an application for assistance for a specific housing project that involves other government assistance. (See Note 5) **Note:** There is no dollar threshold for this criterion: **any** other government assistance triggers the requirement. (See Note 6)

If the Application meets **neither** of these two criteria, the applicant need only complete Parts I and II of this report, as well as the certification at the end of the report. If the Application meets **either** of these criteria, the applicant must complete the entire report.

The applicant disclosure report must be submitted with the application for the assistance involved.

**D. Update reports: Specific guidance.** During the period in which an application for covered assistance is pending, or in which the assistance is being provided (as indicated in the relevant grant or other agreement), the applicant must make the following additional disclosures:

1. Any information that should have been disclosed in connection with the application, but that was omitted.
2. Any information that would have been subject to disclosure in connection with the application, but that arose at a later time, including information concerning an interested party that now meets the applicable disclosure threshold referred to in Part IV, below.
3. For changes in previously disclosed other government assistance:

For programs administered by the Assistant Secretary for Community Planning and Development, any change in other government assistance that exceeds the amount of such assistance that was previously disclosed by \$250,000 or by 10 percent of the assistance (whichever is lower).

For all other programs, any change in other government assistance that exceeds the amount of such assistance that was previously disclosed.

4. For changes in previously disclosed financial interests, any change in the amount of the financial interest of a person that exceeds the amount of the previously disclosed interests by \$50,000 or by 10 percent of such interests (whichever is lower).

5. For changes in previously disclosed sources or uses of funds:

a. For programs administered by the Assistant Secretary for Community Planning and Development:

Any change in a source of funds that exceeds the amount of all previously disclosed sources of funds by \$250,000 or by 10 percent of those sources (whichever is lower); and

Any change in a use of funds under paragraph (b)(1)(iii) that exceeds the amount of all previously disclosed uses of funds by \$250,000 or by 10 percent of those uses (whichever is lower).

b. For all programs, other than those administered by the Assistant Secretary for Community Planning and Development:

For projects receiving a tax credit under Federal, State, or local law, any change in a source of funds that was previously disclosed.

For all other projects, any change in a source of funds that exceeds the lower of:

The amount previously disclosed for that source of funds by \$250,000, or by 10 percent of the amount previously disclosed for that source, whichever is lower; or

The amount previously disclosed for all sources of funds by \$250,000, or by 10 percent of the amount previously disclosed for all sources of funds, whichever is lower.

c. For all programs, other than those administered by the Assistant Secretary for Community Planning and Development:

For projects receiving a tax credit under Federal, State, or local law, any change in a use of funds that was previously disclosed.

For all other projects, any change in a use of funds that exceeds the lower of:

The amount previously disclosed for that use of funds by \$250,000, or by 10 percent of the amount previously disclosed for that use, whichever is lower; or

The amount previously disclosed for all uses of funds by \$250,000, or by 10 percent of the amount previously disclosed for all uses of funds, whichever is lower.

Note: Update reports must be submitted within 30 days of the change requiring the update. The requirement to provide update reports only applies if the application for the underlying assistance was submitted on or after the effective date of Subpart C.

## II. Line-by-Line Instructions.

### A. Part I. Applicant/Recipient Information.

All applicants for HUD assistance specified in Section I.C.1.a., above, as well as all recipients required to submit an update report under Section I.D., above, must complete the information required by Part I. The applicant/recipient must indicate whether the disclosure is an initial or an update report. Line-by-line guidance for Part I follows:

1. Enter the full name, address, city, State, zip code, and telephone number (including area code) of the applicant/recipient. Where the applicant/recipient is an individual, the last name, first name, and middle initial must be entered. Entry of the applicant/recipient's SSN or EIN, as appropriate, is optional.

2. Applicants enter the name and full address of the project or activity for which the HUD assistance is sought. Recipients enter the name and full address of the HUD-assisted project or activity to which the update report relates. The most appropriate government identifying number must be used (e.g., RFP No.; IFB No.; grant announcement No.; or contract, grant, or loan No.) Include prefixes.

3. Applicants describe the HUD assistance referred to in Section I.C.1.a. that is being requested. Recipients describe the HUD assistance to which the update report relates.

4. Applicants enter the HUD program name under which the assistance is being requested. Recipients enter the HUD program name under which the assistance, that relates to the update report, was provided.

5. Applicants enter the amount of HUD assistance that is being requested. Recipients enter the amount of HUD assistance that has been provided and to which the update report relates. The amounts are those stated in the application or award documentation. NOTE: In the case of assistance that is provided pursuant to contract over a period of time (such as project-based assistance under section 8 of the United States Housing Act of 1937), the amount of assistance to be reported includes all amounts that are to be provided over the term of the contract, irrespective of when they are to be received.

Note: In the case of Mortgage Insurance under 24 CFR Subtitle B, Chapter II, the mortgagor is responsible for making the applicant disclosures, and the mortgagee is responsible for furnishing the mortgagor's disclosures to the Department. Update reports must be submitted directly to HUD by the mortgagor.

Note: In the case of the Project-Based Certificate program under 24 CFR Part 882, Subpart G, the owner is responsible for making the applicant disclosures, and the PHA is responsible for furnishing the owner's disclosures to HUD. Update reports must be submitted through the PHA by the owner.

### B. Part II. Threshold Determinations — Applicants Only

Part II contains information to help the applicant determine whether the remainder of the form must be completed. **Recipients filing Update Reports should not complete this Part.**

1. The first question asks whether the applicant meets the Nature of Assistance and Dollar Threshold requirements set forth in Section I.C.1. above.

If the answer is Yes, the applicant must complete the remainder of the form. If the answer is No, the form asks the applicant to certify that its response is correct, and to complete the next question.

2. The second question asks whether the application is for a specific housing project that involves other government assistance, as described in Section I.C.2. above.

If the answer is Yes, the applicant must complete the remainder of the form. If the answer is No, the form asks the applicant to certify that its response is correct.

If the answer to both questions 1 and 2 is No, the applicant need not complete Parts III, IV, or V of the report, but must sign the certification at the end of the form.

### C. Part III. Other Government Assistance.

This Part is to be completed by both applicants filing applicant disclosure reports and recipients filing update reports. Applicants must report any other government assistance involved in the project or activity for which assistance is sought. Recipients must report any other government assistance involved in the project or activity, to the extent required under Section I.D.1., 2., or 3., above.

Other government assistance is defined in note 5 on the last page. For purposes of this definition, other government assistance is expected to be made available if, based on an assessment of all the circumstances involved, there are reasonable grounds to anticipate that the assistance will be forthcoming.

Both applicant and recipient disclosures must include all other government assistance involved with the HUD assistance, as well as any other government assistance that was made available before the request, but that has continuing vitality at the time of the request. Examples of this latter category include tax credits that provide for a number of years of tax benefits, and grant assistance that continues to benefit the project at the time of the assistance request.

The following information must be provided:

1. Enter the name and address, city, State, and zip code of the government agency making the assistance available. Include at least one organizational level below the agency name. For example, U.S. Department of Transportation, U.S. Coast Guard; Department of Safety, Highway Patrol.
2. Enter the program name and any relevant identifying numbers, or other means of identification, for the other government assistance.
3. State the type of other government assistance (e.g., loan, grant, loan insurance).
4. Enter the dollar amount of the other government assistance that is, or is expected to be, made available with respect to the project or activities for which the HUD assistance is sought (applicants) or has been provided (recipients).

If the applicant has no other government assistance to disclose, it must certify that this assertion is correct.

To avoid duplication, if there is other government assistance under this Part and Part V, the applicant/recipient should check the appropriate box in this Part and list the information in Part V, clearly designating which sources are other government assistance.

#### **D. Part IV. Interested Parties.**

This Part is to be completed by both applicants filing applicant disclosure reports and recipients filing update reports.

Applicants must provide information on:

- (1) All developers, contractors, or consultants involved in the application for the assistance or in the planning, development, or implementation of the project or activity and
- (2) any other person who has a financial interest in the project or activity for which the assistance is sought that exceeds \$50,000 or 10 percent of the assistance (whichever is lower).

Recipients must make the additional disclosures referred to in Section I.D.1.,2., or 4, above.

Note: A financial interest means any financial involvement in the project or activity, including (but not limited to) situations in which an individual or entity has an equity interest in the project or activity, shares in any profit on resale or any distribution of surplus cash or other assets of the project or activity, or receives compensation for any goods or services provided in connection with the project or activity. Residency of an individual in housing for which assistance is being sought is not, by itself, considered a covered financial interest.

The information required below must be provided.

1. Enter the full names and addresses of all persons referred to in paragraph (1) or (2) of this Part. If the person is an entity, the listing must include the full name of each officer, director, and principal stockholder of the entity. All names must be listed alphabetically, and the names of individuals must be shown with their last names first.
2. Entry of the Social Security Number (SSN) or Employee Identification Number (EIN), as appropriate, for each person listed is optional.
3. Enter the type of participation in the project or activity for each person listed: i.e., the person's specific role in the project (e.g., contractor, consultant, planner, investor).
4. Enter the financial interest in the project or activity for each person listed. The interest must be expressed both as a dollar amount and as a percentage of the amount of the HUD assistance involved.

If the applicant has no persons with financial interests to disclose, it must certify that this assertion is correct.

**5. Part V. Report on Sources and Uses of Funds.** This Part is to be completed by both applicants filing applicant disclosure reports and recipients filing update reports.

The applicant disclosure report must specify all expected sources of funds — both from HUD and from any other source — that have been, or are to be, made available for the project or activity. Non-HUD sources of funds typically include (but are not limited to) other government assistance referred to in Part III, equity, and amounts from foundations and private contributions. The report must also specify all expected uses to which funds are to be put. All sources and uses of funds must be listed, if, based on an assessment of all the circumstances involved, there are reasonable grounds to anticipate that the source or use will be forthcoming.

Note that if any of the source/use information required by this report has been provided elsewhere in this application package, the applicant need not repeat the information, but need only refer to the form and location to incorporate it into this report. (It is likely that some of the information required by this report has been provided on SF 424A, and on various budget forms accompanying the application.) If this report requires information beyond that provided elsewhere in the application package, the applicant must include in this report all the additional information required.

Recipients must submit an update report for any change in previously disclosed sources and uses of funds as provided in Section I.D.5., above.

General Instructions — sources of funds

Each reportable source of funds must indicate:

- a. The name and address, city, State, and zip code of the individual or entity making the assistance available. At least one organizational level below the agency name should be included. For example, U.S. Department of Transportation, U.S. Coast Guard; Department of Safety, Highway Patrol.

## Instructions for Completing the Previous Participation Certificate, form HUD-2530

Carefully read these instructions and the applicable regulations. A copy of those regulations published at 24 C.F.R. 200.210 to 200.245 can be obtained from the Multifamily Housing Representative at any HUD Office. Type or print neatly in ink when filling out this form. Mark answers in all blocks of the form. If the form is not filled completely, it will delay approval of your application.

Attach extra sheets as you need them. Be sure to indicate "Continued on Attachments" wherever appropriate. Sign each additional page that you attach if it refers to you or your record. If you have many projects to list (20 or more) and expect to be applying frequently for participation in HUD projects, you should consider filing a Master List. See Master List instructions below under "Instructions for Completing Schedule A."

**Carefully read the certification before you sign it.** Any questions regarding the form or how to complete it can be answered by your HUD Office Multifamily Housing Representative.

**Purpose:** This form provides HUD with a certified report of all previous participation in HUD multifamily housing projects by those parties making application. The information requested in this form is used by HUD to determine if you meet the standards established to ensure that all principal participants in HUD projects will honor their legal, financial and contractual obligations and are acceptable risks from the underwriting standpoint of an insurer, lender or governmental agency. HUD requires that you certify your record of previous participation in HUD/USDA-FmHA, State and Local Housing Finance Agency projects by completing and signing this form, before your project application or participation can be approved.

HUD approval of your certification is a necessary precondition for your participation in the project and in the capacity that you propose. If you do not file this certification, do not furnish the information requested accurately, or do not meet established standards, HUD will not approve your certification. **Note** that approval of your certification does not obligate HUD to approve your project application, and it does not satisfy all other HUD program requirements relative to your qualifications.

**Who Must Sign and File Form HUD-2530:** Form HUD-2530 must be completed and signed by all parties applying to become principal participants in HUD multifamily housing projects, including those who have no previous participation. The form must be signed and filed by all principals and their affiliates who propose participating in the HUD project. Use a separate form for each role in the project unless there is an identity of interest.

Principals include all individuals, joint ventures, partnerships, corporations, trusts, nonprofit organizations, any other public or private entity, that will participate in the proposed project as a sponsor, owner, prime contractor, turnkey developer, managing agent, nursing home administrator or operator, packager, or consultant. Architects and attorneys who have any interest in the project other than an arms length fee arrangement for professional services are also considered principals by HUD.

In the case of partnerships, all general partners regardless of their percentage interest and limited partners having a 25 percent or more interest in the partnership are considered principals. In the case of public or private corporations or governmental entities, principals include the president, vice president, secretary, treasurer and all other executive officers who are directly responsible to the board of directors, or any equivalent governing body, as well as all directors and each stockholder having a 10 percent or more interest in the corporation.

Affiliates are defined as any person or business concern that directly or indirectly controls the policy of a principal or has the power to do so. A holding or parent corporation would be an example of an affiliate if one of its subsidiaries is a principal.

**Exception for Corporations** – All principals and affiliates must personally sign the certificate except in the following situation. When a corporation is a principal, all of its officers, directors, trustees and stockholders with 10 percent or more of the common (voting) stock need not sign personally if they all have the same record to report. The officer who is authorized to sign for the corporation or agency will list the names and title of those who elect not to sign. However, any person who has a record of participation in HUD projects that is separate from that of his or her organization must report that activity on this form and sign his or her name. The objective is **full** disclosure.

**Exemptions** – The names of the following parties do not need to be listed on form HUD-2530: Public Housing Agencies, tenants, owners of less than five condominium or cooperative units and all others whose interests were acquired by inheritance or court order.

**Where and When Form HUD-2530 Must Be Filed:** The original of this form must be submitted to the HUD Office where your project application will be processed at the same time you file your initial project application. This form must be filed with applications for projects, or when otherwise required in the situations listed below:

- Projects to be financed with mortgages insured under the National Housing Act (FHA).
- Projects to be financed according to Section 202 of the Housing Act of 1959 (Elderly and Handicapped).
- Projects in which 20 percent or more of the units are to receive a subsidy as described in 24 C.F.R. 200.213.
- Purchase of a project subject to a mortgage insured or held by the Secretary of HUD.
- Purchase of a Secretary-owned project.
- Proposed substitution or addition of a principal, or principal participation in a different capacity from that previously approved for the same project.
- Proposed acquisition by an existing limited partner of an additional interest in a project resulting in a total interest of 25 percent or more, or proposed acquisition by a corporate stockholder of an additional interest in a project resulting in a total interest of 10 percent or more.
- Projects with U.S.D.A., Farmers Home Administration, or with state or local government housing finance agencies that include rental assistance under Section 8 of the Housing Act of 1937. For projects of this type, form HUD-2530 should be filed with the appropriate applications directly to those agencies.

**Review of Adverse Determination:** If approval of your participation in a HUD project is denied, withheld, or conditionally granted on the basis of your record of previous participation, you will be notified by the HUD Office. You may request reconsideration by the HUD Review Committee. Alternatively, you may request a hearing before a Hearing Officer. Either request must be made in writing within 30 days from your receipt of the notice of determination.

If you do request reconsideration by the Review Committee and the reconsideration results in an adverse determination, you may then request a hearing before a Hearing Officer. The Hearing Officer will issue a report to the Review Committee. You will be notified of the final ruling by certified mail.

Include **all** project or contract identification numbers that are relevant to the project. Also enter the name of the city in which the project is located, and the ZIP Code of the site location.

**Block 10:** Fill in the Social Security Number or IRS employer number of every party listed, including affiliates.

#### Instructions for Completing Schedule A:

Be sure that Schedule A is filled-in completely, accurately and the certification is properly dated and signed, because it will serve as a legal record of your previous experience. All Multifamily Housing projects involving HUD/FmHA, and State and local Housing Finance Agencies in which you have previously participated **must** be listed. Applicants are reminded that previous participation pertains to the individual principal within an entity as well as the entity itself. A newly formed company may not have previous participation, but the principals within the company may have had extensive participation and disclosure of that activity is required. To avoid duplication of disclosure, list the project and then the entities or individuals involved in that project. You may use the name or a number code to denote the entity or individual that participated. The number code can then be used in column 3 to denote role.

**Column 2** List the project or contract identification of each previous project. *All previous projects must be included or your certification cannot be processed.* Include the name of all projects, the cities in which they are located and the government agency (HUD, USDA-FmHA or State or local housing finance agency) that was involved. At the end of your list of projects, draw a straight line across the page to separate your record of projects from that of others signing this form who have a different record to report.

**Column 3** List the role(s) of your participation, dates participated, and if fee or identity of interest with owners.

**Column 4** Indicate the current status of the loan. Except for current loans, the date associated with the status is required. Loans under a workout arrangement are considered assigned. An explanation of the circumstances surrounding the status is required for all noncurrent loans.

**Column 5** Explain any project defaults during your participation.

**Column 6** Enter the latest Management and/or Physical Inspection Review rating. If either of the ratings are below average, the report issued by HUD is required to be submitted along with the applicant's explanation of the circumstances surrounding the rating.

**No Previous Record:** Even if you have never participated in a HUD project before, you must complete form HUD-2530. If you have no record of previous projects to list, fill in your name in column 1 of Schedule A, and write across the form by your name – "No previous participation, first experience."

**Master List System:** If you expect to file this form frequently and you have a long list of previous projects to report on Schedule A, you should consider filing a Master List. By doing so, you will avoid having to list all your previous projects each time you file a new application.

To make a Master List, use form HUD-2530. On page 1, in block 1, enter (in capital letters) the words "**Master List.**" In blocks 2 through 6 enter in "N.A." meaning Not Applicable. Complete blocks 7 through 10.

In the box below the statement of certification, fill in the names of all parties who wish to file a Master List together (type or print neatly). Beside each name, every party must sign the form. In the box titled "Proposed Role," fill in "N.A." Also, fill in the date you sign the form and provide a telephone number where you can be reached during the day. No determinations will be made on these certificates.

File one copy of the Master List with each HUD Office where you do business and mail one copy to the following address:

HUD-2530 Master List  
Participation and Compliance Division – Housing  
U.S. Department of Housing and Urban Development  
451 Seventh Street, S.W.  
Washington, D.C. 20410

Once you have filed a Master List, you do not need to complete Schedule A when you submit form HUD-2530. Instead, write the name of the participant in column 1 of Schedule A and beside that write "See Master List on file." Also give the date that appears on the Master List that you submitted. Below that, report all changes and additions that have occurred since that date. Be sure to include any mortgage defaults, assignments or foreclosures not listed previously.

**If you have withdrawn from a project** since the date the Master List was filed, be sure to name the project. Give the project identification number, the month and year your participation began and/or ended.

#### Certification:

After you have completed all other parts of form HUD-2530, including Schedule A, read the Certification carefully. In the box below the statement of certification, fill in the name of all principals and affiliates (type or print neatly). Beside the name of each principal and affiliate, each party must sign the form, with the exception in some cases of individuals associated with a corporation (see "Exception for Corporations" in the section of the instructions titled "Who Must Sign and File Form HUD-2530"). Beside each signature, fill in the role of each party (the same as shown in block 8). In addition, each person who signs the form should fill in the date that he or she signs, as well as providing a telephone number where he or she can be reached during business hours. By providing a telephone number where you can be reached, you will help to prevent any possible delay caused by mailing and processing time in the event HUD has any questions.

If you cannot certify and sign the certification as it is printed because some statements do not correctly describe your record, use a pen and strike through those parts that differ with your record, then sign and certify to that remaining part which does describe you or your record.

Attach a signed letter, note or an explanation of the items you have struck out on the certification and report the facts of your correct record. Item A(2)(e) relates to felony convictions within the past 10 years. If you have been convicted of a felony within 10 years, strike out all of A(2)(e) on the certificate and attach your statement giving your explanation. A felony conviction will not necessarily cause your participation to be disapproved unless there is a criminal record or other evidence that your previous conduct or method of doing business has been such that your participation in the project would make it an unacceptable risk from the underwriting standpoint of an insurer, lender or governmental agency.

**Privacy Act Statement:** The Department of Housing and Urban Development (HUD) is authorized to collect this information by law (42 U.S.C. 3535(d) and 24 C.F.R. 200.217. The Housing and Community Development Act of 1987, 42 U.S.C. 3543 requires persons applying for a Federally-insured or guaranteed loan to furnish his/her Social Security Number (SSN). The information you provide will enable HUD to evaluate your record with respect to established standards of performance, responsibility and eligibility. HUD must have your SSN for identification of your records. HUD may use your SSN for automated processing of your records and to make requests for information about you and your previous records with other public agencies and private sector sources. HUD may disclose certain information to Federal, State and local agencies when relevant to civil, criminal, or regulatory investigations and prosecutions. It will not be otherwise disclosed or released outside of HUD, except as required and permitted by law. You must provide all of the information requested in this application, including your SSN. Failure to provide any of the information will result in your disapproval for participation in this HUD program.

**Public Reporting Burden** for this collection of information is estimated to average 0.6 hour per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Reports Management Officer, Office of Information Policies and Systems, U.S. Department of Housing and Urban Development, Washington, D.C. 20410-3600; and to the Office of Management and Budget, Paperwork Reduction Project (2502-0118), Washington, D.C. 20503. Do not send this completed form to either of these addressees.
