It is the applicant's responsibility to make sure this requirement is met.

d. Only one application can be submitted per institution. If multiple applications are submitted, all will be disqualified.

e. Applicants must receive a minimum score of 75 points to be considered for funding.

f. An applicant must have a DUNS number to receive HUD grant funds. (The General Section provides information regarding the DUNS requirement.)

a. All funds awarded are for a three-year (36 months) grant performance period.

b. Funds may be recaptured or deobligated from applicants that cannot demonstrate control of a suitable site within one year after the initial notification of award.

e. *Environmental Requirements.* Selection for award does not constitute approval of any proposed sites. Following selection for award, HUD will perform an environmental review of properties proposed for assistance in accordance with 24 CFR part 50. The results of the environmental review may require that proposed activities be modified or proposed sites be rejected. Applicants are particularly cautioned not to undertake or commit funds for acquisition or development of proposed properties prior to HUD approval of specific properties or areas. An application constitutes an assurance that the institution will assist HUD to comply with part 50; will supply HUD with all available and relevant information to perform an environmental review for each proposed property; will carry out mitigating measures required by HUD or select alternate property; and will not acquire, rehabilitate, convert, demolish, lease, repair, or construct property, and not commit or expend HUD or local funds for these program activities with respect to any eligible property until HUD's written approval of the property is received. In supplying HUD with environmental information, applicants should use the same guidance as provided in the HUD Notice CPD-99-01 entitled "Field Environmental Review Processing for HUD Colonias Initiative (HCI) Grants" issued January 27, 1999.

The General Section provides further discussion of the environmental requirements. Further information and assistance on HUD's environmental requirements is available at <http://www.hud.gov/offices/cpd/energyenviron/environment/index.cfm>.

Applicants submitting paper copy applications should submit the application in the following order:

a. *SF-424, Application for Federal Assistance.* Please remember the following:

(1) The full grant amount (entire three-years) should be entered, not the amount for just one year;

receive the reviewers' comments; therefore, please ensure the accuracy of the information;

(3) The Employer Identification/Tax ID number;

(7) The signature of the Authorized Organization Representative (AOR) who has been authenticated by the credential provider to submit applications via Grants.gov. The AOR must be able to make a binding legal agreement with HUD. See the General Section for instructions and requirements for Registration with Grants.gov.

b. *Application Checklist.* Applicants should use the checklist to ensure that they have all the required elements of their application submission.

(1) A clear description of the proposed project activities, the target population that will be assisted, and the impact this project will have on the institution;

(4) University's name, department, mailing address, telephone number, facsimile number, and e-mail address; and

(5) The principal investigator, if different from the designated contact person, for the project, including phone number, facsimile number, and e-mail address.

d. *Narrative statement addressing the Factors.* HUD will use the narrative response to the "Rating Factors" to evaluate, rate, and rank applications.

The narrative statement is the main source of information. Applicants are advised to review each factor carefully for program specific requirements. The response to each factor should be concise and contain only information relevant to the factor, but detailed enough to address each factor fully. Please do not repeat material in response to the five factors; instead, focus on how well the proposal responds to each of the factors. In factors where there are subfactors each subfactor must be presented separately, with the short title of the subfactor presented. Make sure to address each subfactor and provide sufficient information about every element of the subfactor. The narrative section of an application must not exceed 75 pages, doubled spaced (excluding forms, budget narrative, assurances, commitment letters, memoranda of understanding, agreements, and abstract). Each page of the narrative must include the applicant's name and be numbered. Please note that although submitting pages in excess of the page limit will not disqualify an applicant, HUD will not consider the information on any excess pages. This exclusion may result in a lower score or failure to meet a threshold requirement.

e. *Budget.* The budget submission must include the following:

(1) *HUD-424-CB, "Grant Application Detailed Budget."* This budget form shows the total budget by year and by line item for the program activities to be carried out with the proposed HUD grant. Each year of the program should be presented separately. Applicants must also submit this form to reflect the total cost for the entire grant performance period (Grand Total).

(2) *HUD-40076-HBCU, "Response Sheet, Budget-By-Activity."* This form must be used to document the entire three-year grant performance period. The form should include a listing of tasks to be completed for each activity necessary to be performed to implement the program, the overall costs for each activity, and the cost from each funding source. The budget-by-activity should clearly indicate the HUD grant amount and identify the source and dollar amount of the leveraged funds, if any.

Make sure that the amount shown on the SF-424, HUD-424-CB, HUD-40076-HBCU and all other required program forms is consistent and the budget totals are correct. Remember to check addition in totaling the categories on all forms so that all items are included in the total. If there is an inconsistency between any of the budget forms required, the HUD-424-CB will be used. All budget forms must be fully

completed. If an application is selected for award, the applicant may be required to provide greater specificity to the budget during grant agreement negotiations.

(3) *Budget Narrative.* A narrative must be submitted that explains how the applicant arrived at the cost estimates for any line item over \$5,000 cumulative. For example, an applicant proposes to construct a building using HUD funding totaling \$200,000. The following costs estimate reflects this total. Foundation cost \$75,000, electrical work \$40,000, plumbing work \$40,000, finishing work \$35,000, and landscaping \$10,000. The proposed cost estimates should be reasonable for the work to be performed and consistent with rates established for the level of expertise required to perform the work proposed in the geographical area. When necessary, quotes from various vendors or historical data should be used and included. When an applicant proposes to use a consultant, the applicant must indicate whether there is a formal written agreement. For each consultant, please provide the name, if known, hourly or daily rate, and the estimated time on the project. Applicants must submit a cost estimate based on historical data from the institution and/or from a qualified firm (e.g., Architectural or Engineering), vendor, and/or qualified individual (e.g., independent architect) other than the institution for projects that involve rehabilitation of residential, commercial and/or industrial structures, and/or acquisition, construction, or installation of public facilities and improvements. Such an entity must be involved in the business of housing rehabilitation, construction and/or management. Equipment and contracts cannot be presented as a total estimated costs. For equipment, applicants must provide a list by type and cost for each item. Applicants using contracts must provide an individual description and cost estimate for each contract.

(4) *Indirect costs.* Indirect costs, if applicable, are allowable based on an established approved indirect cost rate. Applicants should include a copy of their indirect cost rate agreement with their application. Please refer to Section IV.F of the General Section for further discussion on electronic submission of required documentation. Applicants who are selected for funding that do not have an approved indirect cost rate agreement (established by the cognizant federal agency, Certified Public Account, or auditor) will be required to establish a rate. In such cases, HUD will issue an award with a provisional rate

and assist applicants in having a rate established.

f. *Appendix.* Applicants receiving a waiver of the electronic submission requirements and submitting a paper copy of the application must place all letters of commitment, memoranda of understanding and agreements for funds/resources in response to Factor 4 and other required forms in this section. For applicants submitting electronic applications, please refer to Section IV.F of the General Section for instructions on how third party documents are to be submitted to HUD using the electronic submission process. An applicant SHOULD NOT submit general support letters or resumes or other back-up materials. If this information is included, it will not be considered during the review process. The additional items will also slow the transmission of your application.

C. Submission Dates and Times

A complete application package must be received electronically by the Grants.gov portal no later than 11:59:59 p.m. eastern time on or before May 25, 2005. Applications may be submitted in advance of the submission date. Electronic faxes using the Facsimile Transmittal (Form HUD 96011) cover sheet contained in the electronic application may be submitted prior to the application submission date and must be received no later than 11:59:59 p.m. eastern time on the application submission date. Please see Section IV.F of the General Section for electronic application submission instructions and timely receipt requirements.

D. Intergovernmental Review

This program is excluded from an Intergovernmental Review.

E. Funding Restrictions

Ineligible CDBG Activities are listed at 24 CFR 570.207. Funding may only be provided to applicants that meet the standards for eligible applicants in Section III.A. Ineligible activities include but are not limited to:

1. Curriculum development and/or expansion of an institution's existing curriculum;
2. General government expenses; and
3. Political activities.

F. Other Submission Requirements

1. *Application Submission and Receipt Procedure.* Please read the General Section carefully and completely for the submission and receipt procedures for all applications because failure to comply may disqualify your application.

2. *Waiver of Electronic Submission Requirements.* Please refer to the General Section for further discussion.

V. Application Review Information

A. Criteria

1. *Rating Factor 1: Capacity of the Applicant and Relevant Organizational Experience (25 Points).* This factor addresses the extent to which the institution has the organizational resources necessary to successfully implement the proposed activities in a timely manner. In rating this factor, HUD will consider the extent to which the proposal demonstrates:

a. *Knowledge and Experience For First Time Applicants (25 Points) For Previously Funded Applicants (10 Points).* The knowledge and experience possessed by the proposed project director and staff, including the day-to-day program manager, consultants (including technical assistance providers), and contractors in planning and managing this kind of program for which funding is being requested. Applicants must clearly identify the following: key project team members, titles (e.g., project manager/coordinator, etc.), respective roles for the project staff, and a brief description of their relevant experience. Experience will be judged in terms of recent and relevant knowledge and skills of the staff to undertake the proposed eligible program activities. HUD will consider experience within the last five (5) years to be recent and experience pertaining to similar activities to be relevant.

b. *Past Performance (15 Points) For Previously Funded Grant Applicants Only.* This subfactor will evaluate the extent to which an applicant has performed successfully under all previously completed and open HUD/HBCU grants. Applicants must demonstrate this by providing the following information on the HUD-40076-HBCU "Response Sheet: (Performance Narrative) for each HBCU grant they have received:

- (1) A detailed list outlining the achievement of specific tasks, measurable objectives and specific outcomes consistent with the approved timeline/work plan in previous grants;
- (2) Comparison of proposed leveraged funds and/or resources in a previous grant with what was actually leveraged;
- (3) A list of all HUD/HBCU grants received, including the dollar amount awarded and the amount expended as of the date of this application. The HUD-40076-HBCU "Response Sheet" (Performance Narrative) form is located in Appendix C at the end of this NOFA.

The form should be filled out completely; and

(4) A detailed list outlining the timeliness and completeness of complying with all the HBCU reporting requirements. In addressing timeliness, compare when reports were due with when they were actually submitted.

HUD will also review an applicant's past performance in managing funds, including, but not limited to: the ability to account for funding appropriately; timely use of funds received from HUD; meeting performance targets for completion of activities; and receipt of promised leveraged funds. In evaluating past performance, HUD reserves the right to deduct up to five (5) points from this rating score as a result of the information obtained from HUD's records (*i.e.*, progress and financial reports, monitoring reports, Logic Model submissions, and amendments), including the timely submission of required progress reports.

2. *Rating Factor 2: Need/Extent of the Problem (10 Points)*. This factor addresses the extent to which there is a need for funding the proposed program activities and an indication of the importance of meeting the need(s) in the target area. The need(s) described must be relevant to the activities for which funds are being requested. The proposal will be evaluated on the extent to which the level of need for the proposed activities and the importance of meeting the need(s) are documented.

In rating this factor, HUD will consider data collected within the last five (5) years to be current. To the extent that the targeted community's Five Year Consolidated Plan and Analysis of Impediments to Fair Housing Choice (AI) identify the level of the problem and the urgency in meeting the need, applicants should include references to these documents in response to this factor.

If the proposed activities are not covered under the scope of the Consolidated Plan and Analysis of Impediments to Fair Housing Choice (AI), indicate this clearly in the proposal and use other sound data sources to identify the level of need and the importance in meeting the need.

Applicants must use statistics or other analyses contained in at least one or more current data sources that are sound and reliable. The data provided must be specific to the area where the proposed project activities will be carried out. Sources for localized data can be found at <http://www.ffiec.gov>.

Other reliable data sources include, but are not limited to, Census reports, HUD Continuum of Care gap analysis and its E-MAP (To find additional

information go to HUD's Web site: <http://www.hud.gov/emaps>), law enforcement agency crime reports, Public Housing Agencies' Comprehensive Plans, community needs analyses such as provided by the United Way, the applicant's institution, and other sound and reliable sources. Needs in terms of fulfilling court orders or consent decrees, settlements, conciliation agreements, and voluntary compliance agreements may also be addressed.

3. *Rating Factor 3: Soundness of Approach (45 Points)*. This factor addresses the quality and effectiveness of the proposed work plan, the commitment of the institution to sustain the proposed activities, and actions regarding HUD's priorities, goals and objectives, and affirmatively furthering fair housing.

This factor will be evaluated based on the extent to which the proposed work plan demonstrates the following:

a. *(35 Points) Quality of the Work Plan*. This subfactor will be evaluated on the extent to which an applicant provides a clear detailed description of the proposed project and anticipated accomplishments.

(1) *(25 Points) Specific Services and/or Activities*. The work plan must describe all proposed activities and major tasks required to successfully implement the proposed project and anticipated accomplishments.

(a) Applicants must provide a clear description of the proposed activities and address the following:

(i) Describe each proposed activity and the task required to successfully implement and complete the proposed project in measurable terms (*e.g.*, the number of persons to trained and employed; houses to be rehabilitated; or minority-owned businesses to be started, etc.);

(ii) List how each proposed activity meets one of the following Community Development Block Grant (CDBG) Program national objectives:

- Benefit low- and moderate-income persons;
- Aid in the prevention or elimination of slums or blight; or
- Meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health and welfare of the community, and other financial resources are not available to meet such needs. Criteria for determining whether an activity addresses one or more objective are provided at 24 CFR 570.208;

(b) Outline the major tasks required (in sequential order) to successfully

implement and complete the proposed program activities. Include target completion dates for each activity/task (in 6 month intervals, up to thirty-six (36) months); and

(c) Identify the individuals, as described in Factor 1, who will be responsible for completing each activity/task.

(2) *(10 Points) Describe clearly how each proposed activity will:*

(a) Expand the role of the institution in its community;

(b) Address the needs identified in Factor 2;

(c) Relate to and not duplicate other activities in the target area. Duplicative effort will be acceptable only if an applicant can demonstrate through documentation that there is a population in need that is not being served; and

(d) Involve and empower citizens of the target area in the proposed project (particularly through a committee that is representative of the target community).

b. *(2 Points) Involvement of the Faculty and Students*. The applicant must describe the extent to which it proposes to integrate the institution's students and faculty into proposed project activities.

c. *(3 Points) HUD Policy Priorities*. HUD encourages applicants to undertake specific activities that will assist the Department in implementing its policy priorities that will help the Department achieve its goals and objectives in FY 2006, when the majority of grant recipients will be reporting programmatic results and achievements. In addressing this subfactor, HUD will evaluate the extent to which a program will further and support HUD's priorities. The quality of the responses provided to one or more of HUD's priorities will determine the score an applicant can receive. Applicants must describe how each policy priority selected will be addressed. Applicants that just list a priority will receive no points.

Each policy priority addressed has a point value of one point with the exception of the policy priority to remove regulatory barriers to affordable housing, which has a point value of up to 2 points. The total number of points available to applicants that address policy priorities is 3. It is up to the applicant to determine which of the policy priorities they elect to address to receive the available 3 points. To receive points for efforts to remove regulatory barriers to affordable housing, an applicant must submit the completed questionnaire (HUD-27300) "HUD's Initiative on Removal of Regulatory Barrier" found in the

General Section along with required documentation. The form is part of the electronic application and is constructed to permit the required documentation to be attached to the electronic form. For the full list and explanation of each policy priority, please refer to the General Section.

d. (5 Points) *Affirmatively Furthering Fair Housing*. This subfactor will be evaluated on the extent to which an applicant describes how it proposes to undertake activities designed to affirmatively further fair housing opportunities for individuals on the basis of race, color, national origin, sex, religion, familial status, or disability.

For example:

(1) Working with other entities in the community to overcome impediments to fair housing, such as discrimination in the sale or rental of housing or in advertising, provision of brokerage services or lending;

(2) Promoting fair housing choice through the expansion of homeownership opportunities and improved quality of services for minorities, families with children, and persons with disabilities; or

(3) Providing housing mobility counseling services.

4. *Rating Factor 4: Leveraging Resources (8 Points)*. This factor addresses the ability of the applicant to secure resources that can be combined with HUD's grant funds to achieve the program's purpose.

In evaluating this factor, HUD will consider the extent to which the applicant established partnerships with other entities to secure additional resources to increase the effectiveness of the proposed project activities.

Resources may include funding or in-kind contributions, such as services or equipment, allocated for the purpose(s) of the grant. Resources may be provided by governmental entities, public or private nonprofit organizations, for-profit private organizations, or other entities. Applicants may also establish partnerships with other program funding recipients to coordinate the use of resources in the target area. Overhead and other institutional costs (e.g., salaries, indirect costs, etc.) that the institution has waived may be counted. Examples of potential sources for outside assistance include:

- Federal, state, and local governments;
- Local or national nonprofit organizations;
- Financial institutions and/or private businesses;
- Foundations;
- Faith-based and other community-based organizations;

For each cash or in-kind contribution to the program a letter of commitment, memorandum of understanding, or agreement must be provided that shows the extent and firmness of the commitment of leveraged funds (including any commitment of resources from the applicant's own institution) in order for these resources to count in determining points under this factor.

Resources will not be counted for which there is no commitment letter, memorandum of understanding, or agreement, or quantified level of commitment. Letters, memoranda of understanding, or agreements must be submitted on the provider's letterhead and be included with the application package. (Applicants submitting paper copy applications must place all letters, memoranda of understanding, or agreements in the Appendix. Applicants submitting these items electronically must follow the submission directions in Section IV.F of the General Section.)

The date of the letter, memorandum of understanding, or agreement from the CEO of the provider organization must be dated no earlier than nine months prior to this published NOFA.

Applications that do not include evidence of leveraging or address all items as outlined below will receive zero (0) points for this Factor.

A firm commitment letter, memorandum of understanding, or agreement must address the following:

- a. The cash amount contributed or dollar value of the in-kind goods and/or services committed (If a dollar amount and use is not shown, the source will not be counted);
- b. A specific description of how each contribution is to be used toward one of the proposed activities;
- c. The date the contribution will be made available and a statement that describes the duration of the contribution;
- d. Any terms or conditions affecting the commitment, other than receipt of a HUD grant; and
- e. The signature of the appropriate executive officer authorized to commit the funds and/or goods and/or services. Please remember that only items eligible for funding under this program can be considered.

5. *Rating Factor 5: Achieving Results and Program Evaluation (12 Points)*. This factor reflects HUD's goal to embrace high standards of management and accountability. It measures the applicant's commitment to assess their performance to achieve the program's proposed objectives and goals. Applicants are required to develop an effective, quantifiable, outcome oriented evaluation plan for measuring

performance and determining that objectives and goals have been achieved. The Logic Model is a summary of the narrative statements presented in Factors 1–4. Therefore, the information submitted on the logic model should be consistent with the information contained in the narrative statements.

"Outcomes" are benefits accruing to the community during or after participation in the HBCU program. Applicants must clearly identify the outcomes to be measured and achieved. Examples of outcomes include increased employment opportunities in the target community by a certain percentage, increased incomes/wages or other assets for persons trained, or enhanced family stability through the creation of affordable housing opportunities (e.g., increased assets to families and communities through the development of affordable housing).

In addition, applicants must establish interim benchmarks and outputs that lead to the ultimate achievement of outcomes. "Outputs" are the direct products of the program's activities. Examples of outputs are the number of new affordable housing units, the number of homes that have been renovated, and the number of facilities that have been constructed or rehabilitated. Outputs should produce outcomes for the program. At a minimum, an applicant must address the following activities in the evaluation plan:

- a. Measurable outputs to be accomplished (e.g., the number of persons to be trained and employed; houses to be built pursuant to 24 CFR 570.207 or rehabilitated; minority-owned businesses to be started);
- b. Measurable outcomes the grant will have on the community in general and the target area or population; and
- c. The impact the grant will have on assisting the university to obtain additional resources to continue this type of work at the end of the grant performance period.

This information must be placed on a HUD-96010, Program Outcome Logic Model form. Applicants may use as many copies of this form as required. It will not be included in the page count requirement. A narrative is not required. However, if a narrative is provided, those pages will be included in the page count. Additional information on this form and how to use it can be found in the General Section.

B. Review and Selection Process

1. Application Selection Process.

Two types of reviews will be conducted:

a. A threshold review to determine an applicant's basic eligibility; and

b. A technical review for all applications that pass the threshold review to rate and rank the application based on the "Rating Factors" listed in Section V.A.

Only those applications that pass the threshold review will receive a technical review and be rated and ranked.

2. *Rating Panels.* To review and rate applications HUD may establish panels, which may include experts or consultants not currently employed by HUD. These individuals may be included to obtain certain expertise.

3. *Ranking.* HUD will fund applications in rank order, until all available program funds are awarded. In order to be funded, an applicant must receive a minimum score of 75 points out of a possible 102 points, which includes up to two bonus points that may be awarded for activities conducted in the RC/EZ/EC-II, as described in the General Section. If two or more applications have the same number of points, the application with the most points for Factor 3, Soundness of Approach, shall be selected. If there is still a tie, the application with the most points for Factor 1, Capacity of the Applicant and Relevant Organizational Experience shall be selected. If there is still a tie, the application with the most points for Factor 2, 4 and then 5 shall be selected in that order until the tie is broken. HUD reserves the right to make selections out of rank order to provide for geographic distribution of grantees. HUD also reserves the right to reduce the amount of funding requested in order to fund as many highly ranked applications as possible. Additionally, if funds remain after funding the highest ranked applications, HUD may fund part of the next highest-ranking application. If an applicant turns down an award offer, HUD will make an award to the next highest-ranking application. If funds remain after all selections have been made, the remaining funds will be carried over to the next funding cycle's competition.

4. *Correction to Deficient Applications.* The General Section provides the procedures for correction to deficient applications.

C. Anticipated Announcement and Award Dates

Announcements of awards are anticipated on or before September 30, 2005.

VI. Award Administration Information

A. Award Notice

After all selections have been made, HUD will notify all winning applications in writing. HUD may require winning applicants to participate in additional negotiations before receiving an official award. For further discussion on this matter, please refer to the General Section.
