

FY 2000 HOPWA Formula Allocations

The FY 2000 HOPWA appropriation of \$232 million provided \$207.234 million for formula allocations to 101 grantees, including 67 cities for Eligible Metropolitan Statistical Areas (EMSAs) and 34 States. The grantee for these amounts is the State or, for the EMSA, the most populous city in that area, which is the first jurisdiction named in the EMSA title (except as noted). The allocations are part of the area's consolidated plan.

Four new FY2000 grantees are noted as (*) in four metropolitan areas: Albany, NY; Baton Rouge, LA; Columbia, SC; and Oklahoma City, OK. The new EMSAs will reduce the service areas of four existing State grantees in Louisiana, New York, Oklahoma and South Carolina.

	207,234	101 Grantees

Footnotes: (*) Four first-time FY2000 HOPWA grantees are noted (Albany, Baton Rouge, Columbia and Oklahoma City).

The FY2000 grant numbers have been revised from prior years' numbering and appear as follows: C T H 0 0 F 9 9 9 with the nine spaces indicating the State in 2 spaces, H for HOPWA, 2 spaces for the fiscal year, F for Formula, and three spaces for the specific grant number, with 999 representing States, and cities represented in historic sequence from 001 onward. Note that no hyphens are used in these numbers.

@ The FY2000 Approp. Act designated the State of New Jersey to administer funds for the NJ portion of the allocation to the metropolitan Philadelphia area and the city's original FY2000 allocation of \$4,398,000 was reduced by \$665,000, based on the number of cumulative cases of AIDS in the NJ portion of this area, and those funds were added to the State of NJ's total to be used in the NJ portion of this area.
