11.1.1 Overview

The Housing Opportunities for Persons with Aids (HOPWA) program provides housing assistance and supportive services for persons or their families with AIDS or related diseases. HOPWA formula grants are awarded to eligible states and cities in statistical areas with the largest number of AIDS cases.

This chapter describes the 10 completion paths used by HOPWA formula grant recipients. Section 11.4 provides the flow of completion path screens for each Activity Type. The user will note that several different Activity Types require many of the same screens. Therefore, to avoid redundancy, details for each screen are summarized only once in order of screen number (e.g., C04MP02) under Section 11.5. Users can quickly find a particular screen by referring to the table on the following page or the Table of Contents.

The screens on these paths let the user update the beneficiary information and actual expenditures for each HOPWA-eligible activity. The information entered on these screens is used to generate both the Consolidated Annual Performance and Evaluation Report (CAPER) and other ad hoc reports.

Users should also reference “*IDIS for HOPWA Grantees*,” which can be found at the HOPWA Formula Grantee Annual Reporting webpage (<http://www.hud.gov/offices/cpd/aidshousing/programs/formula/operatinginstructions/annualreporting.cfm>). This document provides important conventions for properly setting up HOPWA projects and activities. Before entering data in the completion screens, users should confirm that they have complied with the general guidance on defining activities and projects. Explained in greater detail in the guidance document, highlights include:

Project Overview

Each year, HOPWA grantees should set up a separate IDIS project for themselves and a separate project for each project sponsor performing HOPWA-related tasks. IDIS projects are tied to the Consolidated Plan year in which they are created and the year of the grant allocation. Projects can (and often do) span multiple years. Projects serve to organize and associate specific activities undertaken to the responsible grantee/project sponsor, and to the initial allocation year.

Activity Overview

Activities, unlike projects, are created and updated for a specific program year and report annual accomplishment data for that program year. Activities report annual accomplishments for a project sponsor or grantee and are directly tied to the CAPER submitted by the HOPWA Formula Grantee. As funds are needed to pay administrative expenses and sponsor activities, grantees draw against the corresponding activities. HOPWA grantees should close out each activity at the end of the program year.

Associating Activities

When setting up HOPWA activities, users should associate the activity to the project sponsor (or grantee) undertaking the activity and initial allocation year by selecting the appropriate project in the *CPS Project* and *Program Year* fields, located on the MA01 screen of the common path.

Defining Activities

Activities must represent the eligible HOPWA activities as defined in CFR 374.300. The following eligible activity categories correspond to the HOPWA Completion Paths identified in the MP01 Screen.

- Facility-Based Housing - Development*, *including: Acquisition, Rehabilitation, and New Construction*
- Facility-Based Housing - Operations*, *including Operating Costs, Lease, Project-based Rental Assistance, and Technical Assistance for a community resident/SRO dwelling.*
- Short-Term Rent, Mortgage, and Utility Payments (Scattered Site Housing)
- Tenant-Based Rental Assistance (Scattered Site Housing)
- Facility-based Non-Housing
- Supportive Services
- Permanent Housing Placement
- Housing Information Services
- Resource Identification
- Administration

***Note: HUD requires a separate activity for each site address providing facility-based housing. Multiple sites cannot be aggregated into a single activity.**

A separate activity should be set up for each eligible activity category a specific Sponsor undertakes. Thus, there are often two or more activities set up under each project in IDIS.

Labeling HOPWA Activities in IDIS

Each Activity should include both the name of the Eligible Activity and the Program year for which it is reporting in the IDIS “Activity Name” field (e.g. 2006 TBRA).

Annual Reporting

At a minimum, grantees should report all annual accomplishments within 90 days of the completion of its program year. All relevant data should be entered in both the common path and the HOPWA Completion screens. Remember, the activity reports only those accomplishments that occurred during the reporting year. On the MA04 screen of the common path, users should ensure that the “Report Year” field reflects the program year in which the accomplishments occur.

Completing the Activity

An activity should be closed after entering the annual accomplishment data by changing the *Activity Status* to “Complete” on the MA04 screen. The *Completion Date*, which defaults to the date the activity status is changed, should be revised to reflect either a) the actual completion date, or b) the end of the program year being reported upon for ongoing, multi-year activities. Completing the activity will de-obligate any unexpended funds, which can be committed to new activities set up under the same project.

Users are strongly encouraged to read the “IDIS for HOPWA Grantees” previously referenced for additional guidance.

11.2 Selecting HOPWA on the Activity Setup “Money” Screen (C04MA08)

Purpose: This screen serves two purposes: to give your activity a budget and to route you to the HOPWA completion path screens. Chapter 4 explained how to enter the estimated budget for an activity. For more information on completing the money portion of this screen, read [Chapter 4](#).

Getting To the Money Screen:

Where appropriate, type in the following data. (If the data typed does not fill the field, or you do not need to complete the field, press **<Tab>** to go to the next field.)

When you have completed the fields on this screen, press **<Enter>** to go to the HOPWA Menu (C04MP01).

1. On the IDIS Main Menu, select **Option B**, Revise Activity. The system displays the Revise Activity Screen (C04MA09).
2. Type the Project Number and Program Year for the activity, or press **<F2>** to select the Project Number/Program Year from the list displayed.

After the list appears, type **X** next to the one activity you want to revise and then press **<Enter>**. The system displays the Revise Activity Screen (C04MA10). This is the first screen in the four-screen Setup Activity common path.

3. Press **<Enter>** to move through the next two screens in the common path, the Process Activity Screen (C04MA03) and the Setup Activity Screen (C04MA04). You should now see the Setup Activity “Money” Screen (C04MA08).

ENTER (X) TO SELECT PROGRAM

Where appropriate, type in the following data. (If the data typed does not fill the field, or if no data is appropriate, press **<Tab>** to go to the next field.)

When you have completed the fields on this screen, press **<Enter>** to go to the next screen.

1. Type the estimated sum, in dollars and cents, of funding your activity will receive from *all* CPD formula grant programs. (You can use dollar signs but not commas.)
2. Place an **X** next to HOPWA, then press **<F9>**, then press **<Enter>**.

The system displays the HOPWA Menu (C04MP01). After processing the HOPWA program-specific screens, you will see the Setup Activity Screen (C04MA08) displayed again.

11.3 Selecting a Completion Path from the HOPWA Activity Screen (C04MP01)

Purpose: On this screen, you select the correct HOPWA completion path. These choices are based on the type of housing or service the activity provides and the matrix code you assigned to the activity on the Process Activity screen (CO4MA03).

NOTE:

Carefully review the type of housing and supportive services the activity provides before making a selection on this screen. Set up a separate IDIS activity for each Activity Type identified on this screen. If you do inadvertently choose the wrong path, type an "X" next to the correct path and press <Enter>. IDIS will prompt you to press <F13> to delete the old path or <F7> to cancel the delete request. When you delete an incorrect path, all existing HOPWA data will be lost.

How To Complete This Screen:

When you have completed the field on this screen, press <Enter> to go to the next screen.

11.4 The HOPWA Completion Paths

The HOPWA completion path to follow depends on whether the activity provides facility-based housing – operations, facility-based - development, facility-based non-housing, permanent housing, short-term rental, tenant-based rental, housing information/resource ID/administration, or supportive services. The following sections provide a navigation diagram for each Activity Type. Since the same screens appear many times within these paths, they are displayed in numeric order only once (see Section 11.5). The user should consult the appropriate Activity Type path below and refer to the appropriate screen in Section 11.5 for guidance on completing each screen.

11.5 The HOPWA Screens

11.5.1 Describing the Housing Facility (C04MP02)

Complete the Facility-Based Housing screens if your HIV/AIDS-related housing program is carried out at one or more permanent sites (i.e., a facility). There are two versions of this screen based on the Activity Type selected on the HOPWA Activity screen.

NOTE:

Effective with IDIS Version 6.9, Facility-Based housing activities should not include funds for supportive services. For activities with supportive services data that existed prior to Version 6.9, this path will display the Supportive Services screen (C04MP09) after the MP02 screen. Grantees will see a message that a new Supportive Services activity should be created and any funding and draws for supportive services should be revised to the new activity. Grantees will also have the ability to “zero out” any data already entered on the MP09 screen. Once all fields on the MP09 screen are blank, the screen will no longer display on the Facility-Based Housing path.

Effective with IDIS Version 10.0, Facility-Based housing development or Operations activities will display screen MP02.

All dates are applicable only to activities with an activity type of “Facility-Based Housing Development.” They will not display for “Facility-Based Housing Operations” activities.

Getting To the Facility-Based Housing screen:

When you have completed the fields on this screen, go to the next screen.

- From the HOPWA SPECIAL CHARACTERISTICS of “Facility-Based Housing – Development” screen (C04MP19), and press **<Enter>**. IDIS displays the Facility-Based Housing - Development screen (C04MP02) for facility-based housing development.
- From the HOPWA SPECIAL CHARACTERISTICS of “Facility-Based Housing – Operations” screen (C04MP19), and press **<Enter>**. IDIS displays the Facility-Based Housing - Operations screen (C04MP02) for facility-based housing operations.

Purpose: On this screen, describe details about the housing facility.

How To Complete This Screen:

Where appropriate, type in the following data. (If the data typed does not fill the field, or you do not need to complete the field, press **<Tab>** to go to the next field.)

When you have completed the fields on this screen (Operations), press **<Enter>** to save the information and display the Facility Based Operation Screen (C04MP05).

When you have completed the fields on this screen (Development), press **<Enter>** to save the information and display the Facility Based Housing Development Screen (C04MP20).

- 4 BDRMS** Four-bedroom units
- 5+ BDRMS** Five- or more-bedroom units

DATE OF CLOSING/LEASE EXECUTION

3. Type the date you closed on the purchase of a building; or the date you executed the lease (Only for development screen).

DATE CONSTRUCTION/ REHAB

4. Type the start and end date of any new construction or rehabilitation (Only for development screen).

DATE OPERATIONS STAFF HIRED

5. Type the date that the *first* operations staff member was hired (Only for development screen).

DATE RESIDENTS BEGIN TO OCCUPY

6. Type the date that residents began to occupy the facility (Only for development screen).

11.5.2 Entering Site Expenses (C04MP03)

Purpose: All grantees should use this screen to enter the expenses incurred in developing the activity's housing units. If the property purchased or constructed through HOPWA funds is owned or retained by a public entity (state, city, or other local government agency), the grantee should answer "Y" to the Public Entity prompt. If the activity involves substantial rehabilitation, the grantee should answer "Y" to the Substantial Rehab prompt. There are two versions of this screen based on the Activity Type selected on the HOPWA Activity screen. For Facility-based Housing – Operations activities expenditure should be entered for Lease, Operating Costs, Technical Assistance, Rental Assistance and/or Other. For Facility Based Housing – Development activities expenditure data should be entered for either Rehab/Conversion/Repair or New Construction, but not both.

NOTE:

For HOPWA grantees, stewardship reporting is triggered when a property purchased or constructed through HOPWA funds is owned or retained by a public entity (state, city, or other local government agency). This includes assistance involving capital development, such as:

New construction
Acquisition
Rehabilitation

CAUTION:

Be sure to enter all dollar amounts as whole dollars, rounded to the nearest dollar. Do not enter commas. Do not enter cents.

How To Complete This Screen:

Where appropriate, type in the following data. (If the data typed does not fill the field, or you do not need to complete the field, press **<Tab>** to go to the next field.)

When you have completed the fields on this screen (C04MP03 for Facility Based Housing- Operations), press **<Enter>** to save the information and display the HOPWA SETUP ACTIVITY Screen (C04MA08).

When you have completed the fields on this screen (C04MP03 for Facility Based Housing- Development), press **<Enter>** to save the information and display the Available HOPWA a funding Screen (C04MP10).

ACQUISITION

1. Type the dollar amount spent to acquire the housing units (For Facility-Based Housing Development screen).

REHAB/CONVERSION/ REPAIR

2. Type the dollar amount spent to rehabilitate/convert/repair the housing units (For Facility-Based Housing Development screen).

- LEASE** 3. Type the dollar amount spent to lease the housing units. (For Facility-Based Housing Operations screen)
- NEW CONSTRUCTION** 4. Type the dollar amount spent to construct the housing units (For Facility-Based Housing Development screen).
- OPERATING COSTS** 5. Type the dollar amount spent to operate the housing units. Operating costs as defined in 24 CFR 574.300 (8) are: costs for housing including maintenance, security, operation, insurance, utilities, furnishings, equipment, supplies, and other incidental costs (For Facility-Based Housing Operations screen).
- TECHNICAL ASSISTANCE** 6. Type the dollar amount spent for technical assistance on the housing units (For Facility-Based Housing Operations screen).
- RENTAL ASSISTANCE** 7. Type the dollar amount spent on rental assistance for the housing units (For Facility-Based Housing Operations screen).
- OTHER** 8. Type the dollar amount spent on *other* expenses for the housing units (For Facility-Based Housing Operations and Facility-Based Housing Development screens).
- [Description of Other Expenses]** 9. If you indicated *other* expenses in the preceding field, type a description here (For Facility-Based Housing Operations and Facility-Based Housing Development screens).
- IS THE SITE OWNED BY A PUBLIC ENTITY? (Y/N)** 10. If the housing facility is owned by a unit of the state or local government, answer "Y." Answer "N" if the facility is not owned by a public entity (i.e., it is owned by a nonprofit agency. For Facility-Based Housing Operations and Facility-Based Housing Development screens).
- IS THIS ACTIVITY "SUBSTANTIAL" REHAB? (Y/N)** 11. *Substantial rehabilitation* means rehabilitation that involves costs that are more than 75 percent of the value of the building after rehabilitation. 11.5.3 Entering Housing Assistance and Demographic Information for Persons Served (C04MP05)

Purpose: On this screen, you quantify the number of households, persons with HIV/AIDS, and other family members who received housing assistance under the activity. You quantify the number of households receiving housing assistance that were previously Homeless, and were Chronically Homeless. For STRMU activities, you will enter the number assisted with mortgage assistance. You also enter the total expenditures. There are three versions of this screen based on the Activity Type selected on the HOPWA Activity screen.

NOTE:

HOPWA defines a *family* as a household composed of two or more related persons. The term family also includes one or more eligible persons living with another person(s) who are determined to be important to their well being, and the surviving number or member of any family described in this definition who are living in a unit assisted under the HOPWA program with the person with AIDS at the time of his or her death. [Section 574.3]

How To Complete This Screen:

Where appropriate, type in the following data. (If the data typed does not fill the field, or you do not need to complete the field, press **<Tab>** to go to the next field.)

When you have completed the fields on this screen, press **<Enter>** to save the information and display the Racial/Ethnicity Characteristics screen (C04MP12).

11.5.4 Categorizing Persons Who Received Housing Assistance (C04MP06)

Purpose: On this screen, you categorize the number of persons and family units who received housing assistance by age, gender, and monthly household income. There are three versions of this screen based on the Activity Type selected on the HOPWA Activity screen.

TIP:

This screen asks you to categorize the **total number** of persons receiving housing assistance by age, gender, and monthly household income. The counts that you type in for age and gender should be based on the number of persons receiving housing assistance with HIV/AIDS *plus* other family members making up the family unit who also receive housing assistance as reported on the Facility-Based Housing, Short-Term and Tenant-based screens (C04MP05). For example, if the total of persons with HIV/AIDS receiving housing assistance plus the other persons in the family receiving housing assistance equals 25, you should report 25 as the total in the fields below. The counts you type in for income group of individuals and family units should be the households' monthly income.

How To Complete This Screen:

Where appropriate, type in the following data. (If the data typed does not fill the field, or you do not need to complete the field, press **<Tab>** to go to the next field.)

When you have completed the fields on this screen, press **<Enter>** to save the information and display the Facility-Based Housing screen (C04MP08).

TOTAL
HISPANIC

- Based on the Total Persons Receiving Housing Assistance, carried forward from MP05 screen, report the number of persons served who fall into the following categories.

Effective with Version 7.0, IDIS follows the OMB standard for reporting racial and ethnicity data that includes five single race categories and five multi-race categories. IDIS data entry and display screens for activities created before Version 7.0 will show any existing counts for race data including those in the “Asian/Pacific Islander” and “Hispanic” categories. Activities created after Version 7.0 will not.

Effective with Version 7.0, Hispanic will be an ethnicity category within IDIS that cuts across all races. Those who are White, Black, Asian, Pacific Islander, American Indian, or Other Multi-Racial may also be counted as being Hispanic.
