March 3, 2023

Dear PHA Executive Directors,

The Violence Against Women Act (VAWA) has recently been reauthorized and amended. Here is the [letter](#) that summarizes key changes to the law that are relevant to PHAs.

If you have any questions after reviewing the letter, please contact your regional [FHEO Office](#). You may also visit [HUD's VAWA webpage](#).

Thank you for all that you do for the 3.5 million families that we serve.

Sincerely,

A handwritten signature in black ink, appearing to read "Dominique".
