

IHBG Formula Negotiated Rulemaking Recommendations and Proposals

<p>TAB 13: [Former #3 & #13]</p>	<p>Low-Income Weighting: The weighting of the formula need components should be changed to better reflect both the need of low-income families and the stated purpose of the act; Continued use of Need variables and weights</p>
	<p>The proposals were first introduced on 08/18/2003 and 08/20/2003</p>
<p>A proposal was submitted by UNAHA titled “the Weighting of the Formula Need Components Should be Changed to Better Reflect Both the Need of Low-Income Families and the Stated Purpose of the Act.” A recommendation to address the issue was also submitted by the Needs Workgroup as “Existing Formula Variables and their Weights.” To date there is no regulatory language associated with these proposals.</p>
