

HUD Form 50058 Listening Session

Philadelphia | Jacksonville | Kansas City | **Denver** | **Portland** | Washington DC

April 2018

Presentation

Table of Contents

Section 1: Welcome and Purpose.....	1
Section 2: Overview of 50058 Module and Status of PIC-NG Development	5
Section 3: Defining the 50058	17
Section 4: Improving 50058 Business Processing.....	25
Section 5: Implementing the New 50058.....	38
Section 6: Next Steps.....	42

HUD Form 50058

Listening Session

Philadelphia | Jacksonville | Kansas City | **Denver** | **Portland** | Washington DC

Section 1: Welcome & Purpose

April 2018

Welcome

- Welcome and Opening Remarks
- HUD Form 50058 Listening Session
 - Focus for the past 2 years was moving the PIC 50058 module to a new IT solution and platform. No changes were made to current business processes. Emphasis has been on:
 - Need to improve the availability of PIC;
 - Reduce down time in processing PIC data;
 - Reduce PIC data error rates; and
 - Make enhancements to facilitate PIC integration with multiple vendor applications
 - Next Steps: Concentrate on 50058 business process improvements with the goal of improving accuracy and timeliness of data and lessening the reporting burden for PHAs

2

What is a Listening Session?

- A meeting to discuss specific topics
 - Where HUD is requesting input on specific topics on the Form 50058
 - Participants are asked to provide information, feedback, and comments on these topics
 - Goal of which is to help HUD better shape future IT solutions and business processes surrounding the Form 50058
- Participant input
 - No intent or expectation to reach agreement or consensus
 - All comments/concerns/alternative ideas are welcomed
 - Sessions do not constitute an agreement of an IT solution or change in business process but the session is designed to share information to help HUD shape future system builds
- Encourage PHA and industry partner engagement throughout future development process

3

50058 Listening Session - Roadmap

- Initial 50058 Session – January 12, 2018 (Washington DC)
 - Participants were PHA software vendors and PHA industry representatives
 - Small group break-out sessions to discuss 3 major topics
 - Summary information of participant feedback from all groups was presented to the larger group
- Topics from the January 12th Session:
 - **Topic A (Current Environment):** What changes could be made to the 50058 module to enable it to be more efficient and relevant for data collection for PIH programs and other HUD offices?
 - **Topic B (Near-Future Environment):** What steps should HUD take to ensure that future program changes or initiatives can be easily and seamlessly integrated into PIC 50058?
 - **Topic C (Baseline, Archiving & Migration):** How should PIC handle changes to the collection and archiving of data as part of the new PIC 50058 module data migration and on an ongoing basis?

4

50058 Listening Session – Roadmap

(continued)

- Build on conversation with PHA software vendors by convening six (6) PHA listening sessions scheduled across the country (February to April, 2018)
- Prior PHA listening sessions have already provided valuable insight and has influenced this listening session
- Information from all 50058 listening sessions will be used to hold discussions with HUD program offices that use or are impacted by the PIC 50058. These discussions will impact:
 - PIC 50058 system design;
 - Changes to HUD business processes; and
 - Changes to PHA processes
- HUD will develop list of priority enhancements and 50058 design; implementation schedule; and roll-out of PIC 50058 development timeline

5

What to Expect: Agenda

1. Welcome and Purpose (9:00 – 9:30)

2. Overview of 50058 Module & Status of PIC-NG Development (9:30 – 10:30)

3. Defining the 50058 (10:45 – 11:45)

Lunch (11:45 – 12:45)

4. Improving 50058 Business Processing (12:45 – 3:15)

5. Implementing the New 50058 (3:15 – 3:45)

6. Next Steps (3:45 – 4:00)

6

50058 Listening Session Schedule

#	HUD Field Office Location	Date
1	Philadelphia, PA	Wednesday, February 21, 2018
2	Jacksonville, FL	Tuesday, March 20, 2018
3	Kansas City, KS	Thursday, March 22, 2018
4	Denver, CO	Tuesday, April 3, 2018
5	Portland, OR	Monday, April 9, 2018
6	Washington DC	Wednesday, April 25, 2018

7

Other Items

- Cell Phones
 - Please remember to turn off cell phones or put your phone on vibrate
 - If you need to leave in the middle of a discussion, please do so quietly
- Valuables and Materials
 - Please take valuables (phones, purses, etc.) with you on break and at lunch
- Lunch
 - Various locations outside of building
 - Will need to come back through security

8

HUD Form 50058

Listening Session

Philadelphia | Jacksonville | Kansas City | **Denver** | **Portland** | Washington DC

Section 2:

Overview of 50058 Module & Status of PIC-NG Development

April 2018

Section Focus

- Background and Status of PIC-NG Development
- HUD / Vendor IT Solution and New Platform – 50058 Module
- Initial Release (1.0)
- Next Step – Focus on 50058 Business Process

IMS/PIC

- **Inventory Management System - PIH Information Center**
 - Receives millions of data points from more than 4,250 PHAs
 - Used by HUD to:
 - Calculate Operating Subsidy / Capital Fund
 - Validate Section 8 HAP and Admin Fees
 - Support program oversight for PHAS and SEMAP
 - Maintain inventory of developments, buildings, and units
 - Maintain household and tenant demographics (50058)
 - One of HUD's most used systems
 - ~4,250 HUD users
 - ~ 44,200 PHA users
 - ~ 10,000 users per week
 - ~ 60 software vendors supporting PHAs
 - ~ 10 million 50058 annual submissions

3

Rationale for PIC Next Generation (PIC-NG) Development

- **IMS/PIC developed in 1999 – 2000**
 - No significant changes since 2007
 - Approximately 400 outstanding enhancement requests
- **Availability (CY 2016)**
 - Average 96% availability for the data center (M-F, 7am-9pm EST)
 - 10 days below 80% availability
- **Integration with PHA applications**
 - Difficult/Impossible to integrate PIC information into the PHAs' respective applications
 - Batched data and fatal errors cause heavy administrative burden
 - Many PHAs use multiple vendors applications to manage their developments (e.g. mixed-finance, Rental Assistance Demonstration)

4

Issues with IMS/PIC

- Accuracy of 50058 information
 - Multiple OIG audit findings because of inaccurate information
 - 1.3 million of 10 million 50058 submissions rejected annually
 - Average error resolution: 1 hour = *1.3 million hours administrative burden*
 - Equivalent of 625 FTEs nationwide
 - Significant lag between data input and data validation
 - No data validation prior to submission
 - Correcting/voiding records significantly effects PHA accounting software
 - Not all tenants have a social security number
 - Significant risk of Personally Identifiable Information (PII) exposure

5

Vision: PIC-NG Development

- Enterprise-ready, government-to-government (G2G) and business-to-government (B2G) solution which:
 - Improves quality, availability, timeliness, and delivery of information supporting HUD's affordable housing programs
 - Fully cloud-based – 24/7, no reliance on legacy data centers
 - Micro services/application programming interfaces to enable full integration of IMS/PIC with PHA applications and facilitate interagency collaboration
 - Flexible to support evolving program changes (i.e., rental reform, HOTMA, RAD, MTW Expansion, FSS, and potential deregulation)
 - Significantly reduce administrative burden for PHAs and HUD staff
 - Integrate collection of housing information
 - Section 8 and 9 Tenant Information (50058, 50059)
 - Abatement, FSS
 - Operating Fund (52722/23)
 - Request for Tenancy Approval (52517)
 - UPCS-V Physical Condition
 - Demolition/Disposition of Public Housing properties
 - Inventory of Public Housing units/buildings
 - Financial Statements, FDS

6

PIC-NG Approach

- Stakeholder involvement
 - More than 90% of IMS/PIC information comes from PHAs
 - PHA vendors must update their respective software applications
 - PIC-NG necessary to facilitate business process improvements and regulatory burden relief
- Software development partnership between REAC and OCIO
 - OCIO Infrastructure, Enterprise Architecture, and Information Security
 - REAC Federal software development team (35 FTEs)
 - Utilizes HUD's new cloud infrastructure

7

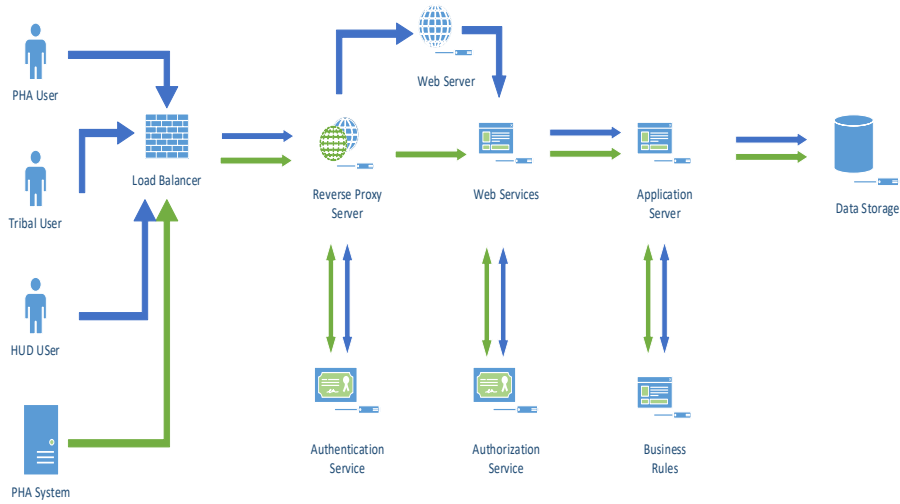

PIC-NG Approach

- Development methodology
 - AGILE- Incremental software delivery with increased functionality
- Stakeholder involvement and feedback
 - Monthly industry calls
 - Industry listening sessions
 - Joint development collaboration tools
 - Feedback on development and transition needs
- Email address: **PICNG_REAC@HUD.gov**

8

IMS/PIC - Tomorrow

9

Status of PIC-NG Development

Build	Current	Spring 2018	Summer 2018	Fall 2018	Winter 2018
Application Programming Interface (API) Testing	- Fully Supported	- Fully Supported	- Fully Supported	- Fully Supported	- Fully Supported
Security Testing			- Fully Supported	- Fully Supported	- Fully Supported
Tenant Verification	- FCC/USAC - FEMA	- FCC/USAC - FEMA	- FCC/USAC - FEMA	- FCC/USAC - FEMA	- FCC/USAC - FEMA
Tribal VASH 50058		- Fully Supported	- Fully Supported	- Fully Supported	- Fully Supported
Section 8 50058			- Streamed Section 8 Submission - Batch Section 8 Submission (no Low Rent Submission)	- Streamed Section 8 Submission - Batch Section 8 Submission - Batch Low Rent Submission (back-end legacy) - Section 8 MTW	- Fully Supported
Public Housing 50058					- Fully Supported
SEMAP			- Submitting PHAs	- Fully Supported	- Fully Supported
Low Rent Inventory (Building & Unit)					- Fully Supported
Demolition/Disposition					- Fully Supported

FCC/USAC = Federal Communications Commission/Universal Service Administrative Company - USAC is a not-for-profit designated by the FCC to distribute funding to organizations that provide access to high-speed connectivity to rural, underserved, and difficult-to-reach areas (e.g., schools and libraries; rural health care facilities; Lifeline program; and companies working to expand connectivity infrastructure to unserved or underserved areas.

10

PIC-NG: 50058 Release 1.0

What Will Change?

- New IT Platform and Solution which allows for greatly enhanced 50058 business processing
- New IT Design includes Micro Services / Application Programming Interface (API) (Allows PHA users to work exclusively in their own applications)
- Real time interfaces between PHA systems and PIC-NG
 - Allows for both synchronous and asynchronous processing
- Improvements made to 50058 Submission Process and 50058 Correction Process
- Ability to handle Fatal Errors and Warnings Prior to submission of 50058
- Reduced risk of personally identifiable information (PII) exposure

What Will Not Change?

- No changes to the 50058 – same business rules, fields, edits, etc.
- File layout / field for 50058 submission are still the same (same Technical Reference Guide – TRG, e.g., fatal edits, warnings, batch layout, etc.)

11

New IT Platform - Solution Release 1.0 (continued)

PHA Users to Work Exclusively in their System

Systems

- Business Intelligence (BIMSTR)
- Financial Assessment Submission System (FASPHA)
- Financial Assessment System (FAS)
- Mark to Market System (M2M)
- Multifamily Delinquency Reporting System (MDDRS)
- Public Housing Assessment Scores and Status (NASS)
- Physical Assessment System (PAS)
- PHA Information System (PHIS)
- Test Site for PHA Integration Control Test (PACTST)
- Quality Assurance Subsystem (QASS)
- Voucher Management System (VMS)

PHA System

HUD
Databases

HUD Code
Release

PHA System
Updated with
New
Functionality

12

Expected Benefits of Solution to PHAs Release 1.0 (continued)

In Your Daily Life

Application Programming Interfaces/ Synchronous

Expected Benefits of Solution to PHAs Release 1.0 (continued)

Pre-submission Edit Checks

- Completed 50058 data can be bounced against all the 50058 business rules **prior** to actual submission of the 50058 data (i.e., no more fatal errors)

12. Housing Choice Vouchers: Tenant Based Vouchers		
12a	Number of bedrooms on voucher	12a
12b	Is family size exceeding the unit? (C or N)	12b
12c	Does the family qualify as a HAP to receive family? (C or N)	12c
12d	Did family move into your PHA jurisdiction under portability? (C or N) (If no, skip to 12g)	12d
12e	Cost-benefit per month (not if allowed)	\$ 12e
12f	PHA quota filled	12f
12g	Housing type: <input type="checkbox"/> Group Home (private gross rent) <input type="checkbox"/> Own manufactured home, lease space	
12h	Owner name	12h
12i	Owner TIN/EIN	12i
12j	Payment standard for the family	\$ 12j
12k	Rent to owner	\$ 12k
12l	Utility allowance, if any	\$ 12l
12m	Gross rent of unit, 12h + 12m (or Space Rent)	\$ 12m
12n	Lessen of 12j or 12m	\$ 12n
12o	TSP cost from H	\$ 12o
12p	Total HAP: 12n minus 12o	\$ 12p
Rent Calculation (If pre-empted, skip to 12ah)		
12q	Total family share: 12p minus 12a	\$ 12q
12r	HAP to owner: lesser of 12k or 12q	\$ 12r
12s	Tenant rent to owner: 12q minus 12r	\$ 12s
12t	Utility reimbursement to family: 12l minus 12s, but do not exceed 12m	\$ 12t
Prorated Rent Calculation		
12ah	Normal total HAP: min(12p, 12a) but do not exceed 12p	\$ 12ah
12ai	Total number eligible	12ai
12aj	Total number in family	12aj
12ak	Proportion percentage: 12ai / 12aj	\$ 12ak
12al	Prorated total HAP: 12ah * 12ak	\$ 12al
12am	Mixed family total family contribution: 12r minus 12af	\$ 12am
12an	Utility reimbursement less than 12t	\$ 12an
12ao	Mixed family tenant rent to owner: 12ag minus 12ah	\$ 12ao
12ap	Prorated HAP to owner: 12s minus 12al, if 12al is negative, put 12a	\$ 12ap

PIC NG 50058 Database

Return Real Time Error Messages & Warnings

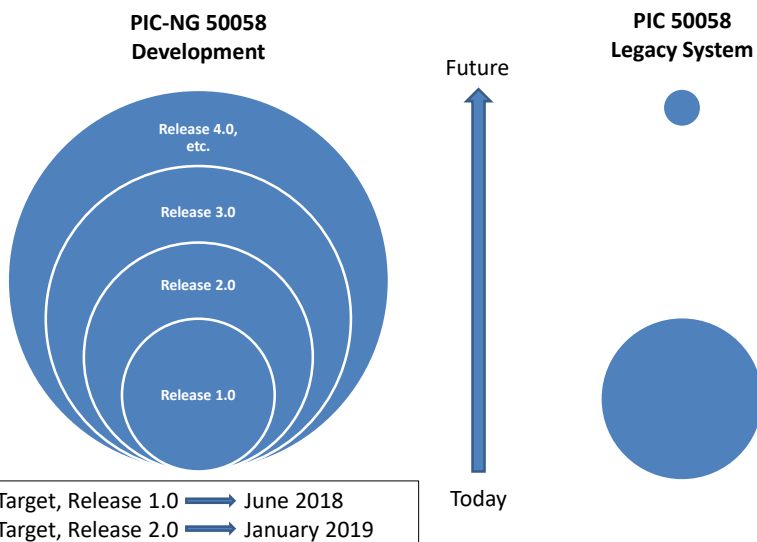

Next Steps – Focus on 50058 Business Process

- With the new design and platform in place, the emphasis shifts to:
 - Improvements & possible changes to Form 50058 data fields submitted
 - Continue to relax fatal errors to absolute minimum
 - Added efficiencies
 - Reduction of reporting burden
 - Enhanced Business Intelligence
 - Geocoding, mapping
 - Accurate information for accurate program funding
 - Phase out of batch processing and legacy system

17

PIC-NG: 50058 vs Legacy System

18

Shaping Release 2.0 and Future Releases

- The focus of this listening session is to help HUD understand:
 - What overall business processing changes do PHAs feel are needed?
 - What specific business processing changes do PHAs feel are needed?
 - What should be the priority of the changes (i.e., understanding pain points)?
- Future releases will focus on changes to the 50058 Business Process:
 - How can 50058 business processing be improved?
 - How do PHAs and HUD use the 50058?
 - What are PHAs and HUD reporting needs?
 - How should changes be implemented?
 - What is the strategy and schedule for implementation?
- The next few slides provide examples of how 50058 business processing could possibly change due to the new IT environment

19

Possible Functionality

Example 1 – Real-Time Application / New Admission Validation

Example of Benefits

- (1) Is this a valid SS#?
- (2) Is the SS# currently in PH or HCV unit in any other PHA in the nation?
- (3) Does this person owe funds to another PHA (EIV)?

3. Household

3a. Head of Household	3b. Last name & Sr., Jr., etc.		
Member number 01	3g. Sex	3h. Relation	3i. Citizenship
		H	
	3n. Social Security Number		
	123-45-6789		

Edits

20

Possible Functionality (continued)

Example 2 – Enhanced Data Edits

Country* City* State*

Phone number This entry can only contain numbers. deliveries

Cell phone

Example of Benefits
Real-Time Data Entry Edits

21

Possible Functionality (continued)

Example 3 – Increased Usage of API / Web-services

2. Action

2a. Type of action	2a.
2b. Effective date (mm/dd/yyyy) of action	2b.

Example of Benefits

2 - Annual Reexamination: EIV Income Information

4/5 - Port Move In/Out:

- Has the Initial PHA completed the Move-out Action
- Initial PHA contact information
- Transfer of program participant data

6 - End of Participation: Amount owed in EIV Debts Owed Module

Edits

22

Possible Functionality (continued)

Example 4 – Expanded / Efficient Reporting

Example - HUD to PHA FSS Participant Reconciliation Report

#	PHA/HUD Name			HUD 50058 Data			Contract Start Date	Contract End Date	Exit Date	PIC vs. PHA List
	First Initial	Middle Initial	Last Name	FSS Participant	FSS report category	FSS effective date of action				
1	F	L	Macintosh	Y	P	9/9/17	12/1/14	11/30/19		No Issue - Current Progress Report
2	S	M	Sitter	Y	P	10/7/17	12/1/14	11/30/19		No Issue - Current Progress Report
3	R	M	Goss	Y	P	11/13/17	9/1/13	8/31/18		No Issue - Current Progress Report
4	R	M	Grehouse	Y	P	1/5/18	12/1/14	11/30/19		No Issue - Current Progress Report
5	N	M	Jerry	N	*	*	11/1/14	10/31/19		Issue - No FSS addendum for Participant in PIC
6	L	N	Callaham	N	*	*	8/1/14	7/31/19		Issue - No FSS addendum for Participant in PIC
7	B	A	Adbi	Y	P	8/1/2016	9/1/14	8/31/19	02/28/17	Issue - Need FSS Exit Record in PIC
8	H	A	Sills	*	*	*	7/1/2017	6/30/22		Issue - Not in PIC
9	K	A	Floyd	Y	*	*	3/1/2018	2/28/2023		Issue - New FSS Participant not in PIC
HUD FSS Count			6							
PHA FSS Count			8							

Example of Benefits

- Expanded reporting allowing for comparison of data between PHA system and HUD databases
- Access to historical 50058 data (versus just current record)

23

Possible Functionality (continued)

Example 5 – PHA Enhanced Reporting

Example – PHA Level of Education Statistics

Highest Level of Education	Non Elderly / Disabled Head of Households	
	Count	%
None	50	10%
High School/GED	275	55%
College Courses w/ No Degree	50	10%
Vocational Technical	75	15%
2-year College	20	4%
Bachelors	20	4%
Masters	10	2%
Total	500	100%

Example of Benefits

- Ability to combine 50058 information with other data to address PHA reporting needs

24

HUD Form 50058

Listening Session

Philadelphia | Jacksonville | Kansas City | **Denver** | **Portland** | Washington DC

Section 3: Defining the 50058

April 2018

Section Focus

- PHA Data System vs the 50058
- Deficiencies with Current 50058 Form
- PHA Business Process and 50058
- HUD and PHA Reporting Needs

PHA Data System vs the 50058

- PHAs' systems are typically organized by programs and activities:

Programs	Activities
<ul style="list-style-type: none"> • Public Housing • HCV • Section 8 Mod Rehab • Section Project-Based • Multifamily • Tax Credit Properties • Rural Development 	<ul style="list-style-type: none"> • Application/Waitlist • Occupancy (Move In/Out) • Rent Calculation • Rent Collection (Tenant Accounts Receivable)

- PHAs' systems also have the following modules:
 - **Public Housing Modules:** PH Inspections; Work Orders; Inventory; PHAS Reporting
 - **HCV Modules:** HQS Inspections, Rent Reasonableness; SEMAP
 - **PH and HCV:** Family Self-Sufficiency (FSS)

3

PHA Data System vs the 50058

Data from the respective program and associated activities are used to populate the official 50058 that is transmitted to PIC

4

PHA Data System vs the 50058

(continued)

50058 Family Report					
#	Section Name	PH	HCV	S8 Mod Rehab	MTW
1	Agency	x	x	x	x
2	Action	x	x	x	x
3	Household	x	x	x	x
4	Background at Admission	x	x	x	x
5	Unit to be Occupied on Effective Date of Action	x	x	x	x
6	Assets	x	x	x	x
7	Income	x	x	x	x
8	Expected Income Per Year	x	x	x	x
9	Total Tenant Payment (TTP)	x	x	x	x
10	Public Housing and Turnkey III	x			x
11	Project-Based Certificates and Vouchers	N/A	N/A	N/A	N/A
12	HCV: Tenant Based Vouchers (MTW: includes Project-based)		x		x
13	Section 8: Moderate Rehabilitation			x	
14	[Skipped]				
15	Homeownership Vouchers		x		x
16	[Skipped]				
17	FSS/Welfare to Work Addendum	x	x		x

- The 50058 must be completed for tenant in the following programs: Public Housing, HCV, and S8 Mod Rehab
- **Section 2 – Action.** Type of action; correction to a submission; FSS participant; Special vouchers or programs; PHA use only fields
- **Sections 6-9.** Household data used to determine rent calculation
- **Sections 10-15.** Rent calculation based on program type
- **Section 17 – FSS.** A progress report is required to be completed annually

5

Rent Calculation & Current 50058

- PHA Rent Calculation and the 50058: The tenant rent shown on the 50058 does not necessarily mean that this amount should be the rent that the tenant pays
 - Indicates that the math is correct
 - Does not mean that the underlying tenant information (e.g., medical deductions, income, number of dependents, etc.) is correct
- For the following programs, detail rent calculations are not available in the 50058; instead work-arounds are used:
 - RAD – HUD guidance is to provide the tenant rent on field “2q – PHA use only”
 - Project-Based Vouchers – Vendors are applying different work-arounds to calculate rent for PBV within their vendor system
 - Homeownership Vouchers and Manufactured Housing – 50058 does not handle situations where a PHA is making 2 separate HAP payments

6

Other Deficiencies with Current 50058

- Other Fatal Errors that Require Work-arounds:
 - Biennial HQS Inspection
 - Family Self-Sufficiency (FSS)
- Future Program Changes that Impact the 50058:
 - HOTMA Provisions
 - FSS Program Metrics
 - MTW Expansion
 - Rent Reform

7

Current PHA Business Process & 50058

- **Who at the PHA enters the “50058” data into the PHA’s system?**
 - Clerk for PHAs with centralized intake enter the application information in the PHA’s system?
 - Property managers or HCV specialists?
- **Who at the PHA reviews the 50058 prior to submission?**
 - Property managers or HCV specialists?
 - Compliance or Quality Control Reviewer?
 - PH or HCV Supervisor?
 - IT?

Data is entered into
PHA’s system

PIC NG 50058
Database
8

Current PHA Business Process & 50058

(continued)

- **Who at the batches the 50058s and submit to PIC?**
 - Same person that performs the review?
 - IT?
 - For combined PHAs, is it the same person for both Low Rent and HCV?
- **How frequently do PHA batch and submit the 50058s to PIC?**
 - Weekly?
 - Twice a month?
 - Monthly?

9

Current PHA Business Process & 50058

(continued)

- **Who at the PHA is responsible for correcting warnings? Fatal errors?**
 - Do Property managers and HCV specialists correct their own warnings/fatal errors?
 - Compliance or Quality Control specialist?
 - PH or HCV Supervisor?
- **How easy is it for the PHA to correct warnings and fatal errors?**
 - Is there information that HUD can provide to help PHAs make the corrections?

10

Top 10 – 50058 Fatal Errors

#	Error Code	Error Description	Total	Error Category	% of Total
1	4080	A record with a later Effective Date exists in the database. Either remove the later record or change this effective date to a later date	74,390	Sequence	17.3%
2	4174	This is a new tenant in IMS-PIC. No 50058 data for this Head of Household exists. At least one New Admission or Historical Adjustment record must be submitted first	50,461	HoH	11.7%
3	4042	For this action type, HOH or Former HOH SSN should be same as the one existing for this Building Number, Building Entrance Number & Unit Number	20,852	HoH	4.9%
4	4044	Unit must be vacant in case of New Admission, Historical Adjustment, or Other Change of Unit	18,695		4.4%
5	4182	This tenant already exists at this PHA in the IMS-PIC database. New admission cannot be accepted	17,608		4.1%
6	4006	PHA Code for tenant does not match with existing PHA Code in database	16,219		3.8%
7	5332	The SSN or AID in this household was previously found to appear in other households. Please refer to Chapter 5 of Technical Reference Guide (TRG) for instructions to submit Form 50058 for this SSN	10,713		2.5%
8	4176	A different unit is already occupied by this Head of Household. Use action 7 to change a unit	9,153	HoH	2.1%
9	5348	The SSN is an active record in another agency and there is no overlapping date situation. Port Out cannot be accepted and is not necessary	8,862	Portability	2.1%
10		All Other (473 different fatal error message types)	202,607		47.2%
		Total	429,560		100%

11

Top 10 – 50058 Warnings

#	Error Code	Error Description	Total	Error Category	% of Total
1	4126	Last Modified Date should not be more than 120 days earlier or 2 days later than the transmission date	105,688		37.2%
2	5355	In the future, you will no longer be able to submit a record for a new tenancy or move-in unless there is an action code 10 (issuance of voucher) for the family	38,110		13.4%
3	5295	This SSN/AID in this household appears in other households. Check the Possible Dup Tenant Report	27,253		9.6%
4	4666	Payment Standard to Family is less than 50 or greater than 3000	17,241		6.1%
5	5359	More than 12 months have passed since last FSS enrollment or progress submission. FSS progress reports must be completed at least annually during each family's participation in the FSS program.	7,657	FSS	2.7%
6	5359	More than 12 months have passed since last FSS enrollment or progress submission. FSS progress reports must be completed at least annually during each family's participation in the FSS program.	7,416	FSS	2.6%
7	4670	Rent To Owner is less than 5 or greater than 3000	7,314		2.6%
8	5304	TTP is normally not greater than 2250	6,895		2.4%
9	4506	Utility Allowance is greater than 400	6,620		2.3%
10		All Other (58 different warning message types)	59,641		21.0%
		Total	283,835		100%

12

New PHA Business Process & 50058

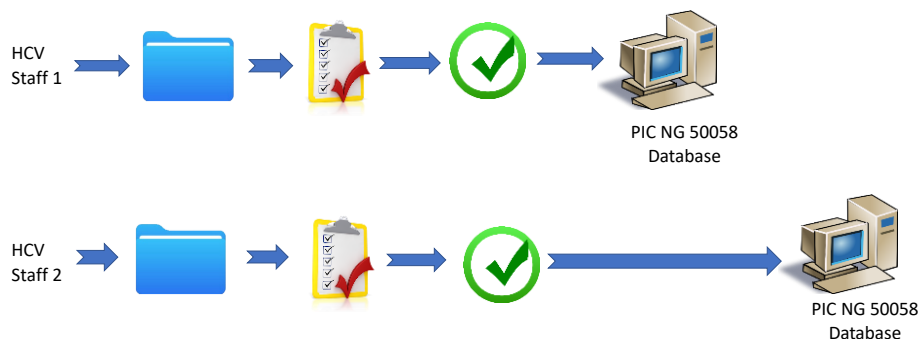

- **Decision Point 1: Would PHA submit 50058s as individual files or batch?**
 - Would PHAs do both – submit individual files and batch?
 - Would PHAs change frequency of submission to PIC?

- **Decision Point 2: Who at the PHA is responsible for reviewing 50058 prior to submission?**
 - Would intake clerk or property managers/HCV specialists perform pre-submission edit checks **prior to** actual submission of 50058?

- **Decision Point 3: Who at the PHA is responsible for submitting the 50058s to PIC?**
 - Would property managers or HCV specialists submit their own 50058s to PIC?

13

New PHA Business Process & 50058

14

HUD and PHA Reporting Needs

- **HUD Reporting Needs.** HUD uses the 50058 data for the following purpose:
 - PHA’s compliance with program regulations
 - Reporting to oversight agencies on program performance and tenant characteristics: tenant household composition; sources of income, rent charged, etc.
 - Funding: Current > FSS Service Coordinators NOFA
 - Funding: Future > Calculate HAP and Administrative Fee)
 - Funding: Future > Tenant Rental Income for Operating Fund
 - Program Performance: Future > Program metrics for FSS, MTW, and new initiatives

15

HUD and PHA Reporting Needs

(continued)

- **PHA Reporting Needs:**
 - **What data do PHAs use from HUD’s 50058 system?**
 - Do PHAs check to see if data in the PHA’s system match the data in HUD’s 50058? For example, do PHAs reconcile the data in their system with HUD’s 50058 for count of FSS participants?
 - **Is there other data that HUD should collect on the 50058 that would be useful for PHAs?**

Additional 50058 Data Collection	
▪ Education Level	▪ Report of household members by age (school-age children for school district)
▪ Language Spoken	▪ Employment

16

HUD Form 50058

Listening Session

Philadelphia | Jacksonville | Kansas City | **Denver** | **Portland** | Washington DC

Section 4:

Improving 50058 Business Processing

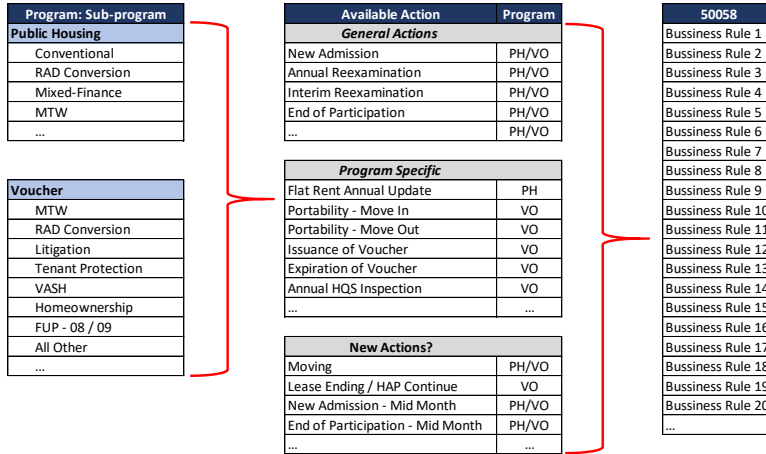

April 2018

Session Focus

- How should the 50058 Business Model and Business Processes be Redesigned to Improve Efficiency and Effectiveness?
 - Where are there current problems with the 50058 which cause inefficiencies in how your PHA complete its work?
 - What enhancements can be made to 50058 processing to improve the accuracy of the data?
 - How should the 50058 be redesigned to lessen reporting burden or improve the quality of reporting?
 - How can 50058 data be better used to improve program oversight?
 - How can 50058 data be used to provide for more accurate and timely funding?
 - How should HUD re-design the 50058 for both HUD and PHAs to be able to change their business process and IT systems to implement needed changes in a timely manner?

2

Rethinking Relationship of Program Type Codes, Action Codes, and Business Rules

3

Program and Sub-program Codes (Field 2n-Other Special Programs)

ID	Program	Code	Description
1	PH	EDSS	Economic Development and Supportive Services Program
2	PH	HOPE	Homeownership and Opportunity for People Everywhere VI Resident Service Program
3	PH	PHDEP	Public Housing Drug Elimination Program
4	PH	ROSS	Resident Opportunities and Self Sufficiency

ID	Program	Code	Description
1	S8	DHAPK	DHAP 85M Conversion Voucher
2	S8	DVIKE	DHAP-Ike and Disaster Voucher Program Conversion Voucher
3	S8	FUPF	Family Unification Program-Eligible Family
4	S8	FUPY	Family Unification Program-Eligible Youth
5	S8	KATHU	Katrina Temporary Housing Unit Voucher
6	S8	LIT	Litigation
7	S8	MS5	Mainstream 5 years
8	S8	MTO	Moving to Opportunity
9	S8	NED	2009 Non-Elderly Disabled Voucher
10	S8	NHT	2009 Nursing Homes Transitional Voucher
11	S8	PHRR	Public Housing Relocation/Replacement
12	S8	RADMR	Rental Assistance Demonstration/Moderate Rehabilitation
13	S8	RADPH	Rental Assistance Demonstration/Public Housing
14	S8	RADRP	Rental Assistance Demonstration/Rental Assistance Payments
15	S8	RADRS	Rental Assistance Demonstration/Rental Supplement
16	S8	ROC	Regional Opportunity Counseling
17	S8	ROSS	Resident Opportunities and Self Sufficiency
18	S8	RPBV	RAD Project Based Vouchers
19	S8	TCU	Tax Credit Unit
20	S8	VASH	Veterans Administration Supportive Housing

4

Homeownership Vouchers

- **Homeownership Vouchers (Section 15)**
 - The 50058 asks for the total amount of HAP that is paid. Some PHAs indicate that they make two (2) HAP payments: 1) to the mortgage company, and 2) utility allowance to the tenant or utility company. The suggestion was to have 2 fields on the 50058 to account for when the PHA is making 2 separate HAP payments
 - Are there instances where a PHA is making 2 separate HAP payments for Homeownership Vouchers?
 - Are there other reporting issues with Homeownership Vouchers and the 50058?

5

Manufactured Housing

- **Manufactured Housing (Section 12 – HAP for Vouchers)**
 - HAP payments can be made for the trailer, the space/pad that the trailer sits on, or both. Some PHAs state that the 50058 does not currently handle situations where the HAP is used to pay for both the trailer and space and the PHA is making 2 separate HAP payments
 - Are there instances where a PHA is making 2 separate HAP payments for Manufactured Housing?
 - Could a PHA be making 3 separate HAP payments – 1) trailer; 2) pad; and 3) utility allowance to tenant or utility company?
 - Is this a PHA reporting preference on how information should be shown on the 50058? (Not currently a HUD requirement that the amounts are shown separately)
 - Are there other reporting issues with Manufactured Housing and the 50058?

6

Portability - General

- **Known Issues**
 - Administratively very burdensome as both PHAs must coordinate 50058 processing in order to move out and move in the family to the other PHA's jurisdiction
 - Need for guidance / training as certain portability issues that have been brought up seem related to improper processing
 - Payments of associated HAP and administrative fee
- **Possible Efficiencies**
 - Webservices:
 - Query 50058 data from respective PHA for port in family
 - Transfer of 50058 data from initial PHA
 - Generate move-out record for initial PHA (including removal of erroneous EOP record)
 - Provide HUD funding to receiving PHA directly
 - PIC-NG / vendor system re-designed to help user properly complete port-out processing (e.g., error messages, screen guidance & prompts)

7

Portability - Typical Processing

- **Typical Portability Processing**
 - Initial PHA: action code 10: Issuance of Voucher
 - Initial PHA: action code 5: Move-out
 - Receiving PHA: action code 4: Move-in
 - Receiving PHA properly completed 12d – 12e of 50058

<u>12d.</u>	Did family move into your PHA jurisdiction under portability? (Y or N) (if no, skip to 12g)		12d.
<u>12e.</u>	Cost billed per month (put 0 if absorbed)	\$	12e.
<u>12f.</u>	PHA code billed		12f.

- **Processing Problems are Likely Training Issues**
 - Incorrect use of action code 1: New Admissions or action code 6: End of Participation (including when absorbing)
 - Failure to properly report 12d – 12e (including when absorbing)

8

Portability – Project-Based Vouchers Processing

- **Portability Processing – Project Based Vouchers**
 - Initial PHA: Action code 10 – Issuance of Voucher
 - Initial PHA: Need to change voucher type from project-based to tenant-based
 - No longer use section 11 of 50058 (TTP/HAP for PBV)
 - Complete section 12 of 50058 (TTP/HAP for Vouchers)
 - Complete processing of port-family with normal move-in / out action codes and use of 12d – 12e of 50058

- **Processing Problems are Likely Training Issues**
 - Need to update voucher type from project-based to a tenant-based voucher

9

Portability – VASH Processing

- **Portability Processing – VASH**
 - Use normal processing procedures from a 50058 processing perspective
 - However, there are certain requirements on VASH portability
 - Within VAMC catchment area
 1. Receiving PHA administers VASH, receiving PHA may bill or absorb (2n = VASH)
 2. Receiving PHA does not administer VASH, receiving PHA must bill (2n = VASH)
 - Outside VAMC catchment area and new VAMC area has slot
 1. Receiving PHA must administer VASH and absorb (2n = VASH)
 - Case management no longer required
 1. Receiving PHA does not need to administer VASH program
 2. Receiving PHA can absorb or bill, if billed receiving PHA must mark this tenant as a VASH program participant (2n = VASH)

10

Multiple (Overlapping) Subsidy

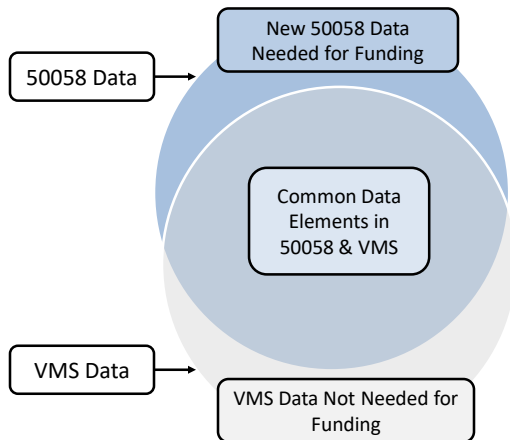

- **Scenario 1:** Family is receiving assistance under multifamily housing program through 3/31 at HA 1. Family applies for and receives a HCV tenant-based voucher as of 3/15 at HA 2. There is multiple subsidy for the period 3/16 to 3/31

- **Scenario 2:** Family is receiving PH assistance at Housing Authority 1 and is suppose to switch to a HCV voucher on 4/1 but the tenant is unable to move out of the PH unit until 4/4. There is an overlap of subsidy (PH and HCV) for 3 days (4/1 to 4/3)

- **Scenario 3:** Family has an HCV voucher, and it is March, the 12th month of the family's lease to Landlord 1 and the family moves out mid-month. The family signs a new lease with Landlord 2 effective for 3/15

11

Example HCV Funding Model (continued)

Benefits

- Reduces HUD Reporting Burden by Elimination of VMS
- One source of data (50058)
- No substantive change to PHA business process
- Same concept for Operating Fund formula

12

HCV Funding and 50058 Data

- Know issues that will require special processing / handling in order to provide accurate funding (includes funding adjustment to prior month data)

50058 Funding Modifications		
#	Item	Description
1	No Fatal Errors	Reduce large number of unaccepted 50058 submissions.
2	Tenant / Owner / PHA Corrections and Retroactive Activity	Additional payments or recaptures of HAP for errors.
3	Rental Assistance Demonstration (RAD) Program	50058 does not allow for proper rent calculation for phase in of rent increase or identifies the HAP payment as part of the initial CY conversion.
4	Abatements	There may be no HAP or a reduced HAP based on resolution.
5	Holds	PHA may hold a payment to a landlord for a variety of reasons – for example, awaiting the resolution of a less severe HQS finding, owner is out of compliance, investigating potential landlord fraud, etc.).
6	Mid-Month Move In	HAP will be pro-rated. Currently 50058 does not allow for pro-rated values.
7	Mid-month Move-out	HAP may need to be pro-rated (reduced) if the agency/landlord is allowing a mid-month move out.

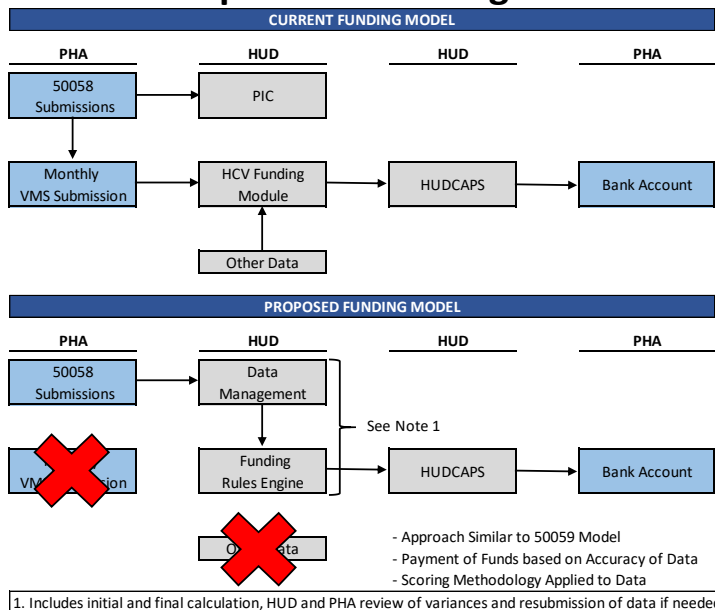

13

HCV Funding and 50058 Data (continued)

50058 Funding Modifications (continued)		
#	Item	Description
8	Port-outs Administered by Another Agency	Initial PHA will not have current HAP values in their own 50058 data, as payments are based on the form 52665 and invoices from the receiving PHA.
9	PBV Vacancy Loss	50058 does not handle the ending of a lease but the need for continued HAP payments (normally associated with PBV, family lease ending mid-month, PHA policy).
10	Overlapping Subsidy	50058 does not allow a participant to be in two units at the same time, affects rent – HAP calculations. However, can be a common occurrences when program participants are moving / changing subsidy type.
11	Gaps in Occupancy	Participant is on program, has active 50058 but not under a HAP contract; family is displaced from unit and therefore no HAP or rent payments are actually made.
12	Reasonable Accommodations	Need to allow for situations where a tenant with reasonable accommodation requires a higher utility allowance.
13	Homeownership - Participants with Low Income	50058 assumes HAP payment goes to one third-party.
14	Manufactured Home Space - Participants with Low Income	50058 assumes HAP payment goes to one third-party.

14

Example HCV Funding Model

15

Limitation of Current 5058 Design

- Certain 50058 fields are dependent on the action code chosen which causes difficulties for reporting / analysis
 - Action Code 1 & Homeless at Admissions field,
 - FSS contract start and end dates
- No action code for change of ownership of unit but is necessary part for processing HAP payments
- Need for PBV and PH Mixed finance project data to be associated with the unit, including a better process for reporting floating units
- Allow for coding of PHA-wide policy to minimize HUD questions of PHA submitted data (e.g., interim re-examination policy, inspection policy, etc.)

16

Limitation of Current 5058 Design (continued)

- Changes to Head of Household
 - Results in 50058 errors and warnings
 - Loss of data and improper history of family
 - Issues may related to individual vendor systems and 50058 processing (populating 3W - Former HoH and sequencing)
- Tenant changes from one form of assistance to another or changing voucher type
 - Expand functionality in vendor systems
 - Example: Action Code 6: End of Participation - 50058 data streamed when changing assistance type (i.e., RAD)
- FSS addendum available only if “FSS participant” (2k) is marked “Yes”

17

Limitation of Current 5058 Design (continued)

- Need action code for unleased applicant (displaced family, litigation unit, etc.)
- For FSS, would like ability to use the anniversary of the FSS enrollment date as the anniversary date of family enrollment for PH or HCV program so that annual reexamination and FSS annual progress report can be conducted at the same time
- Need for better guidance on proper use of action codes
 - Example: Action Code 10 – Voucher Issuance: Contradictory Notices and Guidance
 - Example: VASH voucher to HCV voucher
 - Is there a voucher issuance or interim 50058 needed?
 - Generates reconciliation problems with VMS and VMS guidance

18

Improving Data Accuracy

- **Data Accuracy**
 - What design changes can be made to help ensure data accuracy?
 - Calculate age automatically based on DOB
 - Use of standard formats – Owner ID, SSN, Address, etc.
 1. Do not use single string
 2. Vendor to apply data entry mask but to comply with HUD standard in transmission of data
 - Automatically validate address information with third-party (i.e., US Postal Service)
 - What changes to functionality can be made to help ensure data accuracy?
 - Single unit information table with unique identifier that links to 50058 and all other reports (e.g., inspectors, tax credit reporting, etc.), including single federal standards used to classify the characteristics of the unit
 - Unique 50058 identifier which would be stored in the both the PHA and HUD databases to allow for easy identification of specific 50058 and could be used to link to other data sets

19

Improving Efficiency

- **Enterprise Income Verification (EIV) system**
 - New EIV tool available to all PHAs – **Target:** June – November 2018
 - EIV tool available via web-service call – **Target:** Fall/Winter 2018

INCOME VALIDATION TOOL - Unreported Income by Household

Program Type: (A) Unreported Income Greater than or equal to: \$400 Potential Compromised Household

T2004 - Unreported Income Summary as of 09/30/2015

Program Type	Total Households Evaluated	Total Discrep Households	% of Discrep Households	Reported 50058 Income from all Tenants	Total Unreported Income	% of Unreported Income
Public Housing	1,276	1,119	87.81%	\$16,526,913	(\$160,213)	25.20%
Public Housing	932	177	18.99%	\$3,343,136	(\$1,176,808)	26.04%

Household Level Statistics

Head of Household SSN	Effective Date	First Name	Last Name	Unreported Income	Annual Reported Income from 50058	Annualized Income Reported by SSA and HUD	Total Unreported Income	% of Unreported Income	Household Member Count
000-00-0000	10/11/2015	10	WHIGGERS	SLynn	\$57,846	\$0	\$57,846	100.00%	1
000-00-0000	8/11/2015	8	ICHACOFF	ALMS	\$4,730	\$4,208	\$793	82.09%	1
000-00-0000	11/1/2015	11	NEWTON	LYnnne	\$1,757	\$7,313	\$19,017	81.31%	4
000-00-0000	8/11/2015	8	FITZGERALD	ALexander	\$4,901	\$14,687	\$5,508	72.00%	5
000-00-0000	11/1/2015	11	LEWIS	KEVIN	\$1,268	\$1,108	\$5,376	77.32%	3
000-00-0000	10/2/2016	2	BRADY	KEVIN	\$9,952	\$14,804	\$6,406	76.36%	4
000-00-0000	11/1/2015	11	BRADY	KEVIN	\$9,951	\$9,216	\$49,687	81.52%	1
000-00-0000	11/1/2015	11	BRADY	KEVIN	\$9,951	\$9,216	\$66,308	90.92%	3
000-00-0000	11/1/2015	11	BRADY	KEVIN	\$9,951	\$9,216	\$17,310	100.00%	2
000-00-0000	11/1/2015	11	BRADY	KEVIN	\$9,951	\$9,216	\$0	100.00%	3
000-00-0000	10/1/2015	10	BRADY	KEVIN	\$9,951	\$9,216	\$0	100.00%	3
000-00-0000	11/1/2015	11	BRADY	KEVIN	\$9,951	\$9,216	\$0	100.00%	1
000-00-0000	11/1/2015	11	BRADY	KEVIN	\$9,951	\$9,216	\$21,465	68.88%	4
000-00-0000	11/1/2016	2	BRADY	KEVIN	\$9,951	\$15,480	\$45,421	88.88%	2
000-00-0000	10/1/2015	10	BRADY	KEVIN	\$9,951	\$15,480	\$45,421	88.88%	2
000-00-0000	11/1/2015	11	BRADY	KEVIN	\$9,951	\$15,480	\$0	100.00%	5
000-00-0000	11/1/2015	11	BRADY	KEVIN	\$9,951	\$15,480	\$41,023	78.88%	4
000-00-0000	11/1/2015	11	BRADY	KEVIN	\$9,951	\$15,480	\$0	100.00%	3
000-00-0000	12/1/2015	12	BRADY	KEVIN	\$9,951	\$15,480	\$0	100.00%	3
000-00-0000	11/1/2015	11	BRADY	KEVIN	\$9,951	\$15,480	\$49,770	88.88%	3
000-00-0000	11/1/2016	1	BRADY	KEVIN	\$9,951	\$15,480	\$57,528	88.88%	5

20

Improving Efficiency

- **Efficiency through Webservices / Application Programming Interface (API)**
 - What data contained in HUD systems can be made available to PHAs in the processing of a 50058?
 - EIV Debt Owed Module Webservice – 1) Automatically transfer owed funds to Debt Owed module; 2) Allow for adjustment to debt amount; and 3) Automatically display debt owed information for a new admission

- **Other Possible Efficiencies**
 - What other changes to business processes or policy changes should be considered for improving 50058 processing?
 - Need for EIV data to be more timely
 - Increase re-certification timeframe for elderly / disabled families to three years
 - Remove interim rent calculation field so when future rent profiles are added, there is no form change

21

Balancing 50058 with HUD Reporting Needs

- **Accurate Reporting**
 - Data from the 50058 is used by both PHAs and HUD for various reporting needs. What considerations are needed to ensure reports based on the 50058 are accurate and timely
 - Collection of program performance metrics / goal data
 - ~~Action Code 13 – Annual HQS Inspection Only~~ – UPCSV Corrects Issues
 - Appropriate process / design for new reporting need. Example: Reason for End of Participation

- **Reason for End of Participation.** Examples of reasons for EOP:

FSS	WtW Vouchers
• Left voluntarily	• Family left voluntarily
• Asked to leave program	• Subsidy terminated for HCV violation, other than WtW violation
• Portability move-out	• Portability move-out
• Contract expired/family did not fulfill obligations	• Subsidy terminated for WtW violation
• Left because essential service was unavailable	• Family no longer needs subsidy

22

Improving Reporting – FSS Program Example

- **Example FSS - Accurate Reporting**

- Current Process

- Improvements to Reporting:

- Proper identification/link to FSS participant and associated data (both head of household and non-head of household, regardless of program)
 - Improve variance reporting between PHA FSS program records and PHA & HUD systems data

23

Improving Program Oversight

- **Business Intelligence / Reporting**

- What Information and /or reports are needed by PHAs so the PHA can provide better program oversight?
 - Easier association of project, unit, and PBV
 - Income targeting
 - Utility allowances
 - Fair Market Rent (FMR)

24

New 50058 Requirements

- **Implementing 50058 Business Process Changes**

- What should be the design policy of the 50058 in order for 50058 data to be “accepted” in HUD’s database when HUD business rules / edits do not reflect the current environment?
 - Core data and optional/required appendix data

9. Total Tenant Payment (TTP)

9a. Total monthly income: 8a + 12	\$	9a.
9c. TTP if based on annual income: 9a X 0.10	\$	9c.
9d. Adjusted monthly income: 8y + 12	\$	9d.
9e. Percentage of adjusted monthly income: use 30% for Section 8		9e.
9f. TTP if based on adjusted annual income: (9d X 9e) + 100	\$	9f.
9g. Welfare rent per month (if none, put 0)	\$	9g.
9h. Minimum rent (if waived, put 0)	\$	9h.
9i. Enhanced Voucher minimum rent	\$	9i.
9j. TTP, highest of lines 9c, 9f, 9g, 9h, or 9i	\$	9j.

New 50058 Requirements

- **Changes to Law and Regulations**

- Has HUD’s handling of the 50058 submission process due to recent program changes in law and regulations affected your PHA?
 - PHA Use Only fields
 1. HUD is now requiring the use of these fields to be used, most notably RAD
 2. Is PHA software sufficiently flexible to accommodate a PHA’s individual need for data and reports for program oversight?
 - While HUD has not updated the PIC 50058 system for some time, the 50058 should have a version control number that can be tied to individual 50058
 - Expanded MTW Program – Family Reporting System (FRS) Tool will need to be modified to handle MTW 50058

HUD Form 50058

Listening Session

Philadelphia | Jacksonville | Kansas City | **Denver** | **Portland** | Washington DC

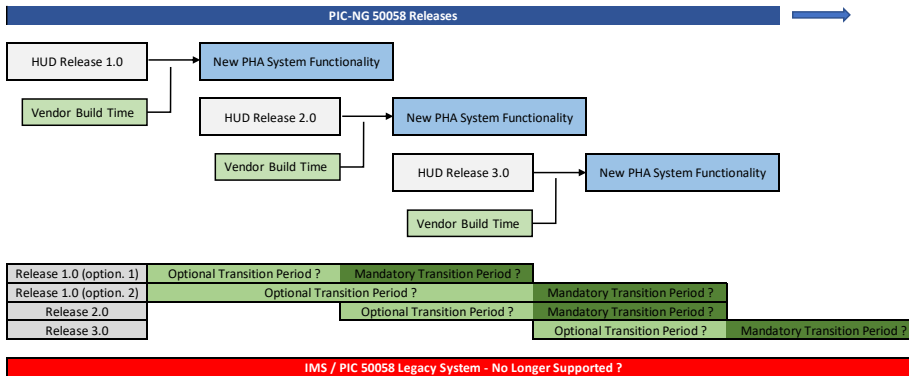

Section 5: Implementing the New 50058

April 2018

Session Focus

- How should the new 50058 Business Model and Process be Implemented to help ensure a smooth implementation?
 - How should HUD and PHAs transition to PIC-NG: 50058?
 - What is an appropriate schedule / timeframe for such a implementation?
 - What are important items to consider in the implementation?
 - How should HUD handle the migration of 50058 data from the PIC legacy system to PIC-NG?

Transitioning to PIC-NG 50058

- 100% Transition to PIC-NG will occur over a period of time
- There will be a series of releases to accomplish the transition
- HUD, PHAs, and software vendors should be better off transitioning sooner rather than later

3

Transitioning to PIC-NG 50058 (continued)

- **Transition Items to Consider**
 1. What are the pros and cons of optional and mandatory transition periods on releases?
 - How can HUD hold a PHA responsible to a transition timeline, if the software vendor will not make the necessary changes?
 - Adopt HUD's multifamily model for TRACs system changes which provides for an optional implementation time frame and a required implementation date (normally six months after guidance is issued)
 2. What incentives could HUD consider in order for PHAs to transition more quickly?
 3. What are constraints / events that could impact a transition?
 - Funding cuts have reduced PHA staffing levels making it difficult to support essential operations and taking on new efforts (such as major system changes)
 - HUD needs to ensure they can provide both business and IT support to PHAs (help desk, informed PIC coaches, ability to answer questions and resolve problems quickly)
 - Data migration cannot occur during the first part of the month due to rent collection / HAP processing
 - No retroactive changes – Many PHAs schedule their work 3 months out and therefore annual reexamination, interims, etc. already may be completed
 4. What are problems in running parallel systems?
 - PHAs do not have resources to support parallel systems
 - HUD also has limited resources to support parallel efforts

4

Steps in Integrating New Code

- What items should be considered to help ensure an appropriate roll-out schedule and timeframe for implementation?
 1. Need time / forum for vendors and PHAs to ask questions to and receive answers from HUD on issued guidance
 2. Need for sufficient lead time after requirements are finalized and issued for vendors to make system changes, including notification of issuance to both PHAs and vendors
 3. Need sufficient time for PHA staff training – IT system training and business process training (i.e., need to provide real examples to show intent of how HUD guidance is supposed to be implemented (i.e., the why / thought process behind the screens)
 - Vendors have stated that one of their goals is to minimize front-end changes as much as possible in order to minimize learning curve
 - HUD is not adding requirements but is correcting problems and looking to streamline and add efficiencies

5

Necessary Implementation Considerations

- **Need for Timely Business Requirements**
 - Are there other items HUD needs to provide to PHAs and their software vendors to ensure that the PHA can make appropriate changes in their IT and business process?
 1. Business
 - Non-technical guidance for 50058 system users and industry trainers
 - Expanded field definitions with examples and guidance on how to apply the definition
 - HUD to provide a plain English list of changes/enhancements that the vendor system should have incorporated as part of the vendor's system upgrade
 2. Information Technology
 - API code (IT –speak in order to code)
 - Test data with answers
 - Timely, accurate, up-to-date requirements
 3. Need for centralized HUD 50058 Business Manager and support staff to answer business and IT questions / report problems /coordinate – prioritize changes

6

Data Migration

- **HUD 50058 Data**

1. How and when do PHAs use 50058 data held in HUD's database?
 - HUD 50058 reports
 - SEMAP indicator reports
 - FSS participant counts
 - Quality control of their own 50058 data (ensure PHA data matches HUD system data)
2. What is the baseline of data from the legacy system that should be brought over into PIC-NG data tables?
 - Current Record & Select Fields vs. Everything
3. If only limited data is brought forward into the new system, is there a PHA need to still be able to access HUD legacy data? What would be the extent of legacy data that is most likely needed?
4. Should PHAs submit older data into new 50058 PIC-NG tables, thereby allowing data to be submitted under new business rules?
5. If legacy data is brought over what and how much data needs to be validated?

7

Data Migration (continued)

- **PHA Lessons Learned**

- For PHAs that have changed software vendors and completed major software upgrades what lessons did you learn?
 1. How much of the 50058 data from your legacy system was transferred into your new system and was this the correct amount?
 2. How did your PHA validate the 50058 data in the new system?
 3. Were you able to access all or some of your legacy 50058 data and was it efficient?
 4. What were some of the implementation process that you expected to be troublesome but went smoothly, expected to go bad and went badly, etc.?
 5. When your PHA implemented the software change did the implementation timeline hold to the expected schedule? Why?
 6. How quickly did users of the 50058 system adopt and become proficient in the new system?
 7. How was staff training provided and did staff need more or less training, etc.?

8

HUD Form 50058

Listening Session

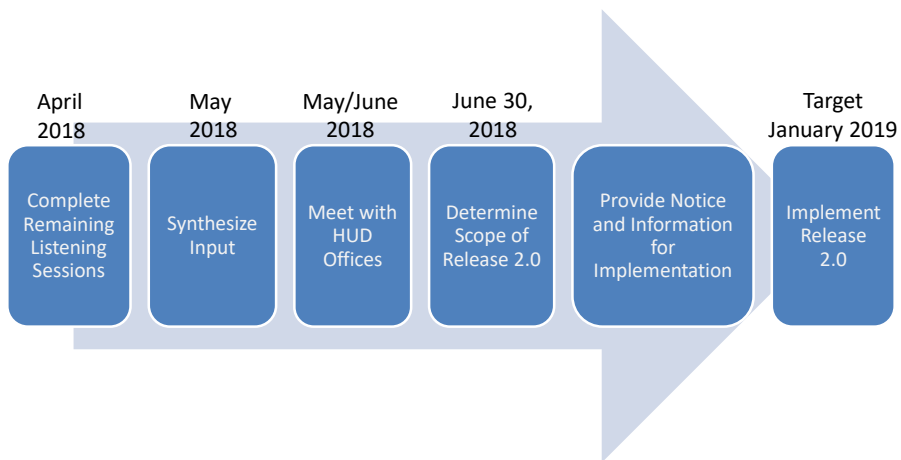

Philadelphia | Jacksonville | Kansas City | **Denver** | **Portland** | Washington DC

Section 6: Next Steps

April 2018

Next Steps – Target Timeframe

Listening Session Conclusion

- Final Thoughts
- Please complete your evaluations
- Continue to provide your thoughts at 58sessions@hud.gov

THANK YOU
