MONTGOMERY COUNTY COALITION FOR THE HOMELESS, INC.

HUD SECTION 811 APPLICATION

DUNS #

EXHIBIT 4 (a) NEED
EXHIBIT 4(a) STATEMENT REGARDING THE COMMUNITY’S ANALYSIS OF IMPEDIMENTS

1. We contacted the following person at Montgomery County:

Ms. Luann Korona
Department of Housing & Community Affairs
100 Maryland Avenue, 4th Floor
Rockville, Maryland 20850

2. We discussed with the above the Community’s Analysis of Impediments to Fair Housing choice. They also mailed us a copy of the Analysis of Impediments.

Lack of affordable housing for disabled persons was cited as an impediment to housing choices in the Community. There is a great need for this type of housing in the Community and also that the needs of minorities in this area have been previously neglected.

3. After a review of the County’s Analysis of Impediments, it was decided that our proposed project would greatly help alleviate the impediments cited since we will be providing affordable housing for low income persons and minority disabled persons.
Exhibit 4(a): Need for Supportive Housing

Population and Sustained Demand

The sponsor anticipates that the units will be occupied by homeless persons with severe and persistent mental illness, including minorities with disabilities. All residents will be 18 years of age and older. Residents may also have physical or developmental disabilities and/or chronic somatic health problems. Eligible individuals ready to live independently and meeting the HUD definition of chronically homeless will receive priority when filling vacant units.

Regrettably, demand for affordable, permanent supportive housing far exceeds the number of Ashmore units. The 2007 Point in Time survey documents a total of 640 homeless single individuals. Of these, 535 (84%) have a special need including mental illness, physical or developmental disabilities, and chronic health problems.

According to Arleen Rogan with the Montgomery County Core Service Agency, there are currently about 160 people on the waiting list for residential rehabilitation programs. These are all disabled adults needing supportive housing. This is an increase in demand for services from a list which has historically fluctuated between 120 – 130 according to Ms. Rogan.

The overall real estate market in Montgomery County is extremely tight, even for households able to afford market rate rents. According to the Montgomery County Vacancy Rate report, in 2006 the overall vacancy rate in market rate and subsidized rental properties fell to 3.9%, a decrease of .7% from the previous year. Efficiency apartments had an even lower vacancy rate of 2.9% reflecting the high demand for smaller, more affordable rental units.

The market for affordable housing is even tighter, with essentially 100% occupancy for quality affordable housing. According to the Montgomery County 2006 Vacancy Report prepared by the Department of Housing and Community Affairs, 9,889 people were on waiting lists for 59 facilities providing affordable housing for low-income families or housing and services to the elderly or disabled. This is a remarkable 42% increase in the length of waiting lists for affordable housing in the last year alone.

The Housing Opportunities Commission (HOC) which operates the Housing Choice Voucher program reported that in 2006 there were 10,025 households on the waiting list for only 5,575 Housing Choice Vouchers – in other words, almost twice as many people were waiting for a voucher as can be served by the program. Of the households on the waiting list, approximately 2,500 or 25% are anticipated to include a family member with a disability. Furthermore, the Housing Choice Voucher waiting list understates the need for this form of
subsidy, since the sheer length of the waiting list for Housing Choice Vouchers discourages other potential eligible applicants from even trying to get a voucher.

**Occupancy and Vacancy**

The high level of demand is for units like the Ashmores is also supported by the operating experience of similar programs. The Coalition’s programs which serve homeless individuals with disabilities operate at capacity. The Men’s Emergency Shelter operates at full capacity during non-winter months when it serves 60 men. In the winter, the Shelter operates ABOVE “capacity” – with the support of the County the Shelter expands to meet the need during winter months. This winter, the County supported the operation of the MES at 100 men, a trailer for an additional 35 men and provided additional space at a County recreation center for an additional 40 men. The Safe Haven program of the Coalition, which also houses homeless individuals living with chronic mental illness, operates at 90-100% capacity, depending on the facility. Seneca Heights permanent housing program houses individuals exiting homelessness, 93% of whom are living with a disability, chronic physical illness or addictions, operates at full capacity. When Seneca Heights first opened, they received over 80 applications for the 40 spots. The waiting list is purged every six months and turnover is very low. It operates at full capacity. It is not just Coalition housing programs which operate at capacity. Housing Unlimited, which provides affordable housing for people living with chronic mental illness operates with no vacancy and maintains a waiting list, according to Executive Director Abe Schuchmann.

**State and Local Needs Assessments and Planning Documents**

The need for the Ashmore project is further documented by the high priority placed on creating new permanent supportive housing in County assessment and planning documents, including the County Consolidated Plan, the County Housing Policy, and “Homelessness in Montgomery County: Beginning to End,” which was adopted by the County as part of its housing policy in 2002.

The Montgomery County Consolidated Plan for ’06-’07 lists as its first three key priorities 1) affordable housing, 2) affordable housing with supportive services, and 3) shelter and services for the homeless. Excerpts from the Consolidated Plan are attached. On the need for housing with supportive services the plan states:

...there is added need for housing that is affordable and accessible that meets the supportive services needs of persons with physical or developmental disabilities, those who are victims of abuse, and those with chronic mental illness or addictions. Funding to nonprofit organizations to purchase properties for use as group homes is one way to assist in
meeting this need, but additional strategies need to be pursued to address this priority need. (p.14)

The Ashmore is just such an additional strategy, which provides greater housing choice for disabled residents of Montgomery County.

The Consolidated Plan continues describing the need for shelter and services for the homeless:

For the homeless or those threatened with homelessness, housing choices are not only limited by affordability considerations but also by the need for supportive services. Preventing homelessness through early intervention, coordinated case management, and financial assistance were identified as priorities along with more long-term transitional and permanent housing and supportive services needed to help those already homeless. (p.15)

The Ashmore units will meet this high County priority, addressing the need for additional affordable permanent housing with supportive services for people exiting homelessness.

The attached excerpts from the Montgomery County Housing Policy show the commitment of the County to provide permanent supportive housing with supportive services to residents with special needs. The Housing Policy calls for the County to “encourage production of housing for populations with special needs, including seniors, persons with disabilities, persons with mental illness, and persons transitioning from homelessness.” The excerpts demonstrate that the County places a high priority on serving the very lowest income individuals and on serving those with special needs including chronic mental illness.

“Homeless In Montgomery County, Beginning to End,” was officially adopted by the County as part of its housing policy in 2002. This document demonstrate the County’s commitment to end homelessness, including its commitment to a “Housing First” model.

The “housing first” philosophy is intrinsic to “Beginning to End”; therefore, this plan emphasizes housing. “Housing first” means permanent supportive housing (housing with services) for the chronically homeless. (p.6)

The Ashmore is an example of a “housing first” strategy which provides permanent housing with supportive services for disabled individuals exiting homelessness. The Ashmore project addresses many of the County's highest housing priorities because of the great unmet need for housing of this type.
July 1, 2006 – June 30, 2007

CONSOLIDATED PLAN FOR
MONTGOMERY COUNTY, MARYLAND

Executive Summary

Background

This Plan sets forth overall needs for community and economic development, including affordable and supportive housing; it also identifies the needs of special populations, such as the homeless and persons with disabilities. The Consolidated Plan provides a comprehensive strategy for addressing identified needs that relies on both public and private resources and participation by and coordination with all interested parties, with an emphasis on citizen input. A federally-approved plan is required of all states and local jurisdictions entitled to receive federal funds under the following programs:

- Community Development Block Grant (CDBG)
- Emergency Shelter Grant (ESG)
- HOME Investment Partnership (HOME)
- Housing Opportunities for Persons with AIDS (HOPWA)

This Action Plan specifically identifies how funds received for the year will be spent to meet the priority needs identified in the Consolidated Plan.

For the fiscal year July 1, 2006 - June 30, 2007, Montgomery County has been notified by HUD, that upon approval of its Consolidated Plan/Annual Action Plan, it is eligible to receive the following amounts:

- CDBG $6,382,662 (includes program income)
- Home $2,863,117 (includes program income)
- ESG $226,596

As for HOPWA, the program was established by HUD to address the specific housing and service needs of persons living with HIV/AIDS and their families. The City of Gaithersburg has been designated as a formula grantee for HOPWA funds on behalf of the Bethesda-Frederick-Gaithersburg Metropolitan Division. The Montgomery County Department of Health and Human Services was selected to serve as the HOPWA project sponsor for the County because its experience providing HIV/AIDS services and offering case management services to HOPWA. It is estimated that $452,000 in HOPWA funds for Montgomery County will be available during Fiscal Year 2007 to serve 37 individuals. See the appendix for more information on this program.

HOPWA formula funds will assist in the provision tenant-based rental assistance to eligible, low-income persons that are not being addressed by other public and private resources. With the demand for affordable housing in the Metropolitan Division far outstripping the supply of affordable units, this tenant-based rental assistance meets an urgent need.
Data on income limits is provided below:

The median household income in Montgomery County is $90,300 as of March, 2006.

**Affordable Housing With Supportive Services**

In addition to the need for affordable housing for low-income county residents not in need of supportive services, there is the added need for housing that is affordable and accessible that meets the supportive services needs of persons with physical or developmental disabilities, those who are elderly, those who are victims of abuse, and those with chronic mental illness or addictions. Funding to nonprofit organizations to purchase properties for use as group homes is one way to assist in meeting this need, but additional strategies need to be pursued to address this priority need.
Shelter and Services for the Homeless

For the homeless or those threatened with homelessness, housing choices are not only limited by affordability considerations but also by the need for supportive services. Preventing homelessness through early intervention, coordinated case management, and financial assistance were identified as priorities along with more long-term transitional and permanent housing and supportive services needed to help those already homeless. The need for year-round shelter and safe havens for those single homeless persons who are unwilling or are unable to assume the responsibilities inherent in participation in the county’s system of social services continue to be priorities as well. In 2005, 33% of the families in the shelter system population were identified as suffering from chronic mental illness, substance abuse or co-occurring disabilities; 43% of the families reported domestic abuse. Seventy-three percent of the single adult shelter population was identified as suffering from chronic mental illness, substance abuse or co-occurring disabilities. Issues related to the special needs of the homeless recuperating after hospital discharge or those in need of health services like dental and vision care or with illnesses such as tuberculosis or HIV/AIDS were also identified as priorities. Public services that support families, especially those benefiting children and youth and those addressing needs of the ethnically and linguistically diverse immigrants to the county, are identified as priorities, as are services for the elderly.

An Interagency Housing Workgroup made up of public and private agency leaders has formed to study, develop and recommend policies to expand homelessness prevention efforts and housing options for households with incomes below 30% of the area median income (AMI) and who also have a disability, are homeless or are elderly. The workgroup determined that households with this very low income level and special needs require deep rental subsidies linked to appropriate housing supports and service coordination. The County Executive responded to this need in his Recommended FY07 Operating Budget by including $473,000 to establish a supportive housing rental assistance program to provide “deep” housing subsidies (up to 80% of Fair Market Rents) for 75 special needs and homeless households.

Non-Housing Community Development

Montgomery County also places a high priority on cultivating a positive business climate through incentives to businesses which will result in job creation and retention, including support through economic and commercial revitalization activities. Capital projects including acquisition, renovation, and construction of public facilities and infrastructure improvements are components of this overall effort. Public services that support expansion of economic opportunities for persons of low and moderate-income and those with special needs, including employment, employment training, and other supportive services are a high priority as well.

Fair Housing

Actions to affirmatively further housing choices for all county residents are coordinated through the County’s Human Relations Commission (HRC) and spearheaded by the Interagency Fair Housing Coordinating Group, an entity with both public and private sector representation.
Vacancy Rates

A vacant unit is defined as one offered for rent, but not leased as of April 1, 2006.

Highlights – Market and Subsidized Units

- The Countywide vacancy rate for all units was 3.9 percent in 2006, a decrease of 0.7 percentage points from the 4.6 percent vacancy rate in 2005.

- Vacancy rates in the City of Gaithersburg and the City of Takoma Park decreased in 2006. The City of Gaithersburg experienced a 1.1 percentage point decrease with the vacancy rate in 2006 falling to 4.8 percent. The City of Takoma Park saw a 0.8 percent point decline with the vacancy rate dropping to 1.3 percent in 2006. The City of Rockville had an increase in its vacancy rate, moving from 3.3 percent in 2005 to 3.9 percent in 2006.

- Vacancy rates declined for most unit sizes in 2006. Efficiency units had the lowest vacancy rate at 2.9 percent, a decrease of 2.3 percentage points from the 2005 rate of 5.2 percent. The one and two bedroom unit vacancy rates fell to 3.7 percent and 3.9 percent respectively in 2006. Only the four bedroom plus category experienced an increase rising from 2.3 percent in 2005 to 2.8 percent in 2006.

- Bethesda-Chevy Chase had the tightest market of the major market areas, with a vacancy rate of 1.7 percent, 2.2 percentage points below the countywide average. The highest vacancy rate of the major market areas was found in Germantown-Gaithersburg at 5.2 percent.

- Vacancy rates by structure type ranged from a low of 2.8 percent for midrise and highrise buildings to a high of 6.3 percent for townhouse/piggyback units.

Highlights – Market Rate Units

- The Countywide vacancy rate for market rate units only was 4.3 percent in 2006, a decrease of 0.6 percentage points from the 4.9 percent vacancy rate in 2005.

- Bethesda-Chevy Chase was the tightest major market area with a vacancy rate of 1.8 percent. Germantown-Gaithersburg had the softest market of the major market areas with a vacancy rate of 5.7 percent.

- Townhouse/Piggyback units had the highest vacancy rate at 7.9 percent. Midrise and highrise apartment units had the lowest vacancy rate at 3.3 percent.

- Vacancy rates by turnover rent range went from a low of 0.4 percent in units with rents over $2,500 to a high of 6.1 percent in units with rents between $800-899.
Waiting Lists
Market Rate and Subsidized

The survey also requested information about applicant waiting lists. One hundred and fifty-two (152) properties, approximately 37.7 percent, of the 403 properties included in this report, responded that they were maintaining waiting lists as of April 1, 2006. A total of 11,609 applicants were on these lists. The majority of the applicants, 85.1 percent, were reported on lists for 59 special facilities for low-income families or that provide services to the elderly or disabled. The remaining waiting list applicants, 14.9 percent, were reported on lists for 93 market rate facilities.

In our vision for Montgomery County, we see:

- Everyone with a place to call home — no one homeless.
- All housing in sound condition, meeting all building maintenance codes.
- Adequate living space within each housing unit for its occupants.
- Affordable housing for all who live or work in the county, regardless of age or position.
- Appropriate housing and services for each stage of life so that people can remain in the community as they grow older.
- No discrimination in choosing a place to live, regardless of race, color, religious creed, ancestry, national origin, sex, sexual orientation, marital status, presence of children, age, physical or mental disability, or source of income.
- Housing opportunities and supportive services for those who have mobility or sensory impairment, developmental or emotional disabilities, or mental illness.
- Safe and sound neighborhoods with community services and well-maintained facilities.

We will work to achieve this vision with:

- The commitment of citizens, community leaders, housing providers, and public employees.
- Funding and appropriate planning.

**Purpose**

The purpose of the Housing Policy is to guide the implementation of the County's housing programs and policies, provide recommendations for improving them, and direct the allocation of resources. Changing population demographics and economic conditions will necessitate a review and update of the housing policy every ten years.
Principles

The Housing Policy of Montgomery County is a commitment to certain principles, reflecting who we are and what we stand for as a community. These principles mandate that the County should strive to maintain and enhance the quality of life of its citizens by:

- Developing a regional housing strategy to address housing needs in all parts of the metropolitan region and all segments of the population, in its various forms of diversity, and pairing this strategy with County commitment to:
  - Maintain, preserve, and revitalize the infrastructure in older regions.
  - Protect the safety of inhabitants of every neighborhood.
  - Preserve open space and agricultural areas for future generations.

- Providing funding and programs when necessary to supplement state and federal programs.

This comprehensive housing strategy requires that the County:

- Encourage:
  - Innovative planning and design efforts.
  - Compact residential and commercial development in business districts, town centers, and other areas served by public transit and other infrastructure.
  - Continued upkeep of the County’s aging housing stock.

- Support development of a housing stock that:
  - Includes structure types to accommodate the needs of different households.
  - Provides affordability for all income levels, widely distributed throughout the county.
  - Meets the needs of individuals and families as people age and their needs change.
  - Provides housing for special needs populations, including persons with physical disabilities, individuals with mental or
emotional illness, persons transitioning from homelessness, and persons recovering from substance abuse and addiction.

- Expand and enforce fair housing policies appropriate for a diverse society.

**Objectives**

The Housing Policy has seven main objectives for accomplishing the vision. They are:

1. Variety and Choice in Housing — Variety and choice in housing of quality design and durable construction in various types of new and existing neighborhoods in conformance with the County’s General Plan.
2. Assistance for Persons With Diverse Housing Needs — Housing for diverse residential needs, including housing for the elderly, persons with disabilities, persons with mental illness, and persons transitioning from homelessness.
3. Safe, High-Quality Neighborhoods — Neighborhoods in which quality and safety are maintained and enhanced through code enforcement and renewal efforts.
4. Communities With Affordable Housing — An adequate supply of affordable housing in economically inclusive communities throughout the county for those living or working in Montgomery County, especially for households at the median income level and below.
5. Housing for All Stages of Life — A sufficient housing supply to serve the county’s existing and planned employment and the changing needs of its residents at various stages of life.
6. Equal Opportunity Housing — Fair housing ordinances to ensure that all residents have an opportunity to purchase, rent, finance, and occupy housing in the county.
7. Sustainable Communities — Sustainable development and environmental sensitivity in housing, neighborhood design, and redevelopment.
Objective 2: Assistance for Persons with Diverse Housing Needs

Encourage housing for diverse residential needs, including housing for the elderly, for persons with disabilities, for persons with mental illness, for persons transitioning from homelessness, and for persons with AIDS.

First Priority Strategies

A. Provide More Special Needs Housing — Encourage production of housing for populations with special needs, including seniors, persons with disabilities, persons with mental illness, and persons transitioning from homelessness.

Action Plan

- Assess inventory of special needs housing.
- Develop forecast of special needs populations.
- Identify and implement programs to meet any shortfall of special needs housing.
- Include goals for affordable and assisted housing in master plans and designate suitable sites for elderly housing and other special needs housing.
- Ensure that multifamily housing developments provide units adaptable for persons with disabilities, as required by the federal Fair Housing Act and the County building code.
- Explore incentives, such as density bonuses, to developers who provide special needs housing.
- Consider a program for County purchase of land for senior and special needs housing.
- Explore establishing ‘visitability’ standards for all new and renovated housing receiving public funds.
B. Provide Housing with Support Services — Coordinate the availability of affordable housing units and needed support services for persons with special needs, including those persons transitioning from homelessness.

**Action Plan**

- Establish interagency initiative to provide seamless provision of affordable housing with supportive services to those with special needs.

C. Simplify Regulations for Senior Housing — Explore zoning and regulatory changes to ease approval of elderly housing development.

**Action Plan**

- Develop standard compatibility criteria for elderly housing and study possibility of eliminating special exception approval process.
D. Expand Housing for Homeless — Ensure adequate supply of housing with support services for individuals and families transitioning from homelessness.

**Action Plan**

- Conduct inventory of housing appropriate for transitioning from homelessness.

- Increase supply and affordability of appropriately designed and located housing.

HUD SECTION 811 APPLICATION

DUNS #

EXHIBIT 4(b) Benefits
Exhibit 4(b): Project Benefits

This project is designed primarily to assist the persons who will reside in it, however, additional benefits will accrue to other disabled citizens, to the Coalition, to other residents of the condominium, to the Germantown community, and to Montgomery County as a whole.

Benefit to Target Population
Residents of the Ashmore will be living with a disability, very low income, and, for the most part, will be exiting homelessness, leaving the streets, shelters, or transitional housing for a permanent home of their own with the services they need to succeed.

The life transformation experienced by illustrates the kind of life transition Ashmore residents will experience. "I first became homeless when I was asked to leave the home in which I was renting a room. I was depressed and lost my job around the same time. I ended up sleeping on the floor of a homeless center in Silver Spring. Someone told me about the Coalition's Safe Havens Program. I lived there for about a year, they got me treatment for my depression and gave me a nice place to live. They taught me how to cook and take care of a house and helped me get SSI. I took care of the cats at the house. Now I have my own place at Seneca Heights. I never had my own apartment or even room before. It is really nice. I like participating in the activities with the other residents." Like Seneca Heights, the Ashmore will provide permanent housing with individual living units to people who may never have had the experience of "a room of their own."

Residents will also gain the benefit of community integration, a goal of the Americans with Disabilities Act. Since the condominium units are scattered throughout the condo buildings, the individuals will be fully assimilated into the community. There will be no way to label the residents as living in "a facility" for the mentally ill. Instead they will be living in brand new, upscale condominium complex, in units indistinguishable from their upper income neighbors.

Other members of the disabled community will benefit as they see and share in the success of others. They too can have hope for themselves in other achievements and aspire to higher goals than they initially thought possible.

The Coalition will benefit by increasing the options available to the people it serves. The independent living units at the Ashmore broadens the spectrum of residential environments the Coalition offers.
Benefit to Local Community

The other condominium owners and the Germantown community will benefit by offering fair housing choice in the neighborhood and by fully integrating people living with a disability into a market rate housing situation.

Montgomery County will gain from this project as it will further the goals identified in both the County Consolidated Plan and County Housing Policy to increase the supply of affordable permanent supportive housing for individuals living with disabilities, and increase housing choice for homeless individuals living with disabilities. Further, in “Beginning to End” Montgomery County adopted the goal of increasing the supply of permanent supportive housing for serving people exiting homelessness. Since the Ashmore units will primarily serve people exiting homelessness, the Ashmore will also help the County meet its goal of ending homelessness by 2012.
MONTGOMERY COUNTY COALITION FOR THE HOMELESS, INC.

HUD SECTION 811 APPLICATION

DUNS #

EXHIBIT 4(c) PROJECT DESCRIPTION
EXHIBIT 4 (c)

The project consists of the following:

ACQUISITION ONLY of ten (10) condominium apartment units scattered throughout the newly constructed Ashmore condominium apartment complex in Germantown, Maryland, which has a total of 350 units as follows:

<table>
<thead>
<tr>
<th>2-1BR Apartments</th>
<th>4-1BR Apartments</th>
<th>2-1BR Apartments</th>
</tr>
</thead>
<tbody>
<tr>
<td>2 Residents</td>
<td>4 Residents</td>
<td>2 Residents</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>TOTAL</th>
<th>10 UNITS</th>
<th>10 DISABLED RESIDENTS</th>
</tr>
</thead>
</table>

The buildings are being developed for adults who have chronic mental illness. A comprehensive array of support services would be made available from the Sponsor to the residents to assist them in their daily living. Each resident will have supervision provided based on the particular needs of the client. Please refer to Exhibit 5 Supportive Services Plan for details on the cost and level of staffing for the homes. A proven recruitment plan has already been established to provide direct care to the clients, and is available when necessary to provide the needed personnel.

Apartment has already been constructed to provide handicapped accessibility. However, minor repairs (under $2,000) may be required to bring it up to the usual HUD standards for wheelchair accessibility. This unit will be able to serve the physically handicapped clients under our care and will also allow us to comply with the applicable Federal and State Accessibility laws for this project.

These apartments have been selected in a neighborhood that will facilitate the integration of the residents, our clients, into the surrounding communities. The neighborhood is completely residential and convenient to community facilities, shopping, transportation, places of worship and community activities such as parks, playgrounds and ball fields. The residents will be able to partake in the same activities as their non-disabled neighbors and therefore be able to assimilate with ease. Having our clients integrate into the neighborhood we have chosen is a major goal of our organization. We are very sincere in this goal and believe the Section 811 program will assist us in attaining our goal.
Statement Regarding Visitability And Universal Design

(i) We will select one of the apartments and will provide an accessible entrance route, an entrance door and all interior passage doors that are at least 2 feet 10 inches wide, allowing 32 inches of clear passage space. This will allow persons with mobility impairments access into the apartment.

The construction of the buildings was designed to be used by all people to the greatest extent possible, without the need for adaptation or specialized design. By incorporating universal design, this will simplify life for as many people as possible at little or no extra cost to them.

(ii) The construction of the buildings used the most economical and straight-forward conventional construction techniques and utilized the most economical materials, equipment and hardware within acceptable quality limits. The construction endeavored to promote energy efficiency by adding storm doors, double glazed windows and additional insulation where feasible. Also high efficient mechanical equipment was utilized for the HVAC units. Low-flow toilets and shower heads were used as well for water conservation.

(iii) This proposal is not a mixed-finance/mixed-use project.

EXHIBIT 4(d) Site Control, etc.
CONTRACT OF SALE

THIS Contract of Sale, made this 25th day of April, 2007, by and between COALITION HOMES, INC., hereinafter referred to as the "Seller", and MONTGOMERY COUNTY COALITION FOR THE HOMELESS, INC., hereinafter referred to as the "Purchaser".

WITNESSETH:

That in consideration of the premises and of the promise hereinafter exchanged, the parties hereto agree as follows:

1. Agreement of Sale and Purchase. The Seller hereby agrees to sell and convey to the Purchaser and the Purchaser hereby agrees to purchase from the Seller, in fee simple, under the terms and conditions hereinafter set forth, the ten (10) condominium units described in Paragraph 2, hereinafter sometimes referred to as the "subject property".

2. Description of Subject Property. All of that real property and improvements located thereon situated in Montgomery County, Maryland, more particularly identified in the attached Exhibit A. The subject property has been offered to Purchaser pursuant to the requirements of Section 25A-9(b)(1) of the Montgomery County Code as a moderately priced dwelling unit. The sale is subject to the requirements of the law (the "MPDU Law").

3. Purchase Price. The total purchase price for the subject property (the "Purchase Price"), shall be Nine Hundred Sixty Two Thousand Nine Hundred Forty One and 20/100 Dollars ($962,941.20) in cash.

4. Deposit. The Purchase Price shall be paid as follows:
   (i) At the time of execution of this Contract, Purchaser shall deliver to Chen, Walsh, Tecler & McCabe, L.L.P. ("Escrow Agent"), the sum of One Hundred Dollars ($100.00) check, ("Deposit"), to be deposited in an escrow account.
   (ii) The Escrow Agent shall hold such sum in a federally insured account located at a banking institution in the Washington, D.C. metropolitan area until settlement or termination of this Contract and all accrued interest on such sum shall become part of the Deposit and shall be payable to whichever party becomes entitled to the Deposit under this Contract.

5. Title. Fee simple title to the subject property on the closing date will be marketable and good of record and in fact insurable by a title company of Purchaser's selection (hereinafter referred to as the "Title Company"), and free and clear of all liens, encumbrances, leases, tenancies, covenants, conditions, restrictions, rights-of-way, easements and other matters affecting title excepting only:

   (i) the lien of current real estate taxes not yet due and payable; and
   (ii) easements, covenants and restrictions of record, if any, which do not materially detract from the value of the property or materially impair the use of the property as proposed by the Purchaser; and
such other matters as Purchaser may agree to in writing as provided for herein.

The exceptions listed in subdivision (i), (ii), and (iii) of this paragraph are hereinafter referred to as the "permitted exceptions". In the event title is not as aforesaid and cannot be cured by Seller within the thirty (30) days after notice from Purchaser, Purchaser shall have the right, at Purchaser's option, to terminate this Agreement and obtain a return of its total deposit.

7. Termite Inspection. Purchaser at Purchaser's expense, is authorized to obtain a written report from a Maryland licensed pest control company that, based on a careful visual inspection, there is no evidence of termite or other wood-destroying insect infestation in the residence and damage due to previous infestation has been repaired. If there is evidence of present infestation as described above, or if damage caused by present or prior infestation is discovered, Seller, at Sellers' expense, shall treat present infestation and repair any damage caused by present or prior infestation. If the cost of treatment and repair of such damage exceeds two percent (2%) of the purchase price, Seller may, at Seller's option, cancel this Contract, unless the Purchaser, at Purchaser's option should choose to pay for the cost of treatment and repairs exceeding two percent (2%) of the purchase price, then this Contract shall remain in full force and effect. If such report reveals damage for which the cost of treatment and repair may exceed two percent (2%) of the purchase price, Seller's decision regarding treatment and repair of damage shall be communicated in writing to Purchaser within five (5) days from receipt of the report, after which Purchaser shall respond to Seller in writing with Purchaser's decision within five (5) days from receipt of Seller's notification of Seller's decision. If Seller does not notify Purchaser in writing of Seller's decision within five (5) days from receipt of report, Purchaser may, at Purchaser's option, pay for the cost of treatment or this Contract shall be declared null and void upon written notice delivered to Seller. In the event this Contract is terminated under the terms of this paragraph, then all monies on deposit shall be returned to Purchaser in accordance with the terms of this Contract.

8. Condition of Property and Possession. At settlement, Seller shall deliver possession of the Property in "as is" condition, vacant, clear of trash and debris, and broom clean. Purchaser reserves the right to inspect the Property within five (5) days prior to settlement.

9. Performance. Purchaser intends to obtain financing for the purchase through a loan provided under the HUD Section 811 Program (the "HUD Financing") and assumption of a portion of existing financing provided from a loan provided by Montgomery County, if necessary, which will be subordinated to the HUD Financing. Settlement and closing is to be made at the office of an attorney or title company to be designated by Purchaser.
contemporaneous with the closing for financing for the subject property under the HUD Financing. Delivery to the attorney selected for settlement of the total purchase price in cash and settlement costs as herein stated, the executed deed of conveyance, and such other papers as are required of either party by the terms of this contract shall be considered good and sufficient tender of performance in accordance with the terms hereof. It is agreed that funds arising out of this transaction at settlement may be used to pay off any existing encumbrances, including interest as required by any lender. Purchaser's rights hereunder may be assigned to an entity wholly controlled by Purchaser.

10. Conveyance. Seller agrees to execute and deliver a good and sufficient special warranty deed. Purchaser agrees to have the deed of conveyance recorded promptly.

11. Adjustments. Real property taxes are to be adjusted according to the certificate of taxes issued by Montgomery County, except that assessments for improvements completed prior to the date hereof, whether assessment therefor has been levied or not, shall be paid by the Seller or allowance made therefor at the time of transfer. Utilities and related property expenses are to be adjusted between the parties as of the date of closing.

12. Costs of Settlement. In addition to the Purchase Price, Purchaser shall pay the cost of title insurance, tax certificate, and, notary fees. The Seller agrees to pay recording fees and title examination charges and recordation charges. Seller shall pay all closing costs and the Montgomery County and State transfer taxes and recordation taxes if any.

13. Possession. Seller agrees to give possession and occupancy at time of settlement, and in the event it shall fail to do so, it shall become and be thereafter a tenant by sufferance of the Purchaser and hereby waives all notice to quit as provided by the laws effective in the State of Maryland. All notices of violation or orders or requirements noted or issued by any County or local authority, or actions in any court on account thereof, against or affecting the property at the date of settlement of this Contract, shall be complied with by the Seller, and the property conveyed free thereof.

14. General and Master Plans. The Purchaser acknowledges that it has been apprised of its rights to review the applicable Master Plans and the Wedges and Corridors General Plan for the Bi-County Region, including maps showing planned land use, roads and highways, and the location and nature of proposed parks and other public facilities affecting the property herein described prior to the execution of this Contract. It acknowledged that it has reviewed said applicable plans prior to executing this Contract, or does hereby waive its right to do so. The Purchaser also acknowledges that the Seller has advised it of the relative location of any airport or heliport existing within a five (5) mile radius of the property.

The Purchaser also acknowledges that it is aware that the applicable Plan or General Plan for Montgomery County is available at the Maryland-National Capital Park and Planning Commission, and that at no time did the Seller explain to it the intent or meaning of such plan, not did it rely on any representation made by the Seller pertaining to the applicable Master Plan or General Plan.

15. Subdivision Plat. The Purchaser hereby acknowledges receipt of an entire copy of the single recorded subdivision plat, if any, prior to the execution of this Contract.
16. Lead-Based Paint Hazards. Title X, Section 1018, the Residential Lead-Based Paint Hazard Reduction Act of 1992 (the Act), requires the disclosure of certain information regarding lead-based paint and lead-based paint hazards in connection with the sale of residential real property. Unless otherwise exempt, the Act applies only to housing constructed prior to 1978. A Seller of pre-1978 housing is required to disclose to the Purchaser, based upon the Seller's actual knowledge, all known lead-based paint hazards applicable to the Property. The Seller, however, is required to provide the Purchaser with the EPA pamphlet entitled "Protect Your Family From Lead In Your Home" and a "Disclosure of information on Lead-Based Paint and Lead-Based Paint 'Hazards' form.

The Seller is required under the Act to provide the Purchaser with a ten (10) day time period (or other mutually agreeable time period) for the Purchaser, at Purchaser's expense, to conduct a risk assessment or inspection of the presence of lead-based paint and/or lead-based paint hazards unless the Purchaser waives such assessment or inspection by indicating such waiver on the Lead-Based Paint Disclosure form. Seller and any agent involved in the transaction are required to retain a copy of the completed Lead-Based Paint Disclosure form for a period of three (3) years following the date of settlement. A Seller who fails to give the required lead-based paint disclosure form and EPA pamphlet may be liable under the Act for three (3) times the amount of damages and may be subject to both civil and criminal penalties. Seller represents and warrants to Purchaser, intending that they rely upon such warranty and representation, that the Property was not constructed prior to 1978, Seller and Purchaser mutually agree that the requirements of the Act shall apply to the sale of the Property. Seller and Purchaser agree, represent and warrant, each unto the other, that no binding and enforceable contract shall be deemed to exist or to have been formed unless the requirements of the Act have been complied with prior to the execution of this Contract by Seller and Purchaser. Seller and Purchaser represent and warrant that each intended, as a material term of the offer and acceptance, that the requirements of the Act be complied with as an express condition of the formation of a binding and enforceable contract by and between the parties.

17. Insurance. Risk of loss or damage to subject property by fire or other casualty shall be assumed by Seller until the deed is recorded.

18. Water and Sewer Service.

I. Notice and Disclosure of Availability of Water and Sewer Service

Seller provides the following information known to Seller regarding water and sewer services:

A. The Property is connected to, and has been approved for connection to, a public water and sewer system.

By signing below, the Purchaser acknowledges that, prior to signing the Contract, the Seller has provided the information referenced above, or has informed the Purchaser that the
Seller does not know the information referenced above; the Purchaser further understands that, to stay informed of future changes in County and municipal water and sewer plans, the Purchaser should consult the County Planning Board, the Washington Suburban Sanitary Commission, the County Department of Environmental Protection or any appropriate municipal planning or water and sewer body.

Date

II. Specifically Protected Areas Notice

The Seller discloses and states pursuant to Chapter 40, Section 40-13 of the Montgomery County Code that the Seller's Property referenced above is:

_______ Subject to a Special Protection Area (SPA) Designation

____ X ______ Not subject to a Special Protection Area (SPA) Designation

The Purchaser understands that special water quality measures and certain restrictions on land uses and impervious surfaces may apply to this Property if subject to SPA Designation. For further information regarding Special Protection Areas contact the Maryland-National Capital Park and Planning Commission, 8787 Georgia Avenue, Silver Spring, Maryland 20910-3760.

Special Protection Area means, under Montgomery County law, a geographic area where:

(1) existing water resources, or other environmental features directly relating to those water resources, are of high quality or are unusually sensitive; and

(2) proposed land uses would threaten the quality or preservation of those resources or features in the absence of special water quality protection measures which are closely coordinated with appropriate land use controls.

Designation. The Montgomery County Council may designate a geographic area as a Special Protection Area by identifying the area in:

(1) a land use plan;

(2) the Comprehensive Water Supply and Sewer System Plan;

(3) a resolution adopted after at least fifteen (15) days' notice and a public hearing.
19. Liquidated Damages. The parties hereto agree that upon failure of Purchaser to make full settlement the measure of actual damages would be difficult to determine. Therefore, as liquidated damages for such default and not as a penalty or forfeiture the parties agree that if Purchaser shall fail to make full settlement or otherwise breach this agreement, the deposit, shall be paid over to the Seller and the Purchaser shall be relieved from further liability. The right to receive the liquidated damages is Seller's sole remedy and Purchaser's liability for breach is expressly limited to the loss of the deposit as liquidated damages.

20. Notice. Any notice required or permitted to be given under this Agreement shall be deemed to have been given, if made in writing and hand-delivered or mailed by Certified Mail, postage prepaid, return receipt requested, to the party who is to receive such notice at the following addresses:

IF TO PURCHASER: Montgomery County Coalition for the Homeless, Inc
600B East Gude Drive
Rockville, Md 20850
Attn: Sharan London Executive Director

IF TO SELLER: Coalition Homes, Inc.
600B East Gude Drive
Rockville, Md 20850
Attn: Sharan London President

When it is mailed, the notice shall be deemed to have been given as of the date mailed.

21. Eminent Domain. The Seller warrants that to the best of his knowledge neither the whole nor any portion of the said premises is subject to temporary requisitions of use by any governmental authority or other body with such power, nor have the premises been condemned or taken by any governmental authority or other body having the power of eminent domain, nor is there now pending any condemnation, requisition or similar proceeding affecting the said premises or any portion thereof. Seller further warrants that it has received no notice and has no knowledge that any such proceeding is contemplated, Seller will immediately notify the Purchaser of this fact in writing.

22. Indemnity Agreement. The Seller agrees to indemnify and hold the Purchaser free and harmless from any liability arising because of breach of contract, breach of lease, or any other matter related to the Property which occurs, or is alleged to occur, prior to settlement as to the real and personal property if any, being purchased. The Purchaser agrees to indemnify and hold the Seller free and harmless from any liability arising because of breach of lease, breach of contract or any other matter related to the premises which occurs, or is alleged to have occurred, after settlement.

23. Attorney's Fees. Should any litigation be commenced between the parties hereto concerning the premises, this Contract, or the rights and duties of either in relation thereto, the party (Purchaser or Seller) prevailing in such litigation shall be entitled, in addition to such other relief granted, to a reasonable sum as and for his attorney's fees in such litigation, to be
determined by the Court in such litigation or in a separate action brought for that purpose.

24. General Provisions. It is the intention of the parties hereto that all questions with respect to the construction of this Agreement and rights and liabilities of the parties hereunder shall be determined in accordance with the laws of the State of Maryland.

No change or modification of this Agreement shall be valid unless the same is in writing and signed by the parties hereto.

This Agreement contains the entire agreement among the parties, there are no promises, agreements, conditions, undertakings, warranties or representations, oral or written, expressed or implied, among them, other than as set forth herein.

25. No Commissions. Purchaser and Seller each represent to the other that no person, firm or corporation is entitled to a commission with regard to the sale. Seller agrees to indemnify and hold harmless Purchaser from any claim, liability, loss or damage for any sum due to any person for broker's fees or commissions.

26. Miscellaneous. The provisions of this Agreement shall be binding upon the parties hereto and their heirs, legal representatives and successors and assigns.

The captions of the several paragraphs of this agreement are intended to be only of a general descriptive nature and not to limit or qualify the meaning of the language following thereafter.

Reference to the parties hereto by singular shall be deemed to include plural and vice versa.

IN WITNESS WHEREOF, the parties hereto have signed, sealed and delivered these presents as of the date hereinabove first written.

Condominium Resale Addendum for Maryland

The Contract of Sale dated ____________.

Address: _____________________________ State: _____________________________ Zip: _____________

City: _____________________________ Tax ID #: _____________________________

Unit: _____________________________ Section: _____________________________

Parking Space(s): _____________ Subdivision/Project: _____________________________

Seller Coalition Homes, Inc.

Buyer: Montgomery Coalition for the Homeless Inc.

is hereby

amended by the incorporation of this Addendum, which shall supersede any provisions to the contrary in

the Contract.

1. CONDITION OF THE PROPERTY AND POSSESSION/EQUIPMENT, MAINTENANCE AND
CONDITION:
Paragraph is amended to provide that the Seller's warranty applies only to appliances, systems, equipment
and detectors that are not the responsibility of the Unit Owners' Association to maintain.

2. DEED AND TITLE/TITLE:
Paragraph is amended to include the agreement of the Buyer to take title subject to commonly acceptable
aasements, covenants, conditions and restrictions of record contained in Condominium instruments, and the right of other Unit owners in the Common Elements and the operation of
the Condominium.

3. ASSESSMENTS: Buyer agrees to pay such monthly and/or other assessments as the Board of Directors
or Association of the Condominium may from time to time assess against the Unit for the payment of
operating and maintenance or other proper charges. Said monthly assessments as of the date hereof amount
respectively to:

A. Monthly Condominium Fee: Buyer is hereby advised and acknowledges that the present condominium
fee for the subject unit and parking space or storage unit, if applicable, is $ See attachment

B. Special Assessments (if any): In addition to the monthly fee above, the Buyer hereby acknowledges the
following existing or levied but not yet collected special assessments:

1) Reason for Assessment: See attachment
2) Payment Schedule: $ _____________ per __ See attachment
3) Number of payments remaining as of _____________ See attachment

Total Special Assessment balance remaining: $ _____________

The Seller agrees to pay at the time of settlement OR Buyer agrees to assume any existing or levied but not
yet collected special assessments.

4. NOTICE (APPLIES ONLY TO A CONDOMINIUM WITH 7 OR MORE UNITS):
The following notice is applicable only to the resale by a unit owner, other than a developer, of a
residential unit in a condominium containing 7 or more units.
THE SELLER IS REQUIRED BY LAW TO FURNISH TO THE BUYER NOT LATER THAN FIFTEEN
(15) DAYS
PRIOR TO CLOSING THE CERTAIN INFORMATION CONCERNING THE CONDOMINIUM
WHICH IS DESCRIBED IN § 11-135 OF THE MARYLAND CONDOMINIUM ACT. THIS
INFORMATION MUST INCLUDE AT LEAST THE FOLLOWING;

(i) A COPY OF THE DECLARATION (OTHER THAN THE PLATS);
(ii) A COPY OF THE BY-LAWS;
(iii) A COPY OF THE RULES AND REGULATIONS OF THE CONDOMINIUM;
(iv) A CERTIFICATE CONTAINING:

1. A STATEMENT DISCLOSING THE EFFECT ON THE PROPOSED CONVEYANCE OF ANY
RIGHT OF FIRST REFUSAL OR OTHER RESTRAINT ON THE FREE ALIENABILITY OF THE
UNIT, OTHER THAN
ANY RESTRAINT CREATED BY THE UNIT OWNER;
2. A STATEMENT OF THE AMOUNT OF THE MONTHLY COMMON EXPENSE ASSESSMENT
AND ANY UNPAID COMMON EXPENSE OR SPECIAL ASSESSMENT CURRENTLY DUE AND

DATE: _____________

APR 25 07 06:02p
PAYABLE FROM
THE SELLING UNIT OWNER;
3. A STATEMENT OF ANY OTHER FEES PAYABLE BY THE UNIT OWNER TO THE COUNCIL
OF UNIT OWNERS;
4. A STATEMENT OF ANY CAPITAL EXPENDITURES APPROVED BY THE COUNCIL OF UNIT
OWNERS OR ITS AUTHORIZED DESIGNEE PLANNED AT THE TIME OF CONVEYANCE WHICH
ARE NOT REFLECTED
IN THE CURRENT OPERATING BUDGET INCLUDED IN THE CERTIFICATE;
5. THE MOST RECENTLY PREPARED BALANCE SHEET AND INCOME AND EXPENSE
STATEMENT,
IF ANY, OF THE CONDOMINIUM;
6. THE CURRENT OPERATING BUDGET OF THE CONDOMINIUM, INCLUDING DETAILS
CONCERNING
THE AMOUNT OF THE RESERVE FUND FOR REPAIR AND REPLACEMENT AND ITS
INTENDED USE,
OR A STATEMENT THAT THERE IS NO RESERVE FUND;
7. A STATEMENT OF ANY JUDGMENTS AGAINST THE CONDOMINIUM AND THE EXISTENCE
OF ANY PENDING SUITS TO WHICH THE COUNCIL OF UNIT OWNERS IS A PARTY;
8. A STATEMENT GENERALLY DESCRIBING INSURANCE POLICIES PROVIDED FOR THE
BENEFIT OF THE UNIT OWNERS, A NOTICE THAT THE POLICIES ARE AVAILABLE FOR
INSPECTION STATING
THE LOCATION AT WHICH THEY ARE AVAILABLE, AND A NOTICE THAT THE TERMS OF
THE POLICY PREVAIL,
OVER THE GENERAL DESCRIPTION;
9. A STATEMENT AS TO WHETHER THE COUNCIL OF UNIT OWNERS HAS KNOWLEDGE
THAT ANY ALTERATION OR IMPROVEMENT TO THE UNIT OR TO THE LIMITED COMMON
ELEMENTS ASSIGNED
TO THE UNIT VIOLATES ANY PROVISION OF THE DECLARATION, BY-LAWS, OR RULES OR
REGULATIONS;
10. A STATEMENT AS TO WHETHER THE COUNCIL OF UNIT OWNERS HAS KNOWLEDGE
OF ANY VIOLATION OF THE HEALTH OR BUILDING CODES WITH RESPECT TO THE UNIT, THE
LIMITED COMMON
ELEMENTS ASSIGNED TO THE UNIT, OR ANY OTHER PORTION OF THE CONDOMINIUM;
11. A STATEMENT OF THE REMAINING TERM OF ANY LEASEHOLD ESTATE AFFECTING
THE CONDOMINIUM AND THE PROVISIONS GOVERNING ANY EXTENSION OR RENEWAL OF
IT; AND
12. A DESCRIPTION OF ANY RECREATIONAL OR OTHER FACILITIES WHICH ARE TO BE
USED BY THE UNIT OWNERS OR MAINTAINED BY THEM OR THE COUNCIL OF UNIT
OWNERS, AND A
STATEMENT AS TO WHETHER OR NOT THEY ARE TO BE A PART OF THE COMMON
ELEMENTS; AND
(V) A STATEMENT BY THE UNIT OWNER AS TO WHETHER THE UNIT OWNER HAS
KNOWLEDGE:
1. THAT ANY ALTERATION TO THE UNIT OR TO THE LIMITED COMMON ELEMENTS
ASSIGNED
TO THE UNIT VIOLATES ANY PROVISION OF THE DECLARATION, BY-LAWS, OR RULES AND
REGULATIONS;
2. OF ANY VIOLATION OF THE HEALTH OR BUILDING CODES WITH RESPECT TO THE UNIT
OR THE LIMITED COMMON ELEMENTS ASSIGNED TO THE UNIT;
3. THAT THE UNIT IS SUBJECT TO AN EXTENDED LEASE UNDER § 11-137 OF THIS TITLE OR
UNDER LOCAL LAW, AND IF SO, A COPY OF THE LEASE MUST BE PROVIDED.

5. NOTICE (APPLIES ONLY TO A CONDOMINIUM WITH FEWER THAN 7 UNITS):
The following notice is applicable only to the resale by a unit owner, other than a developer, of a
residential unit in condominium
containing less than 7 units.
THE SELLER IS REQUIRED BY LAW TO FURNISH TO THE BUYER NOT LATER THAN FIFTEEN (15) DAYS PRIOR TO CLOSING CERTAIN INFORMATION CONCERNING THE CONDOMINIUM WHICH IS DESCRIBED IN § 11-135 OF THE MARYLAND CONDOMINIUM ACT. THIS INFORMATION MUST INCLUDE AT LEAST THE FOLLOWING:

1. A COPY OF THE DECLARATION (OTHER THAN THE PLATS);
2. A COPY OF THE BY-LAWS;
3. A COPY OF THE RULES AND REGULATIONS OF THE CONDOMINIUM; AND
4. A STATEMENT BY THE SELLER OF HIS EXPENSES RELATING TO THE COMMON ELEMENTS DURING THE PRECEDING 12 MONTHS.

6. RIGHT TO CANCEL: Buyer shall have the right for a period of seven (7) days following Buyer's receipt of the condominium documents and statements referred to in Paragraph 4 or 5, as applicable, to cancel this Contract by giving Notice thereof to Seller. In the event that such condominium documents and statements are delivered Buyer on or prior to the ratification of this Contract by Buyer, such seven (7) day period shall commence upon ratification of this Contract. If the condominium documents and statements are not delivered to Buyer within the 15 day time period referred to in Paragraph 4 or 5, as applicable, Buyer shall have the option to cancel this Contract by giving Notice thereof to Seller prior to receipt by Buyer of such condominium documents and statements. Pursuant to the provisions of this paragraph, in no event may the Buyer have the right to cancel this Contract after Settlement.

EXCEPTIONS FROM COVERAGE

This policy does not insure against loss or damage (and the Company will not pay costs, attorneys' fees or expenses) which arise by reason of:

1. Any Exception stated in this Commitment (Policy) for covenants, conditions or restriction which indicate a preference, limitation or discrimination based on race, color, religion, sex, handicap, familial status or national origin is omitted as provided in 42 U.S.C. 3604, unless and only to the extent that the restriction (a) is not in violation of state or federal law, (b) is exempt under 42 U.S.C.3607, or (c) related to a handicap, but does not discriminate against handicapped people.

2. Rights or claims of parties in possession not shown by the public records.

3. Any lien, or rights to a lien, for services, labor, or material heretofore or hereafter furnished, imposed by law and not shown by the public records.

4. Unpaid water rents.

5. Encroachments, overlaps, boundary line disputes, or other matters which would be disclosed by an accurate survey or inspection of the land.

6. Easements, or claims of easements, not shown by the public records.

7. State, County and/or City taxes subsequent to those of the original levy for the year ending June 30, 2007.

Re: Germantown, Maryland

Dear Mr. Joy:

In response to your request concerning the above referenced property compliance with applicable codes, regulations and ordinances, please be advised as follows:

(1) The Montgomery County Government, Department of Permitting Services is responsible for the enforcement of building codes, zoning ordinances, Use and Occupancy Certificates and similar codes or ordinances related to commercial development in Montgomery County Maryland.

(2) Building permits and Use and Occupancy certificates have been issued and are in effect for the above referenced property and we are not aware of any circumstance which would render the certificates invalid.

(3) The property is presently zoned T-S, Town Sector zoning; under Chapter 59-C-7.231 (d) (Montgomery Zoning Ordinance) Multi-family Dwellings are a use which is permitted if shown on an approved site plan amended in accordance with the requirements of division 59-D-3. A copy is available from the Montgomery County Planning Board.

(4) As a condition to the issuance of the use and occupancy certificates in Montgomery County a project must comply with all applicable codes and ordinances including, but not limited to, building and occupancy codes, special exception conditions, any regulations pertaining to an entry sign board, fire department codes and regulations, applicable zoning and land use laws, landscaping and parking requirements, obtaining appropriate curb cut permits and provisions for applicable sanitary sewer, water, storm drainage and other utilities. The property currently complies with all applicable laws, codes, regulations pertaining to zoning, land use, parking, and is in compliance with applicable building and fire codes.
As of the date of this letter, our records indicate that there are no pending violations of any applicable laws, codes, rules, regulations or ordinances as described above, and there are no pending rezoning applications, hearings, cases, appeals other proceedings which would affect the zoning classification of this property.

If you have any further questions please contact me at (240) 777-6252.

Sincerely,

[Signature]

RE: Uniform Relocation Act Requirements
Ashmore Condominium Units
Germantown, Maryland

Dear Mr. Mahoney:

In reference to our purchase of your properties listed below, please be advised of the following:

1. We do not have the power of eminent domain and therefore, we will not acquire the property if negotiations fail to result in an amicable agreement, and
2. You acknowledge that you have been provided in writing with an estimate of the fair market value of the property.

The above statement has been required by the Uniform Relocation Act.

The 10 property addresses, all located in the Ashmore Condominium complex in Germantown Maryland 20874 are:

Sincerely,

Sharan London
Executive Director
Exhibit 4(d): Evidence of Site Control and Permissive Zoning

v) Site Narrative

Site Description and Unit Suitability

The project will consist of ten apartments scattered throughout two newly constructed garden style apartment buildings in Germantown, Maryland. Though there are two physical buildings, each building is further divided by orientation and legal address, so the 10 units function as if they are located in four separate properties. Below is a chart of the unit addresses.

<table>

The development has over 400 units among 14 buildings. The construction of the buildings was recently completed, so the residents of this project will be the first occupants of these units.

Coalition Homes, a non-profit affiliate of Montgomery County Coalition for the Homeless (MCCH), recently purchased the ten units for this project from the developer at below market rates (in accordance with the county's Moderately Priced Dwelling Unit – MPDU – program). Coalition Homes and Montgomery County Coalition for the Homeless have executed a purchase agreement to allow the MCCH (or a newly created single purpose entity controlled by MCCH) to purchase the units upon receipt of 811 financing. MCCH will operate the units as permanent supportive housing for people with disabilities.

Each unit purchased for this project is a one bedroom unit, of 610 square feet, including a balcony or patio.

The other units in the buildings are one-, two-, and three-bedroom units. All the units in the building have high end appliances, washer-dryers, wall-to-wall...
carpeting, ceramic tile bathrooms, 9 foot ceilings, and ceiling fans in the living room and bedroom. Each unit has its own individually metered, all electric, heating and cooling system, and an electric hot water heater. The kitchen ranges use natural gas. Ashmore residents will have full access to the community amenities, including a pool and heated spa, 24 hour athletic club, and business center with computer and internet access.

The buildings are garden style apartments without elevator service, so only first floor units are handicapped accessible. Apartment Circle is handicap accessible, but will require minor modifications (less than to fully meet the HUD standard for wheelchair accessibility. An additional two of the ten units in this project meet visitability standards and incorporate universal design; there is wheelchair turning radius in the kitchens and bathrooms, all doors are wide enough for a wheelchair, the appliances’ controls are accessible from the front, and the kitchen and bathroom cabinets under sinks have toe room at the bottom for someone sitting in a wheelchair.

Characteristics of the Neighborhood

The Aurora project is well located to maximize integration of the residents into a growing urban community. The amenities of urban living are available within minutes of the door. The project is located just off Father Hurley Boulevard in Germantown, Maryland, in an area experiencing dramatic growth.

Immediately adjacent to the site, a townhouse community is under construction. In the immediate vicinity of the building, the neighborhood is a mix of uses, with residential to the north and retail to the east. Less than a mile from the site there is a convenience store, several restaurants, a full service grocery store with pharmacy, a bank with an ATM, a regional park, a movie theater, several churches, two bus stops with regional service, and a small shopping mall with a video rental, cleaners, and gas station. The local library is less than 1.5 miles from the site, as is the regional recreation center.

Emergency services are easily accessible. The Shady Grove Adventist Emergency Center is located within half a mile and has 21 emergency treatment beds. It functions similarly to an emergency department at a hospital except that it does not have inpatient beds. There are both fire and police stations less than half a mile from the site.

Educational facilities are also very convenient. Within two miles of the site are two prominent adult and continuing education institutions, Strayer University and Montgomery County Community College Germantown branch.
Housing Opportunities

The Ashmore will promote greater housing opportunities for minority individuals with disabilities for several of reasons:

- The Ashmore neighborhood is a majority white neighborhood, with fewer residents who are members of minority groups than the County as a whole.
- The Ashmore units are unaffordable to the target population (individuals with low incomes and disabilities who are exiting homelessness) without the assistance of a deep subsidy.

As the chart below demonstrates, not only is the area surrounding the Ashmore a majority white neighborhood, minority groups are also less represented in this neighborhood than in Germantown and than in the County as a whole. Since 77% of the residents of Montgomery County Coalition for the Homeless (MCCH) housing are members of minority groups, providing MCCH clients access to Ashmore units provides housing opportunities in a neighborhood which has underserved minorities.

<td>64.8</td>
<td>35.2</td>
</tr>
</tbody>
</table>

** Includes African Americans, American Indians, Asian, Pacific Islanders, and people with two or more races.

Additionally, Ashmore units are not affordable to the very low income people living with disabilities served by the Coalition. The Coalition purchased units through the County's Moderately Priced Dwelling Unit program, units which would have been sold on the market for much higher prices. The availability of the Coalition units enhance housing opportunities for minorities and disabled because there is simply no way the Coalition's clientele (76% minority, 100% low income, and all living with disabilities) could live in the Ashmore building without public intervention.
Furthering Fair Housing

The Ashmore promotes Fair Housing by addressing one of the major impediments to Fair Housing identified in the County's "Fair Housing Analysis of Impediments" (AI). The AI identifies nine impediments to Fair Housing in Montgomery County, including the need for additional affordable housing:

"There still remains an enormous need for affordable housing throughout the county. The county remains committed to the funding and development of affordable housing, including innovative housing programs such as the very successful Moderately Priced Dwelling unit (MPDU) program. The County Council should continue to support innovative housing solutions.... (AI, p. 4)"

The Ashmore expands housing options available to minorities living with disabilities, using the MPDU program to access units which would otherwise be unaffordable to the Coalition's clientele. The Ashmore is an example of an innovative housing solution called for in the AI.

The Fair Housing section of the Consolidated Plan calls for Montgomery County to "Support the expansion and retention of housing that is affordable and accessible to lower-income residents...." The Ashmore furthers the County's goal of promoting Fair Housing by expanding the stock of affordable and accessible housing.

Prepared By:
ECO DYNAMICS CORPORATION

April 23, 2007
Ashmore at Germantown Condominiums
PHASE I ENVIRONMENTAL SITE ASSESSMENT

1. Summary

Eco Dynamics Corporation (EDC) of Ellicott City, Maryland conducted a Phase I Environmental Site Assessment (ESA) of ten residential condominium units at the Ashmore at Germantown complex owned by Fairfield Germantown Farms, L.P. The ESA was performed using American Society for Testing and Materials (ASTM) Standard E 1527-05, entitled "Standard Practice for Environmental Site Assessments: Phase I Environmental Site Assessment Process." The site is located on the southeast side of Father Hurley Boulevard, southwest of Wisteria Drive, in Germantown, Maryland. The subject property was inspected by John Mornini, Division Manager, on April 12, 2007.

The Ashmore at Germantown complex reportedly has 404 total units, and the interior of the following ten, one-bedroom, units were inspected as part of this ESA: [Redacted].

The property is listed in tax records as 4.93 acres, and each one-bedroom unit is approximately 630 s.f. in size. Tax records indicate that the complex was constructed in 2006. Each dwelling is heated with an electric forced air system. There is also natural gas service, which is used for the hot water tanks and the stoves. There were no aboveground storage tanks (ASTs) observed on site. There was no evidence of USTs observed, such as vent pipes or grade level openings. Based on the date of construction of the complex, there were no building materials observed which were suspected of being asbestos containing material (ACM).

Based on the date of construction of the complex, it is assumed that there is no Lead-based paint (LBP) on site, and no dust wipe samples were taken. According to the HUD "Guidelines For the Evaluation and Control of Lead-Based Paint Hazards in Housing", lead was first regulated in residential paint in 1972, when it was reduced to 0.5 percent lead by dry weight. Lead was completely banned as a paint additive in 1978, meaning that paint could contain no more than 0.06 percent lead by dry weight (Reich, 1992; Rabin, 1989).

There was no evidence discovered of past industrial use of the property. The adjoining property to the north of the complex is the Churchill Business Center, off Wisteria Drive. The adjoining property to the south is a Centex Homes condominium construction site. The adjoining property to the east is an open field, the remainder of the Martens property. The adjoining properties to the west, across Father Hurley Boulevard, are residential townhouses. Based on visual observation there were no adjoining properties observed which appear to pose an environmental risk to the subject property. The area is served by public water and sewer. There was no evidence discovered of recognized environmental conditions in connection with the Ashmore at Germantown condominiums at [Redacted].
2. Introduction

2.1 Purpose - The purpose of this Phase I Environmental Site Assessment (ESA) is to permit a user to satisfy one of the requirements to qualify for the innocent landowner, contiguous property owner, or bona fide prospective purchaser limitations (landowner liability protections, or LLPs) with respect to petroleum products and the range of contaminants within the scope of the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA): that is, the practices that constitute "all appropriate inquiry into the previous ownership and uses of a property consistent with good commercial or customary practice" as defined in CERCLA. There may be environmental issues or conditions at a property that are not included in the scope of CERCLA liability, and this ESA does not address: radon, lead in drinking water, wetlands, regulatory compliance, industrial hygiene, endangered species, indoor air quality, biological agents, or mold.

2.2 Terminology - This section provides definitions, descriptions of terms, and a list of acronyms for words and phrases that might be used in this ESA.

abandoned property - Property that can be presumed to be deserted from the general disrepair or lack of activity such that a reasonable person could believe that there was an intent on the part of the current owner to surrender rights to the property.

activity and use limitations - Legal, administrative, or physical restrictions on the use of, or access to, a site or facility to reduce or eliminate potential exposure to hazardous substances or petroleum products in the soil or ground water on the property. An institutional control is a type of AUL.

actual knowledge - The knowledge actually possessed by an individual who is a real person, rather than an entity. Actual knowledge is to be distinguished from constructive knowledge that is knowledge imputed to an individual or entity.

adjoining properties - Any real property or properties the border of which is contiguous or partially contiguous with that of the property, or that would be contiguous or partially contiguous with that of the property but for a street, road, or other public thoroughfare separating them.

aerial photographs - Photographs taken from an aerial platform with sufficient resolution to allow identification of development and activities of areas encompassing the property.

asbestos - Six naturally occurring fibrous minerals found in certain types of rock formations. Of the six, the minerals chrysotile, amosite, and crocidolite have been most commonly used in building products. When inhaled in sufficient quantities, asbestos fibers can cause serious health problems.

asbestos containing material (ACM) - Any material or product that contains more than 1% asbestos.

Comprehensive Environmental Response, Compensation, and Liability Information System (CERCLIS) - The list of sites compiled by EPA that EPA has investigated or is currently investigating for potential hazardous substance contamination for possible inclusion on the National Priorities List.

data failure - Occurs when all of the reasonably ascertainable standard historical sources which are likely to be useful are reviewed and do not identify the uses of the property at five year intervals back to first use or 1940 (whichever is earlier). Data failure is not uncommon, and should be documented. If the data failure represents a significant data gap, the report shall comment on the impact of the data gap on the ability of the environmental professional to identify recognized environmental conditions.
demolition debris - Concrete, brick, asphalt, and other such building materials discarded in the construction of a building or other improvement to property.

drum - A container (typically holding 55 gallons of liquid) that may be used to store hazardous substances or petroleum products.

dry wells - Underground areas where soil has been removed and replaced with pea gravel, coarse sand, or large rocks; used for drainage, to control storm runoff, for the collection of spilled liquids (intentional and non-intentional) and wastewater disposal (often illegal).

dwelling - Structure or portion thereof used for residential habitation; house.

environmental lien - A charge, security, or encumbrance upon title to a property to secure the payment of a cost, damage, debt, obligation, or duty arising out of response actions, cleanup, or other remediation of hazardous substances or petroleum products upon a property, including liens imposed pursuant to CERCLA and similar state or local laws.

environmental professional - A person possessing sufficient training and experience necessary to exercise professional judgement to develop opinions and conclusions regarding conditions indicative of releases or threatened releases on, at, in, or to a property. A person who does not have a relevant license or certificate can qualify with the equivalent of ten years of full-time relevant experience.

ERNS list - EPA's emergency response notification system list of reported CERCLA hazardous substance releases or spills in quantities greater than the reportable quantity, as maintained at the National Response Center.

fire insurance maps - Maps produced for private fire insurance map companies that indicate uses of properties at specified dates and that encompass the property.

hazardous substance - A substance defined as a hazardous substance pursuant to CERCLA, any hazardous waste, any toxic pollutant, any hazardous air pollutant, and any imminently hazardous chemical substance or mixture. The term does not include petroleum.

hazardous waste - RCRA defines a hazardous waste as "a solid waste, or combination of solid wastes, which because of its quantity, concentration, or physical, chemical or infectious characteristics may (A) cause, or significantly contribute to an increase in mortality or an increase in serious irreversible, or incapacitating reversible, illness; or (B) pose a substantial present or potential hazard to human health or the environment when improperly treated, stored, transported, or disposed of, or otherwise managed."

hazardous waste/contaminated sites - Sites on which a release has occurred, or is suspected to have occurred, of any hazardous substance, hazardous waste, or petroleum products, and that release or suspected release has been reported to a government entity.

historical recognized environmental condition - An environmental condition which has been remediated, with such remediation accepted by the responsible regulatory agency. The environmental professional shall provide an opinion of the current impact on the property of this historical environmental condition.

landfill - A place, location, tract of land, area, or premises used for the disposal of solid wastes as defined by state solid waste regulations. The term is synonymous with the term solid waste disposal site and is also known as a garbage dump, or similar term.

LUST sites - State lists of leaking underground storage tank sites.
National Priorities List (NPL) - List compiled by EPA pursuant to CERCLA of properties with the highest priority for clean-up pursuant to EPA's Hazard Ranking System.

obvious - That which is plain or evident; a condition or fact that could not be ignored or overlooked by a reasonable observer while visually or physically observing the property.

operator - The person responsible for the overall operation of a facility.

owner - Generally the fee owner of record of the property.

petroleum products - Crude oil or any fraction thereof. The word fraction refers to distillates of crude, oil, including gasoline, kerosene, diesel oil, jet fuels, and fuel oil.

pits, ponds, or lagoons - Man-made or natural depressions in a ground surface that are likely to hold liquids or sludge containing hazardous substances or petroleum products.

property - The real property that is the subject of the environmental site assessment. Real property includes buildings and other fixtures and improvements located on the property and affixed to the land.

practically reviewable - Information that is practically reviewable means that the information is provided by the source in a manner and in a form that, upon examination, yields information relevant to the property without the need for extraordinary analysis of irrelevant data.

publicly available - Information that is publicly available means that the source of the information allows access to the information by anyone upon request.

RCRA generators - Those persons or entities that generate hazardous wastes, as defined and regulated by RCRA.

RCRA TSD facilities - Those facilities on which treatment, storage, and/or disposal of hazardous wastes takes place, as defined and regulated by RCRA.

RCRA TSD facilities list - List kept by EPA of those facilities on which treatment, storage, and/or disposal of hazardous wastes takes place, as defined and regulated by RCRA.

reasonably ascertainable - Information that is (1) publicly available, (2) obtainable from its source within reasonable time and cost constraints, and (3) practically reviewable.

recognized environmental conditions - The presence or likely presence of any hazardous substances or petroleum products on a property under conditions that indicate an existing release, a past release, or a material threat of a release of any hazardous substances or petroleum products into structures on the property or into the ground, groundwater, or surface water of the property. The term includes hazardous substances or petroleum products even under conditions in compliance with laws. The term is not intended to include de minimis conditions that generally do not present a threat to human health or the environment and that generally would not be the subject of an enforcement action if brought to the attention of appropriate governmental agencies. Conditions determined to be de minimis are not recognized environmental conditions.

recorded land title records - Records of fee ownership, leases, land contracts, easements, liens, and other encumbrances on or of the property recorded in the place where land title records are, by law or custom, recorded for the local jurisdiction in which the property is located.
solvent - A chemical compound that is capable of dissolving another substance and is itself a hazardous substance, used in a number of manufacturing/industrial processes including but not limited to the manufacture of paints and coatings for industrial and household purposes, equipment clean-up, and surface degreasing in metal fabricating industries.

underground storage tank (UST) - Any tank, including underground piping connected to the tank, that is or has been used to contain hazardous substances or petroleum products and the volume of which is 10% or more beneath the surface of the ground.

user - The party seeking an environmental site assessment of the property. A user may include, without limitation, a potential purchaser of property, a potential tenant of property, an owner of property, a lender, or a property manager. The user has specific obligations for completing a successful application of this practice, including communicating environmental liens or activity and use limitations, and other reasonably ascertainable information that is material.

USGS 7.5 Minute Topographic Map - The map available from or produced by the United States Geological Survey, entitled “USGS 7.5 Minute Topographic Map,” and showing the property.

visually and/or physically observed - During a site visit this term means observations made by vision while walking through a property and the structures located on it and observations made by the sense of smell, particularly observations of noxious or foul odors.

wastewater - Water that (1) is or has been used in an industrial or manufacturing process, (2) conveys or has conveyed sewage, or (3) is directly related to manufacturing, processing, or raw materials storage areas at an industrial plant.

2.2.3 Acronyms

AAI - All Appropriate Inquiry into previous ownership and uses of a property
AULs - Activity and Use Limitations
CERCLIS - Comprehensive Environmental Response, Compensation and Liability Information System (maintained by EPA).
CORACTS - Facilities subject to corrective action under RCRA
EPA - United States Environmental Protection Agency.
EPCRA - Emergency Planning and Community Right to Know Act (known as SARA Title III).
ERNS - Emergency Response Notification System.
ESA - Environmental Site Assessment (different than an environmental compliance audit).
FR - Federal Register
ICs - Institutional Controls
LBP - Lead-based paint
LLPs - Landowner Liability Protection under the Brownfields Amendments
LUST - Leaking Underground Storage Tank.
NFRAP - Former CERCLIS sites where no further remedial action is planned under CERCLA
NPL - National Priorities List.
PCBs - Polychlorinated Biphenyls.
PRP - Potentially Responsible Party
SARA - Superfund Amendments and Reauthorization Act of 1986 (amendment to CERCLA).
USGS - United States Geological Survey.
UST - Underground Storage Tank.
2.3 **Principles and Limitations**

2.3.1 **Uncertainty Not Eliminated** - No environmental site assessment can wholly eliminate uncertainty regarding the potential for recognized environmental conditions in connection with a property. Performance of this practice is intended to reduce, but not eliminate, uncertainty regarding the potential for recognized environmental conditions in connection with a property, and recognize reasonable limits of time and cost.

2.3.2 **Not Exhaustive** - All appropriate inquiry does not mean an exhaustive assessment of a clean property. There is a point at which the cost of information obtained or the time required to gather it outweighs the usefulness of the information and, in fact, may be a material detriment to the orderly completion of transactions. One of the purposes of this practice is to identify a balance between the competing goals of limiting the costs and time demands inherent in performing an ESA, and the reduction of uncertainty about unknown conditions resulting from additional information.

2.3.3 **Level of Inquiry is Variable** - Not every property will warrant the same level of assessment. Consistent with good commercial or customary practice, the appropriate level of environmental site assessment will be guided by the type of property subject to assessment, the expertise and risk tolerance of the user, and the information developed in the course of the inquiry.

2.3.4 **Comparison With Subsequent Inquiry** - It should not be concluded or assumed that an inquiry was not appropriate inquiry merely because the inquiry did not identify recognized environmental conditions in connection with a property. Environmental site assessments must be evaluated based on the reasonableness of judgements made at the time and under the circumstances in which they were made. Subsequent environmental site assessments should not be considered valid standards to judge the appropriateness of any prior assessment based on hindsight, new information, use of developing technology or analytical techniques, or other factors.

2.3.5 **Continued Viability of ESA** - An environmental site assessment meeting or exceeding this practice and completed less than 180 days prior to the date of acquisition is presumed to be valid.

2.4 **Limiting Conditions and Methodology Used**

This Phase I ESA includes a records review; observations made during site reconnaissance; and interviews of the owner and other individuals familiar with the subject property. It did not include the testing or sampling of dust, soil, water, or air. The scope of the investigation performed was reasonably likely to identify significant contamination and/or environmentally sensitive areas present at the site.

3. **Site Description**

3.1 **Location and Legal Description** - The subject site consists of ten residential condominium units at the Ashmore at Germantown complex owned by Fairfield Germantown Farms, L.P. The site is located on the southeast side of Father Hurley Boulevard, southwest of Wisteria Drive, in Germantown, Maryland. The property is shown on Montgomery County Tax Map EU 342, and on Plat 9015.
3.2 **Site and Vicinity Characteristics** - The subject property is located in a residential community adjoining a commercial district. It is served by public water and sewer. The subject site has been graded to form a low knoll, and the area slopes gradually downgradient primarily to the west and southwest. Surface drainage is into storm drains in the complex. The area is drained by unnamed tributaries of Little Seneca Creek. According to the USGS 7.5 Minute Topographic Map (Germantown Quadrangle), the elevation range on site is approximately 475 feet to 500 feet above mean sea level.

3.2.1 **Geology and Soils** - The subject property is underlain by Marburg Schist, in the Western Piedmont Metasedimentary Rocks Physiographic Province, according to the Geologic Map of Maryland (1968). Soils in the area are mapped in the Montgomery County Soil Survey (USDA SCS, October 1961) as belonging to the Manor-Linggaore-Glenelg association. Soils in this association are shallow to moderately deep, well-drained, strongly sloping, channery soils.

The mapping unit for the area is labeled as Glenelg channery silt loam (GcB2), 3 to 8 percent slopes. The Glenelg series consists of moderately deep, well drained soils that developed from materials weathered from rather soft mica schist, or, in some places, from granitized schist or gneiss.

3.2.2 **Adjoining Properties** - The adjoining property to the north of the complex is the Churchill Business Center, off Wisteria Drive. The adjoining property to the south is a Centex Homes condominium construction site. The adjoining property to the east is an open field, the remainder of the Martens property. The adjoining properties to the west, across Father Hurley Boulevard, are residential townhouses. Based on visual observation there were no adjoining properties observed which appear to pose an environmental risk to the subject property.

3.3 **Descriptions of Structures, Roads, and Other Improvements on the Site** - The Ashmore at Germantown complex is improved with fourteen four-level, masonry and wood-frame multi-unit structures. Tax records indicate that the site was constructed in 2006. The area has paved streets. Underground utilities include water, electric, natural gas, telephone, sanitary sewer lines, and storm sewers.

3.4 **Information Reported by User Regarding Environmental Liens or Specialized Knowledge or Experience** - The user of this report provided no information regarding environmental liens, or specialized knowledge or experience concerning the subject site. The user of this report is Sharan London, Executive Director of Montgomery County Coalition for the Homeless, Inc.

3.5 **Current Uses of the Property** - The subject property is currently a residential condominium complex.

3.6 **Past Uses of the Property** - The property has been used in the past as part of a larger farm field. There are no other known uses of the subject property.

3.7 **Current and Past Uses of Adjoining Properties** - The current uses of adjoining properties includes both residential and commercial uses. Adjoining properties were also used in the past as farm fields. There are no other known past uses of adjoining properties.

3.8 **Site Location** - See Attachments.
4. Records Review

4.1 Standard Environmental Record Sources, Federal and State - Eco Dynamics Corporation reviewed a database of potential hazardous waste sites, produced by Environmental Data Resources, Inc. (EDR), which included a search of the following primary databases: NPL, CERCLIS, CERC-NFRAP, CORRACCTS, RCRIS-TSD, UST/LUST, SWLF, UST, ERNS, LG QUAN GEN, and SM QUAN GEN. The subject property is not listed in the EDR report. The nearest mapped sites include Diamond Cleaners, at [Redacted] and Kenwood Auto Body, at [Redacted]. Both are in the adjoining Churchill Business Center, and both are listed as small quantity generators of hazardous waste, with no violations found. There is also a closed Maryland State Oil Control Program (OCP) case at Kenwood Auto Body. According to the Map Findings Summary, on Page 4, there are an additional nine OCP cases within one-half mile of the subject property. There are three unmapped sites listed in the report, but only one in Germantown, the Volunteer Fire Department. Based on the information provided, there are no mapped or unmapped sites listed which appear to pose an environmental risk to the subject property. The EDR report is included with this Phase I ESA. A Freedom of Information Act request has been made to Maryland Department of the Environment (MDE). Eco Dynamics Corporation is awaiting their response.

4.2 Physical Setting Sources - A 1953 USGS 7.5 Minute Topographic Map (Germantown Quadrangle), photorevised in 1979, was reviewed. See Attachments. The USGS map shows the subject site as part of a larger undeveloped, cleared, area north of the former Baltimore and Ohio railroad tracks. A 1994 200-scale topographic map provided by the Maryland National Capital Park and Planning Commission was also reviewed, and labels the general location of the Ashmore condominiums as “crops”.

4.2.1 FEMA Flood Map - Panel Number: 240049 0050 B. Effective Date: July 2, 1979. The subject property is not in a flood plain.

4.3 Historical Use Information - Historical use information was provided by a resident of the adjoining townhouses dating back to 1988. At that time, and through the 1990's, the site was an open farm field planted in corn and other row crops. Aerial photographs from 1957 and 1987 also show the subject site as part of a larger open field. Recorded land records were reviewed back to 1917.

4.3.1 Sanborn Fire Insurance Maps - There are no Sanborn Maps covering the subject property.
Held in

Entity
5. **Information from Site Reconnaissance**

5.1 **Hazardous Substances and Petroleum Products in Connection with Identified Uses** - Other than pool chemicals, there are no hazardous substances or evidence of petroleum products on the subject property in connection with identified uses.

5.2 **Hazardous Substance Containers, Petroleum Products Containers, Unidentified Substance Containers** - There were no hazardous substance containers, petroleum products containers, or unidentified substance containers observed on the subject site.

5.3 **Storage Tanks** - There are no aboveground storage tanks (ASTs) on site. There was no evidence of underground storage tanks (USTs) observed, such as vent pipes or grade level openings.

5.4 **Pits, Ponds, Pools of Liquid, and PCB's** - There were no pits or pools of liquid observed on site. There are stormwater management ponds near the southeast and southwest corners of the site. There were no transformers, capacitors, electric motors, pumps, or other items which might contain PCB's on site.

5.5 **Wells, Waste Water, Drains, Sumps, and Septic Systems** - There were no wells observed on the subject property. There were no septic systems, sumps, drains, or waste water observed on the property.

5.6 **Odors, Stained Soil or Pavement, Stressed Vegetation and Solid Waste** - There were no odors observed on site. There was no stained soil observed, evidence of vegetation stress, or solid waste on site.

6. **Interview With Present Owner and Occupant** - The following individuals were interviewed for this report. They are not aware of any recognized environmental conditions on the subject property or surrounding area.

1. Representing the owner of the subject property, Fairfield Germantown Farms, L.P. The prior Phase I ESA, performed when the property was acquired from the Martens, was requested and was not received.

2. Sales agents on site.

7. Findings, Data Gaps, and Conclusions

The subject site consists of ten residential condominium units at Ashmore at Germantown, owned by Fairfield Germantown Farms, L.P. The Ashmore at Germantown complex reportedly has 404 total units, and the interior of the following ten, one-bedroom, units were inspected as part of this Phase I ESA.

The property is listed in tax records as 4.93 acres, and each one-bedroom unit is approximately 630 s.f. in size. Tax records indicate that the complex was constructed in 2006. Each dwelling is heated with an electric forced air system. There is also natural gas service, which is used for the hot water tanks and the stoves. There were no aboveground storage tanks (ASTs) observed on site. There was no evidence of USTs observed, such as vent pipes or grade level openings. Based on the date of construction of the complex, there were no building materials observed which were suspected of being asbestos containing material (ACM).

Based on the date of construction of the complex, it is assumed that there is no Lead-based paint (LBP) on site, and no dust wipe samples were taken. According to the HUD “Guidelines For the Evaluation and Control of Lead-Based Paint Hazards in Housing”, lead was first regulated in residential paint in 1972, when it was reduced to 0.5 percent lead by dry weight. Lead was completely banned as a paint additive in 1978, meaning paint could contain no more than 0.06 percent lead by dry weight (Reich, 1992; Rabin, 1989).

There was no evidence discovered of past industrial use of the property. The adjoining property to the north of the complex is the Churchill Business Center, off Wisteria Drive. The adjoining property to the south is a Centex Homes condominium construction site. The adjoining property to the east is an open field, the remainder of the Martens property. The adjoining properties to the west, across Father Hurley Boulevard, are residential townhouses. Based on visual observation there were no adjoining properties observed which appear to pose an environmental risk to the subject property. The area is served by public water and sewer.

Data failure occurs when all of the reasonably ascertainable standard historical sources which are likely to be useful are reviewed and do not identify the uses of the property at five year intervals back to first use or 1940 (whichever is earlier). Data failure is not uncommon, and should be documented. If the data failure represents a significant data gap, the report shall comment on the impact of the data gap on the ability of the environmental professional to identify recognized environmental conditions. The standard historical sources did not identify uses of the property at five year intervals. This may be considered a data gap; however, it does not prevent the identification of recognized environmental conditions.

We have performed a Phase I ESA of the subject property in conformance with the scope and limitations of ASTM Practice E 1527-05. There was no evidence discovered of recognized environmental conditions in connection with the Ashmore at Germantown condominiums at 13501 Derry Glen Court, Units...

Division Manager

9. **Qualifications of Environmental Site Assessor**

I declare that, to the best of my professional knowledge and belief, I meet the definition of Environmental professional as defined in 312.10 of 40 CFR 312. I have the specific qualifications based on education, training, and experience to assess a property of the nature, history, and setting of the subject property. I have developed and performed the all appropriate inquiries in conformance with the standards and practices set forth in 40 CFR 312.

**NAME:** [Redacted], Division Manager

Environmental Assessment Services

**EDUCATION:**

B.S., Eastern Kentucky University /1976

**TRAINING:**

Professional Environmental Auditor

AHERA accredited Asbestos Inspector courses

Maryland Lead Paint Abatement Inspector

MDE Water Sampler training

**EXPERIENCE:**

[Redacted] has twenty-two years of experience providing environmental services, including over fourteen years performing environmental site assessments (ESAs), four years providing underground storage tank (UST) testing and management, and four years of emergency oil spill response. Projects include coordination and project support for seventy-five (75) Phase II ESAs and UST removals, and direct project management of over eight hundred and fifty (850) Phase I ESAs, and over six hundred (600) Transaction Screen ESAs.

The Statutory Checklist is to be completed for site specific and non-site specific projects to determine compliance or non-compliance with the requirements of 24 CFR Part 58-5.

2. All completed Statutory Checklists are to be signed, dated, and placed in the Environmental Review Record.

3. No Contractual agreement may be finalized, nor funds expended, until receipt of a Notice of Removal of Grant Conditions.

Pursuant to 24 CFR Part 58-5 Environmental Review Procedures for the Community Development Block Grant Program, the environmental review process must also consider, where applicable, the criteria, standards, policies and regulations under the following:

EXHIBIT D

DETERMINATION OF CATEGORICAL EXCLUSION/EXEMPTION
24 CFR PARTS 58.35(a) AND 58.34(a) (12)
SUBJECT TO PART 58.5

PROJECT IDENTIFIER (GRANT # etc.): Home

PROJECT DESCRIPTION (INCLUDE MAP(S):

Acquisition of a newly constructed property.

THE ABOVE DESCRIBED PROJECT IS DETERMINED TO BE CATEGORICALLY EXCLUDED PER 58.35(a). ATTACHED IS THE STATUTORY CHECKLIST TO INDICATE COMPLIANCE WITH PARTS 58.5 AND 58.6. AS NO FURTHER COMPLIANCE WAS REQUIRED FOR 58.5 AND NONE OF THE PART 58.5 FACTORS APPLIED TO THE PROJECT, THE DETERMINATION REVERTS TO AN EXEMPTION, PER 58.34(a) (12) FOR THE ABOVE DESCRIBED PROJECT.

AS A RESULT OF THE STATUTORY CHECKLIST ADDRESSING 58.6 ITEMS, THE FOLLOWING MITIGATION MEASURES ARE REQUIRED (IF APPLICABLE)

Installation of windows, doors and walls that are rated according to HUD guidelines.

AS OF THE DATE OF SIGNATURE BELOW, ENVIRONMENTAL CLEARANCE HAS BEEN ACHIEVED FOR THE PROJECT

Signature: [Signature]

Date: December 8, 2026
CATEGORICAL EXCLUSION (subject to 58.5)  
24 CFR 58.35 (a)

I hereby certify that the following activities comprising the program have been reviewed and determined Categorical Excluded Activity per 24 CFR 58.35 (b) as follows:

(1) Acquisition, repair, improvement, reconstruction, or rehabilitation of public facilities and improvements (other than buildings) when the facilities and improvements are in place and will be retained in the same use without change in size or capacity of more than 20 percent (e.g., replacement of water or sewer lines, reconstruction of curbs and sidewalks, repaving of streets).

(2) Special projects directed to the removal of material and architectural barriers that restrict the mobility of and accessibility to elderly and handicapped persons.

(3) Rehabilitation of buildings and improvements when the following conditions are met:
   (i) In the case of a building for residential use (with one to four units),
       (A) the density is not increased beyond four units,
       (B) the land use is not changed, and
       (C) the footprint of the building is not increased in a Floodplain or in a wetland.
   (ii) In the case of multifamily residential buildings:
       (A) Unit density is not changed more than 20 percent;
       (B) The project does not involve changes in land use from residential to non-residential; and
       (C) The estimated cost of rehabilitation is less than 75 percent of the total estimated cost of replacement after rehabilitation.
   (iii) In the case of non-residential structures, including commercial, industrial, and public buildings:
       (A) The facilities and improvements are in place and will not be changed in size or capacity by more than 20 percent; and
       (B) The activity does not involve a change in land use, such as from non-residential to residential, commercial to industrial, or from one industrial use to another.

(4) An individual action on one-to four family dwelling or an individual action on a project of five or more housing units developed on scattered sites when the sites are more than 2,000 feet apart and there are not more than four housing units on any one site. units on any one site.

(5) Acquisition (including leasing) or disposition of, or equity loans on an existing structure, or acquisition (including leasing) of vacant land provided that the structure or land acquired, financed, or disposed of will be retained for the same use.

(6) Combinations of the above activities.

(Statutory Checklist Attached)

COMPLIANCE DOCUMENTATION CHECKLIST
24 CFR Part 58.6
"Other Requirements"

For "exempt" and "categorically excluded not subject to" projects/activities, compliance with the related laws and authorities listed in 58.5 is not required. However, recipients remain responsible for addressing and carrying out any applicable compliance measures for the requirements listed in 58.6. These requirements include:

(1) The Flood Disaster Protection Act of 1973 - Federal financial assistance for acquisition or construction purposes (including rehab) may not be used in a special flood hazard area as identified by FEMA unless:

(i) The community in which the area is situated is participating in the National Flood Insurance Program and;
(ii) Flood insurance protection is to be obtained as a condition of the approval of financial assistance to the property owner.

Is the project located within a special flood hazard area as designated on a current FEMA flood map? Identify FEMA map used to make your finding. Yes [ ] No [ ]

If so, has flood insurance been obtained? Yes [ ] No [ ]

(2) The Coastal Barrier Resources Act - HUD assistance may not be used for most activities proposed in the Coastal Barrier Resources System.

Is the project located within a coastal barrier designated on a current FEMA flood map? Identify FEMA map used to make your finding. Yes [ ] No [ ]

NOTE: If your answer is yes, the law prohibits Federal funding of projects in designated coastal barriers unless it is a functionally dependent use.

(3) Runway Clear Zones and Clear Zones - In all cases involving HUD assistance, subsidy, or insurance for the purchase or sale of an existing property in a Runway Clear Zone or Clear Zone, the responsible entity shall advise the buyer that the property is in a runway clear zone or clear zone, what the implications of such a location are, and that there is a possibility that the property may, at a later date, be acquired by the airport. The buyer must sign a statement acknowledging receipt of this information.

Is the project located in a Runway Clear Zone/Clear Zone? Yes [ ] No [ ]

If so, has the buyer signed a statement of acknowledgment? Yes [ ] No [ ]

Date: December 3, 2006
EXHIBIT D

DETERMINATION OF CATEGORICAL EXCLUSION/EXEMPTION
24 CFR PARTS 58.35(a) AND 58.34(a) (12)
SUBJECT TO PART 58.5

PROJECT IDENTIFIER (GRANT # etc.): HOME

PROJECT DESCRIPTION (INCLUDE MAP(S):

Acquisition of a newly constructed property.

The above described project is determined to be categorically excluded per 58.35 (a). Attached is the statutory checklist to indicate compliance with Parts 58.5 and 58.6. As no further compliance was required for 58.5 and none of the Part 58.5 factors applied to the project, the determination reverts to an exemption, per 58.34 (a) (12) for the above described project.

As a result of the statutory checklist addressing 58.6 items, the following mitigation measures are required (if applicable):

Installation of windows, doors and walls that are rated according to HUD guidelines.

As of the date of signature below, environmental clearance has been achieved for the project.

[Signature]

DATE: December 8, 2006
COMPLIANCE DOCUMENTATION CHECKLIST
24 CFR Part 58.6
"Other Requirements"

For "exempt" and "categorically excluded not subject to": projects/activities, compliance with the related laws and authorities listed in 58.5 is not required. However, recipients remain responsible for addressing and carrying out any applicable compliance measures for the requirements listed in 58.6. These requirements include:

(1) The Flood Disaster Protection Act of 1973 - Federal financial assistance for acquisition or construction purposes (including rehab) may not be used in a special flood hazard area as identified by FEMA unless:

(i) The community in which the area is situated is participating in the National Flood Insurance Program and;

(ii) Flood insurance protection is to be obtained as a condition of the approval of financial assistance to the property owner.

Is the project located within a special flood hazard area as designated on a current FEMA flood map? Identify FEMA map used to make your finding. Yes ______ No ______

If so, has flood insurance been obtained? Yes ______ No ______

(2) The Coastal Barrier Resources Act - HUD assistance may not be used for most activities proposed in the Coastal Barrier Resources System.

Is the project located within a coastal barrier designated on a current FEMA flood map? Identify FEMA map used to make your finding. Yes ______ No ______

NOTE: If your answer is yes, the law prohibits Federal funding of projects in designated coastal barriers unless it is a functionally dependent use.

(3) Runway Clear Zones and Clear Zones - In all cases involving HUD assistance, subsidy, or insurance for the purchase or sale of an existing property in a Runway Clear Zone or Clear Zone, the responsible entity shall advise the buyer that the property is in a runway clear zone or clear zone, what the implications of such a location are, and that there is a possibility that the property may, at a later date, be acquired by the airport. The buyer must sign a statement acknowledging receipt of this information.

Is the project located in a Runway-Clear Zone/Clear Zone? Yes ______ No ______

If so, has the buyer signed a statement of acknowledgment? Yes ______ No ______
CATEGORICAL EXCLUSION(subject to 58.5)
24 CFR 58.35 (a)

I hereby certify that the following activities comprising the HOME Program have been reviewed and determined
Categorical Excluded Activity per 24 CFR 58.35 (b) as follows:

(1) Acquisition, repair, improvement, reconstruction, or
rehabilitation of public facilities and improvements (other than
buildings) when the facilities and improvements are in place and will
be retained in the same use without change in size or capacity of
more than 20 percent (e.g., replacement of water or sewer lines,
reconstruction of curbs and sidewalks, repaving of streets).

(2) Special projects directed to the removal of material and
architectural barriers that restrict the mobility of and
accessibility to elderly and handicapped persons.

(3) Rehabilitation of buildings and improvements when the following
conditions are met:

   (i) In the case of a building for residential use (with one to four
units),
       (A) the density is not increased beyond four units,
       (B) the land use is not changed, and
       (C) the footprint of the building is not increased in a
       floodplain or in a wetland;
   (ii) In the case of multifamily residential buildings:
       (A) Unit density is not changed more than 20 percent;
       (B) The project does not involve changes in land use from
residential to non-residential; and
       (C) The estimated cost of rehabilitation is less than 1/5 percent of
the total estimated cost of replacement after rehabilitation.
   (iii) In the case of non-residential structures, including
commercial, industrial, and public buildings:
       (A) The facilities and improvements are in place and will not be
changed in size or capacity by more than 20 percent; and
       (B) The activity does not involve a change in land use, such as
from non-residential to residential, commercial to industrial,
or from one industrial use to another.

(4) An individual action on one-to four family dwelling or an
individual action on a project of five or more housing units
developed on scattered sites when the sites are more than 2,000
feet apart and there are not more than four housing units on
any one site. units on any one site.

(5) Acquisition (including leasing) or disposition of, or equity
loans on an existing structure, or acquisition (including leasing)
of vacant land provided that the structure or land acquired,
financed, or disposed of will be retained for the same use.

(6) Combinations of the above activities.

Manufactured Gas Plants...... EDR Proprietary Manufactured Gas Plants

SURROUNDING SITES: SEARCH RESULTS

Surrounding sites were identified in the following databases.
EXECUTIVE SUMMARY

Elevations have been determined from the USGS Digital Elevation Model and should be evaluated on a relative (not an absolute) basis. Relative elevation information between sites of close proximity should be field verified. Sites with an elevation equal to or higher than the target property have been differentiated below from sites with an elevation lower than the target property.

Page numbers and map identification numbers refer to the EDR Radius Map report where detailed data on individual sites can be reviewed.

Sites listed in bold italics are in multiple databases.

Unmappable (orphan) sites are not considered in the foregoing analysis.

FEDERAL RECORDS

RCRAlnfo: RCRAlnfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. RCRAlnfo replaces the data recording and reporting abilities of the Resource Conservation and Recovery Information System (RCRIS). The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Conditionally exempt small quantity generators (CESQGs) generate less than 100 kg of hazardous waste, or less than 1 kg of acutely hazardous waste per month. Small quantity generators (SQGs) generate between 100 kg and 1,000 kg of hazardous waste per month. Large quantity generators generate over 1,000 kilograms (kg) of hazardous waste, or over 1 kg of acutely hazardous waste per month. Transporters are individuals or entities that move hazardous waste from the generator offsite to a facility that can recycle, treat, store, or dispose of the waste. TSDFs treat, store, or dispose of the waste.

A review on the RCRA-SQG list, as provided by EDR, and dated 06/13/2006 has revealed that there are 2 RCRA-SQG sites within approximately 0.25 miles of the target property.

INST CONTROL: Sites included in the Voluntary Cleanup Program Applicants/Participants listing that have Deed Restrictions.

A review of the INST CONTROL list, as provided by EDR, and dated 12/20/2006 has revealed that there is 1 INST CONTROL site within approximately 0.5 miles of the target property.

Equal/Higher Elevation | Address | Dist / Dir | Map ID | Page
---|---|---|---|---
SUGARLOAF SHOPPING CENTER | | 1/4 - 1/2E | 3 | 8

VCP: The Voluntary Cleanup Program, administered by the Dept. of the Environment, streamlines the environmental cleanup process for sites, usually industrial or commercial properties that are contaminated, or perceived to be contaminated, by hazardous substances. Developers and lenders are provided with certain limitations on liability and participants in the program are provided certainty in the process by knowing exactly what will be required.

A review of the VCP list, as provided by EDR, and dated 12/20/2006 has revealed that there is 1 VCP site within approximately 0.5 miles of the target property.

Other Pertinent Environmental Activity Identified at Site

MD-R CRA (Maryland - Resource Conservation And Recovery Act Information System) houses state information relating to the Resource Conservation and Recovery Act (RCRA).

RCRAinfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAinfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

FINDS:
Other Pertinent Environmental Activity Identified at Site

AFS (Aerometric Information Retrieval System (AIRS) Facility Subsystem) replaces the former Compliance Data System (CDS), the National Emission Data System (NEDS), and the Storage and Retrieval of Aerometric Data (SAROAD). AIRS is the national repository for information concerning airborne pollution in the United States. AFS is used to track emissions and compliance data from industrial plants. AFS data are utilized by states to prepare State Implementation Plans to comply with regulatory programs and by EPA as an input for the estimation of total national emissions. AFS is undergoing a major redesign to support facility operating permits required under Title V of the Clean Air Act.

MD-PEMIS (Maryland - Permanent (Air) Emission) database houses data related to Air Emissions. Also known to the EPA as National Emissions Inventory (NEI).

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

To maintain currency of the following federal and state databases, EDR contacts the appropriate governmental agency on a monthly or quarterly basis, as required.

**Number of Days to Update:** Provides confirmation that EDR is reporting records that have been updated within 90 days from the date the government agency made the information available to the public.

**FEDERAL RECORDS**

**NPL:** National Priority List

National Priorities List (Superfund). The NPL is a subset of CERCLIS and identifies over 1,200 sites for priority cleanup under the Superfund Program. NPL sites may encompass relatively large areas. As such, EDR provides polygon coverage for over 1,000 NPL site boundaries produced by EPA’s Environmental Photographic Interpretation Center (EPIC) and regional EPA offices.

- **Date of Government Version:** 01/25/2007
- **Date Data Arrived at EDR:** 01/31/2007
- **Data Made Active in Reports:** 03/12/2007
- **Number of Days to Update:** 40

**NPL Site Boundaries**

    - Telephone: 303-312-6774
  - **EPA Region 9**
    - Telephone: 415-947-4246

**Proposed NPL:** Proposed National Priority List Sites

A site that has been proposed for listing on the National Priorities List through the issuance of a proposed rule in the Federal Register. EPA then accepts public comments on the site, responds to the comments, and places on the NPL those sites that continue to meet the requirements for listing.

- **Date of Government Version:** 09/27/2006
- **Date Data Arrived at EDR:** 11/01/2006
- **Data Made Active in Reports:** 11/22/2006
- **Number of Days to Update:** 21

**DELISTED NPL:** National Priority List Deletions

The National Oil and Hazardous Substances Pollution Contingency Plan (NCP) establishes the criteria that the EPA uses to delete sites from the NPL. In accordance with 40 CFR 300.425(e), sites may be deleted from the NPL where no further response is appropriate.

- **Date of Government Version:** 12/28/2006
- **Date Data Arrived at EDR:** 01/31/2007
- **Data Made Active in Reports:** 03/12/2007
- **Number of Days to Update:** 40
### NPL RECOVERY: Federal Superfund Liens

Federal Superfund Liens. Under the authority granted the USEPA by CERCLA of 1980, the USEPA has the authority to file liens against real property in order to recover remedial action expenditures or when the property owner received notification of potential liability. USEPA compiles a listing of filed notices of Superfund Liens.

| Date of Government Version: | 10/15/1991 |
| Date Data Arrived at EDR: | 02/02/1994 |
| Date Made Active in Reports: | 03/30/1994 |
| Number of Days to Update: | 56 |

### CERCLIS: Comprehensive Environmental Response, Compensation, and Liability Information System

CERCLIS contains data on potentially hazardous waste sites that have been reported to the USEPA by states, municipalities, private companies and private persons, pursuant to Section 103 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA). CERCLIS contains sites which are either proposed to or on the National Priorities List (NPL) and sites which are in the screening and assessment phase for possible inclusion on the NPL.

| Date Data Arrived at EDR: | 12/19/2006 |
| Date Made Active in Reports: | 01/29/2007 |
| Number of Days to Update: | 41 |

### CERCLIS-NFRAP: CERCLIS No Further Remedial Action Planned

Archived sites are sites that have been removed and archived from the inventory of CERCLIS sites. Archived status indicates that, to the best of EPA's knowledge, assessment at a site has been completed and that EPA has determined no further steps will be taken to list this site on the National Priorities List (NPL), unless information indicates this decision was not appropriate or other considerations require a recommendation for listing at a later time.

This decision does not necessarily mean that there is no hazard associated with a given site; it only means that, based upon available information, the location is not judged to be a potential NPL site.

| Date of Government Version: | 12/20/2006 |
| Date Data Arrived at EDR: | 01/29/2007 |
| Date Made Active in Reports: | 02/27/2007 |
| Number of Days to Update: | 29 |

### CORRACTS: Corrective Action Report

CORRACTS identifies hazardous waste handlers with RCRA corrective action activity.

| Date of Government Version: | 01/04/2007 |
| Date Data Arrived at EDR: | 01/18/2007 |
| Date Made Active in Reports: | 02/27/2007 |
| Number of Days to Update: | 40 |

### RCRA: Resource Conservation and Recovery Act Information
RCRAlnfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. RCRAlnfo replaces the data recording and reporting abilities of the Resource Conservation and Recovery Information System (RCRIS). The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Conditionally exempt small quantity generators (CESQGs) generate less than 100 kg of hazardous waste, or less than 1 kg of acutely hazardous waste per month. Small quantity generators (SQGs) generate between 100 kg and 1,000 kg of hazardous waste per month. Large quantity generators (LQGs) generate over 1,000 kilograms (kg) of hazardous waste, or over 1 kg of acutely hazardous waste per month. Transporters are individuals or entities that move hazardous waste from the generator off-site to a facility that can recycle, treat, store, or dispose of the waste. TSDFs treat, store, or dispose of the waste.

Date of Government Version: 06/13/2006

**US BROWNFIELDS: A Listing of Brownfields Sites**
Included in the listing are brownfields properties addressed by Cooperative Agreement Recipients and brownfields properties addressed by Targeted Brownfields Assessments. Targeted Brownfields Assessments-EPA’s Targeted Brownfields Assessments (TBA) program is designed to help states, tribes, and municipalities—especially those without EPA Brownfields Assessment Demonstration Pilots—minimize the uncertainties of contamination often associated with brownfields. Under the TBA program, EPA provides funding and/or technical assistance for environmental assessments at brownfields sites throughout the country. Targeted Brownfields Assessments supplement and work with other efforts under EPA’s Brownfields Initiative to promote cleanup and redevelopment of brownfields. Cooperative Agreement Recipients-States, political subdivisions, territories, and Indian tribes become Brownfields Cleanup Revolving Loan Fund (BCRLF) cooperative agreement recipients when they enter into BCRLF cooperative agreements with the U.S. EPA. EPA selects BCRLF cooperative agreement recipients based on a proposal and application process. BCRLF cooperative agreement recipients must use EPA funds provided through BCRLF cooperative agreement for specified brownfields-related cleanup activities.

UMTRA: Uranium Mill Tailings Sites

Uranium ore was mined by private companies for federal government use in national defense programs. When the mills shut down, large piles of the sand-like material (mill tailings) remain after uranium has been extracted from the ore. Levels of human exposure to radioactive materials from the piles are low; however, in some cases tailings were used as construction materials before the potential health hazards of the tailings were recognized.

**GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING**

**SSTS: Section 7 Tracking Systems**
Section 7 of the Federal Insecticide, Fungicide and Rodenticide Act, as amended (92 Stat. 829) requires all registered pesticide-producing establishments to submit a report to the Environmental Protection Agency by March 1st each year. Each establishment must report the types and amounts of pesticides, active ingredients and devices being produced, and those having been produced and sold or distributed in the past year.

- **Date of Government Version:** 12/31/2004
- **Date Data Arrived at EDR:** 05/11/2006
- **Number of Days to Update:** 11

**ICIS: Integrated Compliance Information System**
The Integrated Compliance Information System (ICIS) supports the Information needs of the national enforcement and compliance program as well as the unique needs of the National Pollutant Discharge Elimination System (NPDES) program.

- **Date of Government Version:** 11/06/2006
- **Date Data Arrived at EDR:** 02/02/2007
- **Number of Days to Update:** 81

**LUCIS: Land Use Control Information System**
LUCIS contains records of land use control information pertaining to the former Navy Base Realignment and Closure properties.

- **Date of Government Version:** 12/09/2005
- **Date Data Arrived at EDR:** 12/11/2006
- **Number of Days to Update:** 31

**DOT OPS: Incident and Accident Data**
Department of Transportation, Office of Pipeline Safety Incident and Accident data.

- **Date of Government Version:** 02/14/2007
- **Date Data Arrived at EDR:** 02/28/2007
- **Number of Days to Update:** 41

**RADINFO: Radiation Information Database**
The Radiation Information Database (RADINFO) contains information about facilities that are regulated by U.S. Environmental Protection Agency (EPA) regulations for radiation and radioactivity.

- **Date of Government Version:** 01/30/2007
- **Date Data Arrived at EDR:** 01/31/2007
- **Number of Days to Update:** 27

**HIST FTTS: FIFRA/TSCA Tracking System Administrative Case Listing**
A complete administrative case listing from the FIFRA/TSCA Tracking System (FTTS) for all ten EPA regions. The Information was obtained from the National Compliance Database (NCDB). NCDB supports the implementation of FIFRA (Federal Insecticide, Fungicide, and Rodenticide Act) and TSCA (Toxic Substances Control Act). Some EPA regions are now closing out records. Because of that, and the fact that some EPA regions are not providing EPA Headquarters with updated records, it was decided to create a HIST FTTS database. It included records that may not be included in the newer FTTS database updates. This database is no longer updated.

RAATS: RCRA Administrative Action Tracking System  
RCRA Administration Action Tracking System. RAATS contains records based on enforcement actions issued under RCRA pertaining to major violators and includes administrative and civil actions brought by the EPA. For administration actions after September 30, 1995, data entry in the RAATS database was discontinued. EPA will retain a copy of the database for historical records. It was necessary to terminate RAATS because a decrease in agency resources made it impossible to continue to update the information contained in the database.  
Date of Government Version: 04/17/1995

STATE AND LOCAL RECORDS

SHWS: Notice of Potential Hazardous Waste Sites  
State Hazardous Waste Sites. State hazardous waste site records are the states' equivalent to CERCLIS. These sites may or may not already be listed on the federal CERCLIS list. Priority sites planned for cleanup using state funds (state equivalent of Superfund) are identified along with sites where cleanup will be paid for by potentially responsible parties. Available information varies by state.

SWFILF: Permitted Solid Waste Disposal Facilities  
Solid Waste Facilities/Landfill Sites. SWFILF type records typically contain an inventory of solid waste disposal facilities or landfills in a particular state. Depending on the state, these may be active or inactive facilities or open dumps that failed to meet RCRA Subtitle D Section 4004 criteria for solid waste landfills or disposal sites.

- Number of Days to Update: 29
- Date Release Frequency: Semi-Annually

Historical UST: Historical UST Registered Database
In 1997 the Department of the Environment sent out registration forms to all the owners listed in the UST database. Once they got the registration forms back they entered the information into a new UST database. We call this database UST. Because not all owners returned their forms, we kept the old UST database and labeled it HIST UST so that we would not be missing any past UST records. This listing is no longer updated or maintained by the agency. It is current through November 1996.

- Date of Government Version: 11/21/1996

VCP: Voluntary Cleanup Program Applicants/Participants
The Voluntary Cleanup Program, administered by the Dept. of the Environment, streamlines the environmental cleanup process for sites, usually industrial or commercial properties, that are contaminated, or perceived to be contaminated, by hazardous substances. Developers and lenders are provided with certain limitations on liability and participants in the program are provided certainty in the process by knowing exactly what will be required.

EDR PROPRIETARY RECORDS

Manufactured Gas Plants: EDR Proprietary Manufactured Gas Plants
The EDR Proprietary Manufactured Gas Plant Database includes records of coal gas plants (manufactured gas plants) compiled by EDR's researchers. Manufactured gas sites were used in the United States from the 1800's to 1950's to produce a gas that could be distributed and used as fuel. These plants used whale oil, rain, coal, or a mixture of coal, oil, and water that also produced a significant amount of waste. Many of the byproducts of the gas production, such as coal tar (oily waste containing volatile and non-volatile chemicals), sludges, oils and other compounds are potentially hazardous to human health and the environment. The byproduct from this process was frequently disposed of directly at the plant site and can remain or spread slowly, serving as a continuous source of soil and groundwater contamination.

OTHER DATABASE(S)

Depending on the geographic area covered by this report, the data provided in these specialty databases may or may not be complete. For example, the existence of wetlands information data in a specific report does not mean that all wetlands in the area covered by the report are included. Moreover, the absence of any reported wetlands information does not necessarily mean that wetlands do not exist in the area covered by the report.

CT MANIFEST: Hazardous Waste Manifest Data
Facility and manifest data. Manifest is a document that lists and tracks hazardous waste from the generator through transporters to a redistribution facility.

Oil/Gas Pipelines: This data was obtained by EDR from the USGS in 1994. It is referred to by USGS as GeoData Digital Line Graphs from 1:100,000-Scale Maps. It was extracted from the transportation category including some oil, but primarily gas pipelines.

Electric Power Transmission Line Data
Source: PennWell Corporation
Telephone: (800) 823-6277
This map includes information copyrighted by PennWell Corporation. This information is provided on a best effort basis and PennWell Corporation does not guarantee its accuracy nor warrant its fitness for any particular purpose. Such information has been reprinted with the permission of PennWell.

Sensitive Receptors: There are individuals deemed sensitive receptors due to their fragile immune systems and special sensitivity to environmental discharges. These sensitive receptors typically include the elderly, the sick, and children. While the location of all sensitive receptors cannot be determined, EDR indicates those buildings and facilities - schools, daycares, hospitals, medical centers, and nursing homes - where individuals who are sensitive receptors are likely to be located.

AHA Hospitals:
Source: American Hospital Association, Inc.
Telephone: 312-280-5991
The database includes a listing of hospitals based on the American Hospital Association's annual survey of hospitals.

Medical Centers: Provider of Services Listing
Source: Centers for Medicare & Medicaid Services
Telephone: 410-786-3000
A listing of hospitals with Medicare provider number, produced by Centers of Medicare & Medicaid Services, a federal agency within the U.S. Department of Health and Human Services.
Nursing Homes
Source: National Institutes of Health
Telephone: 301-694-6248

Re: Phase I ESA  
Ashmore at Germantown Condominiums  
Montgomery County  
Germantown, Maryland 20874

Dear Ms. Stephens:

Eco Dynamics Corporation (EDC) is performing an environmental site assessment of the above-referenced property, to fulfill due diligence requirements under Superfund.

This letter is a request for information or knowledge of recognized environmental conditions that could result in environmental impairment of the subject property.

This request is made under the Freedom of Information Act. Thank you for your cooperation.

Sincerely,

ECO DYNAMICS CORPORATION

John W. Mornini  
Division Manager

JWM/jhg
7. **Findings, Data Gaps, and Conclusions**

The subject site consists of ten residential condominium units at Ashmore at Germantown, owned by Fairfield Germantown Farms, L.P. The Ashmore at Germantown complex reportedly has 404 total units, and the interior of the following ten, one-bedroom, units were inspected as part of this Phase I ESA:

The property is listed in tax records as 4.93 acres, and each one-bedroom unit is approximately 630 s.f. in size. Tax records indicate that the complex was constructed in 2006. Each dwelling is heated with an electric forced air system. There is also natural gas service, which is used for the hot water tanks and the stoves. There were no aboveground storage tanks (ASTs) observed on site. There was no evidence of USTs observed, such as vent pipes or grade level openings. Based on the date of construction of the complex, there were no building materials observed which were suspected of being asbestos containing material (ACM).

Based on the date of construction of the complex, it is assumed that there is no Lead-based paint (LBP) on site, and no dust wipe samples were taken. According to the HUD “Guidelines For the Evaluation and Control of Lead-Based Paint Hazards in Housing”, lead was first regulated in residential paint in 1972, when it was reduced to 0.5 percent lead by dry weight. Lead was completely banned as a paint additive in 1978, meaning paint could contain no more than 0.06 percent lead by dry weight (Reich, 1992; Rabin, 1989).

There was no evidence discovered of past industrial use of the property. The adjoining property to the north of the complex is the Churchill Business Center, off Wisteria Drive. The adjoining property to the south is a Centex Homes condominium construction site. The adjoining property to the east is an open field, the remainder of the Martens property. The adjoining properties to the west, across Father Hurley Boulevard, are residential townhouses. Based on visual observation there were no adjoining properties observed which appear to pose an environmental risk to the subject property. The area is served by public water and sewer.

Data failure occurs when all of the reasonably ascertainable standard historical sources which are likely to be useful are reviewed and do not identify the uses of the property at five year intervals back to first use or 1940 (whichever is earlier). Data failure is not uncommon, and should be documented. If the data failure represents a significant data gap, the report shall comment on the impact of the data gap on the ability of the environmental professional to identify recognized environmental conditions. The standard historical sources did not identify uses of the property at five year intervals. This may be considered a data gap; however, it does not prevent the identification of recognized environmental conditions.

We have performed a Phase I ESA of the subject property in conformance with the scope and limitations of ASTM Practice E 1527-05. There was no evidence discovered of recognized environmental conditions in connection with the Ashmore at Germantown condominiums at...
Ashmore at Germantown Condominiums
PHASE I ENVIRONMENTAL SITE ASSESSMENT

1. Summary

Eco Dynamics Corporation (EDC) of Ellicott City, Maryland conducted a Phase I Environmental Site Assessment (ESA) of ten residential condominium units at the Ashmore at Germantown complex owned by Fairfield Germantown Farms, L.P. The ESA was performed using American Society for Testing and Materials (ASTM) Standard E 1527 - 05, entitled "Standard Practice for Environmental Site Assessments: Phase I Environmental Site Assessment Process." The site is located on the southeast side of Father Hurley Boulevard, southwest of Wisteria Drive, in Germantown, Maryland. The subject property was inspected by John Mornini, Division Manager, on April 12, 2007.

The Ashmore at Germantown complex reportedly has 404 total units, and the interior of the following ten, one-bedroom, units were inspected as part of this ESA:

The property is listed in tax records as 4.93 acres, and each one-bedroom unit is approximately 630 s.f. in size. Tax records indicate that the complex was constructed in 2006. Each dwelling is heated with an electric forced air system. There is also natural gas service, which is used for the hot water tanks and the stoves. There were no aboveground storage tanks (ASTs) observed on site. There was no evidence of USTs observed, such as vent pipes or grade level openings. Based on the date of construction of the complex, there were no building materials observed which were suspected of being asbestos containing material (ACM).

Based on the date of construction of the complex, it is assumed that there is no Lead-based paint (LBP) on site, and no dust wipe samples were taken. According to the HUD "Guidelines For the Evaluation and Control of Lead-Based Paint Hazards in Housing", lead was first regulated in residential paint in 1972, when it was reduced to 0.5 percent lead by dry weight. Lead was completely banned as a paint additive in 1978, meaning that paint could contain no more than 0.06 percent lead by dry weight (Reich, 1992; Rabin, 1989).

There was no evidence discovered of past industrial use of the property. The adjoining property to the north of the complex is the Churchill Business Center, off Wisteria Drive. The adjoining property to the south is a Centex Homes condominium construction site. The adjoining property to the east is an open field, the remainder of the Martens property. The adjoining properties to the west, across Father Hurley Boulevard, are residential townhouses. Based on visual observation there were no adjoining properties observed which appear to pose an environmental risk to the subject property. The area is served by public water and sewer. There was no evidence discovered of recognized environmental conditions in connection with the Ashmore at Germantown condominiums at

RE:  APPLICANT: Montgomery County Coalition for the Homeless
DUNSN

SITE ADDRESSES: All are at the New Ashmore Condo. Complex in
Germantown, MD 20874

Dear Mr. Little:

I am the Housing Consultant for the above referenced Applicant who is applying to the US Department of Housing & Urban Development (HUD) for Section 811 funding for Supportive Housing for Persons with Disabilities. HUD is requiring each Applicant to obtain a letter from your office indicating whether or not the proposed site(s) has any historical significance. Your letter must be included and submitted with the HUD Application. I would appreciate receiving your letter by April 25, 2007.

I have enclosed the following items for your review:

1. Location Maps.
2. Photographs of Exterior (Interior photos are included if the building is more than 50 years old).
3. Exhibit 1 - Application Form HUD 92016-CA (which provides a description of the project).

If you need anything in addition to the above, please contact me. We greatly appreciate your cooperation with the HUD requirements.

Sincerely,

Stephen N. Joy
Housing Consultant

The Maryland Historical Trust has determined that there are no historic properties affected by this undertaking.

EXHIBIT 5 - Supportive Services Plan
LEVERAGING RESOURCES
RATING FACTOR 4

Attached please find letter/s which illustrate our ability to secure other funding sources and community resources that can be combined with HUD’s program resources to achieve program purposes.

These letters contain written evidence of firm commitments towards the development and operation of the proposed project from other funding sources totaling over 25% of the capital advance amount of the proposed project.

Therefore, this project qualifies for 5 rating points in accordance with Federal Register, Vol. 72, No.48, Tuesday, March 13, 2007, page 11738, Rating Factor 4.f., a copy of which is attached to this statement.
Ms. Sharan London, Executive Director  
Montgomery County Coalition for the Homeless  
600B East Gude Drive  
Rockville, Maryland 20850  

Dear Ms. London:

The Department of Housing and Community Affairs reviewed your application for funding for an 811 project at the Ashmore at Germantown Condominiums. I am pleased to provide this commitment letter for a loan of up to $300,000 in permanent financing, as needed, for the Ashmore 811 project, contingent upon the following conditions:

- This commitment is to the Montgomery County Coalition for the Homeless, and can be transferred to one of the organization’s assigns.

- This loan will be secured by deeds of trust on the properties. The loan will bear no interest. This loan will mature in forty years, with no payments and no interest accruing. It is our intent that, as long as the same or similar population is being served throughout the term of the loan, any balance remaining on this loan will be forgiven at the end of the term.

- For a period of at least forty years, or as long as the Montgomery County Coalition for the Homeless or an affiliated entity owns the units, all of the units will be affordable to persons with special needs at or below forty percent of the area median income.

- If Montgomery County Coalition for the Homeless or an affiliated entity decides to sell any of the units, it must give the County the first opportunity to purchase the units.

- Once the property is occupied, and for the term of the loan, by July 30 of each year, you are to submit to the Division of Housing and Code Enforcement a report that includes information on the residents of each affordable unit, including household size and income.

- Montgomery County’s model lease and the HUD 811 model lease are to be the basis for the lease used at this property. A copy of the Montgomery County model lease can be obtained from the Office of Landlord-Tenant Affairs. You must submit the lease that you will use to this Department for approval.
To complete our loan processing, please instruct your attorney to prepare the necessary loan documents. Your attorney can contact [Name], Office of the County Attorney, at [Contact Information] to obtain sample loan documents.

Thank you for your interest in Montgomery County’s housing finance programs. We are looking forward to working with you as you develop this important housing resource. If you have any questions, please contact [Name], Multifamily Housing Loan Analyst, Multifamily Housing Program Section, at [Contact Information].

Sincerely,

RYN:mtb
affordable housing. (Note: This is an optional requirement, but to receive up to 2 points, the applicant must have submitted the Form HUD-27300, Questionnaire for HUD’s Initiative on Remortgage and Regulatory Barriers, AND provided some form of documentation where requested, including point of contact and URL references or submitted the required documentary evidence.) Refer to the General Section for further information.

k. (1 point) The extent to which you will promote energy efficiency in the design and operation of the proposed housing. (Note: Optional, but to receive the 1 point, the applicant must have adequately addressed their plans to promote energy efficiency in the design and operation of the proposed project.) Refer to Section III.C.4 of this NOPA.

l. (2 points). The extent to which you have described your plans for expanding economic opportunities for low and very low-income persons (provisions of Section 3). Note: This is an optional requirement, but to receive up to 2 points, the applicant must have adequately addressed the following in Exhibit 3(m) of the application. Refer to the General Section for further information.

1. (1 point). Provide opportunities to train and employ low and very low-income residents of the project area.

2. (1 point). Award substantial contracts to persons residing in the project area.

4. Rating Factor 4: Leveraging Resources (5 Points)

This factor addresses your ability to secure other funding sources and community resources that can be combined with HUD’s program resources to achieve program purposes. Submit information responding to this factor in accordance with Application Submission Requirements in Exhibits 3(a), 3(b), 3(c), 3(d), 3(e), and 3(f) of Section IV.B. of this NOPA.

a. (0 point). The application contains general support and/or written evidence of firm commitments towards the development and operation of the proposed project (including, financial assistance, donation of land, provision of services, etc.) from other funding sources (e.g., private, local community, and government sources) where the dollar value totals 5% or less of the capital advance amount as determined by HUD.

b. (1 point). The application contains written evidence of firm commitments towards the development and operation of the proposed project (including, financial assistance, donation of land, provision of services, etc.) from other funding sources (e.g., private, local community, and government sources) where the dollar value totals 5% or less of the capital advance amount as determined by HUD.

c. (2 points). The application contains written evidence of firm commitments towards the development and operation of the proposed project (including, financial assistance, donation of land, provision of services, etc.) from other funding sources (e.g., private, local community, and government sources) where the dollar value totals between 5% and 10% of the capital advance amount as determined by HUD.

d. (3 points). The application contains written evidence of firm commitments towards the development and operation of the proposed project (including, financial assistance, donation of land, provision of services, etc.) from other funding sources (e.g., private, local community, and government sources) where the dollar value totals between 16% and 20% of the capital advance amount as determined by HUD.

e. (4 points). The application contains written evidence of firm commitments towards the development and operation of the proposed project (including, financial assistance, donation of land, provision of services, etc.) from other funding sources (e.g., private, local community, and government sources) where the dollar value totals between 21% and 25% of the capital advance amount as determined by HUD.

f. (5 points). The application contains written evidence of firm commitments towards the development and operation of the proposed project (including, financial assistance, donation of land, provision of services, etc.) from other funding sources (e.g., private, local community, and government sources) where the dollar value totals over 25% of the capital advance amount as determined by HUD.

5. Rating Factor 5: Achieving Results and Program Evaluation (12 Points)

This factor reflects HUD’s goal to embrace high standards of ethics, management and accountability and, as such, emphasizes HUD’s commitment to ensuring that you keep the promises made in your application. This factor requires that you clearly identify the benefits or outcomes of your project and develop an evaluation plan to measure performance, which includes what you are going to measure, how you are going to measure it, and the steps you will have in place to make adjustments to your project development timeline should you not be able to achieve any of the major milestones. Completion of Exhibit 8(j), Program Outcome Logic Model (HUD-86010), will assist you in completing your response to this rating factor. This rating factor also addresses the extent to which your project will implement practical solutions that result in residents achieving independent living, economic empowerment, educational opportunities, and improved living environments. Finally, this factor addresses the extent to which the long-term viability of your project will be sustained for the duration of the 40-year capital advance period. Submit information responding to this factor in accordance with Application Submission Requirements in Exhibits 3(a), 3(b), 3(c), 3(d), 3(e), and 3(f) of Section IV.B. of this NOPA.

a. (5 points) The extent to which your project development timeline is indicative of your full understanding of the development process and will, therefore, result in the timely development of your project.

b. (3 points) The extent to which your past performance evidences that the proposed project will result in the timely development of the project.

c. (2 points) The extent to which your project will implement practical solutions that will result in assisting residents in achieving independent living, economic empowerment, educational opportunities, and improved living environments (e.g., activities that will improve computer access, literacy and employment opportunities).

d. (3 points) The extent to which your project will remain viable as housing with the availability of supportive services for very low income persons with disabilities for the 40-year capital advance period.

6. Bonus Points (2 bonus points)

Location of proposed site in an R/C EZ/EC-II area, as described in the General Section. Submit the information responding to the bonus points in accordance with the Application Submission Requirements in Exhibit 8(b) of Section IV.B. of this NOPA.

B. Reviews and Selection Process

1. Review for Curable Deficiencies.

Upon receipt of the application by HUD staff, HUD will screen all applications to determine if there are any curable deficiencies. For applicants receiving a waiver to submit a paper application, submitting fewer than the required original and four copies of the
Exhibit 5

Exhibit 5(a): Description of Occupancy

Population Served:
The sponsor anticipates that all units will be occupied by homeless persons with severe and persistent mental illness, including minorities with disabilities. All residents will be exiting homelessness. All residents will be 18 years of age and older. Residents may also have physical or developmental disabilities and/or chronic somatic health problems. Eligible individuals ready to live independently and meeting the HUD definition of chronically homeless will receive priority when filling vacant units.

All ten (10) units will provide permanent housing for a single person or a couple in an individual apartment in a condominium apartment building. Each unit is a one bedroom apartment with 556 square feet of interior space and a balcony. One unit is handicap accessible.

Consistent with the sponsor’s philosophy that community living should be fully integrated into the community, these ten units are distributed on four floors of four different buildings in the condominium complex. Units are indistinguishable from their neighbors in every way, and would have been offered on the market for sale at $199,900.

Referral and Admissions Process:

Referrals for tenancy at the Ashmore will be made by service providers in the community including members of the Adult Homeless Team Meeting. The Adult Homeless Team is a bi-monthly gathering of providers who work to facilitate movement for people experiencing homelessness through and out of the homeless system. The providers at the meeting include homeless emergency, transitional and permanent housing providers; behavioral and somatic health public and private service providers; providers from the disabilities community; and representatives of the criminal justice community. This pool of providers will make referrals of their clients for tenancy at the Ashmore.

MCCH clinical staff will do a preliminary phone screening of all applicants to ensure eligibility based on disability status (per 811 grant). After completion of a written application, the potential tenants will be interviewed by two clinical staff members who will use a objective rating scale to determine their readiness and appropriateness for this independent housing model. Based on scoring, MCCH will select the highest rated to be recommended for tenancy.
